On The Fringe Gays And Lesbians In Politics Hb:

On the Fringe David Morton Rayside,1998 This book is an assessment of the relevance of legislative politics for achieving gay and lesbian equality *Everyday Law for Gays and Lesbians* Anthony C. Infanti,2015-12-03 Mandatory reading for anyone who cares about lesbians and gay men Patricia A Cain Inez Mabie Professor of Law Santa Clara University *Everyday Law for Gays and Lesbians and Those Who Care about Them* accessibly explains the myriad ways the law applies to and affects lesbian and gay lives Written both concretely and clearly each chapter opens with a vivid story about actual experiences of lesbians and gay men and then uses those experiences as a springboard for discussing the law Using his personal and expert professional experience Anthony Infanti makes complicated legal issues approachable including marriage and its alternatives bias crimes the military education employment housing medical and tax planning and parenting Going beyond a mere summary of the law this book provides both legal and nonlegal strategies for coping with and effecting positive change in the law as it affects the lives of lesbians and gay men The book also contains an appendix with a list of useful resources for lesbians gay men and those who care about them *Dishonorable Passions* William N. Eskridge Jr.,2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in *Dishonorable Passions* there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America s emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation s sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court s decision in *Lawrence v Texas* 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover *Dishonorable Passions* reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate *Dishonorable Passions* is a must read for anyone interested in the history of sexuality and its regulation in the United States *Dishonorable Passions* William N. Eskridge,2008 A history of the government s regulation of sexual behavior traces the historical purposes behind the prohibition against sodomy in early America and continues with a discussion of how the law was referenced in different contexts in later years covering such topics as the McCarthy era the sexual revolution of the 1960s and the 2003 Supreme Court decision to decriminalize private sex between consenting adults 20 000 first printing *International Books in Print, 1995* Barbara Hopkinson,[Anonymus AC01401231],1995 **The Advocate** ,2004-09-28 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Encyclopedia of Social Work** ,1965 *Proud Heritage* Chuck Stewart,2014-12-16 This groundbreaking three

volume reference traces the roots and development of lesbian gay bisexual and transgender LGBT rights and issues in the United States from the pre colonial period to the present day With the social religious and political stigmas attached to alternative lifestyles throughout history most homosexuals bisexuals and transgender people lived covertly for much of if not all of their lives Likewise the narrative of our country excludes the contributions struggles and historical achievements of this group This revealing chronologically arranged reference work uncovers the rich story of the LGBT community in the United States and discusses the politics culture and issues affecting it since the early 17th century Author Chuck Stewart traces the evolution of LGBT issues as part of our nation s shared cultural past and modern day experience Volume 1 focuses on the origins of the movement with the founding of Jamestown in 1607 through the 1970s and the beginning of gay rights activism in the United States Volume 2 spans the 1980s and the AIDs pandemic through the present day issues of marriage equality Volume 3 gives a concise review of this society in each of the 50 states the District of Columbia and Puerto Rico
