Radical Desire:

Amorous Acts Frances L. Restuccia, 2006 *Amorous Acts* uses psychoanalytic concepts to show how queer theory is operating to put in place a non heterosexist social order

Stages of Desire Michael Kidd, 1999-07-01 Within the rich tradition of Spanish theater lies an unexplored dimension reflecting themes from classical mythology Through close readings of selected plays from early modern and twentieth century Spanish literature with plots or characters derived from the Greco Roman tradition Michael Kidd shows that the concept of desire plays a pivotal role in adapting myth to the stage in each of several historical periods In *Stages of Desire* Kidd offers a new way of looking at the theater in Spain Reviewing the work of playwrights from Juan del Encina to Luis Riaza he suggests that desire constitutes a central element in a large number of Greco Roman myths and shows how dramatists have exploited this to resituate ancient narratives within their own artistic and ideological horizons Among the works he analyzes are Timoneda's *Tragicomedia llamada Filomena* Castro's *Dido y Eneas* and Unamuno's *Fedra* Kidd explores how seventeenth century playwrights were constrained by the conventions of the newly formed national theater and how in the twentieth century mythological desire was exploited by playwrights engaged in upsetting the melodramatic conventions of the entrenched bourgeois theater He also examines the role of desire both in the demythification of prominent classical heroes during the Franco regime and in the cultural critique of institutionalized discrimination in the current democratic period *Stages of Desire* is an original and broad ranging study that highlights both change and continuity in Spanish theater By elegantly combining theory literary history and close textual analysis Kidd demonstrates both the resilience of Greco Roman myths and the continuing vitality of the Spanish stage

Mobile Desires Liz Montegary, Melissa Autumn White, 2016-04-29 This book combines mobilities research with feminist and queer studies offering new perspectives on mobility justice It foregrounds academic activist and artistic work revealing state sponsored strategies for managing the mobility of people as mechanisms for aligning erotic and political desires with capitalist and nationalist interests

The Black Register Tendayi Sithole, 2020-04-09 How can thinkers grapple with the question of the human when they have been dehumanized How can black thinkers confront and make sense of a world structured by antiblackness a world that militates against the very existence of blacks These are the questions that guide Tendayi Sithole's brilliant analyses of the work of Sylvia Wynter Aim C saire Steve Biko Assata Shakur George Jackson Mabogo P More and a critique of Giorgio Agamben Through his careful interrogation of their writings Sithole shows how the black register represents a uniquely critical perspective from which to confront worlds that are systematically structured to dehumanize The black register is the ways of thinking knowing and doing that emerge from existential struggles against antiblackness and that dwell in the lived experience of being black in an antiblack world The black register is the force of critique that comes from thinkers who are dehumanized and who in turn question define and analyze the reality that they are in in order to reframe it and unmask the forces that inform subjection This book redefines the arc of critical black thought over the last

seventy five years and it will be an indispensable text for anyone concerned with the deep and enduring ways in which race structures our world and our thought

Bad Education Lee Edelman, 2022-12-05 Long awaited after *No Future* and making queer theory controversial again Lee Edelman's *Bad Education* proposes a queerness without positive identity a queerness understood as a figural name for the void itself unnamable around which the social order takes shape Like Blackness woman incest and sex queerness as Edelman explains it designates the antagonism the structuring negativity preventing that order from achieving coherence But when certain types of persons get read as literalizing queerness the negation of their negativity can seem to resolve the social antagonism and totalize community By translating the nothing of queerness into the something of the queer the order of meaning defends against the senselessness that undoes it thus mirroring Edelman argues education's response to queerness its sublimation of irony into the meaningfulness of a world Putting queerness in relation to Lacan's *ab sens* and in dialogue with feminist and Afropessimist thought Edelman reads works by Shakespeare Jacobs Almod var Lemmons and Haneke among others to show why queer theory's engagement with queerness necessarily results in a bad education that is destined to teach us nothing

The Lacanian Left Yannis Stavrakakis, 2007-08-09 In recent years psychoanalysis especially Lacanian theory has been gradually acknowledged as a vital resource in the ongoing reorientation of contemporary political theory and analysis Of particular note is that the work of Jacques Lacan is increasingly being used by major political philosophers associated with the Left This indicates the dynamic emergence of a new theoretico political horizon that of the Lacanian Left However this field has yet to be properly conceived as a field and this is the first book to bring it into academic consciousness and to systematically draw its implications for concrete political analysis This book offers an accessible mapping of its main contours a detailed examination of the convergences and divergences between the major figures active within or at the periphery of this terrain including Slavoj i ek Ernesto Laclau Alain Badiou and Cornelius

Castoriadis and a critical evaluation of their respective arguments on social construction and the political affectivity and discourse ethics and social change and negativity and positivity Engaging with the role of affect and emotion in political life through the central Lacanian notion of enjoyment The Lacanian Left puts forward innovative analyses of political power and authority nationalism European identity consumerism and advertising culture and de democratization and post democracy It will be of value to everyone interested in exploring the potential of psychoanalysis in reinvigorating political theory critical political analysis and democratic politics **Global Justice and Desire** Nikita Dhawan,Antke Engel,Christoph

Holzhey,Volker Woltersdorff,2015-05-15 Employing feminist queer and postcolonial perspectives Global Justice and Desire addresses economy as a key ingredient in the dynamic interplay between modes of subjectivity signification and governance Bringing together a range of international contributors the book proposes that both analyzing justice through the lens of desire and considering desire through the lens of justice are vital for exploring economic processes A variety of approaches for capturing the complex and dynamic interplay of justice and desire in socioeconomic processes are taken up But acknowledging a complexity of forces and relations of power domination and violence sometimes cohering and sometimes contradictory it is the relationship between hierarchical gender arrangements relations of exploitation and their colonial histories that is stressed Therefore queer feminist and postcolonial perspectives intersect as Global Justice and Desire explores their capacity to contribute to more just and more desirable economies *Constructing Reality in Comparative Theology* Paul S Chung,2023-01-01 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom Many traditional churches and congregations are struggling a condition worsened by the COVID 19 pandemic regulations As the practice of churchgoing wanes the performance of the sacrament is called into question How can we bring the traditional communal experience of sacrament into the modern world

Communist Study Derek R. Ford,2022-01-14 In the second edition of this groundbreaking work Derek R Ford contends that radical politics needs educational theory posing a series of educational questions pertinent

to revolutionary movements How can pedagogy bridge the gap between what is and what can be while respecting the gap and its uncertainty and contingency How can pedagogy accommodate ambiguity while remaining faithful to the communist project In answering these questions Ford develops a dynamic pedagogical constellation that radically opens up what education is and what it can mean for revolutionary struggle In charting this constellation Ford takes the reader on a journey that traverses disciplinary boundaries innovatively reading theorists as diverse as Lenin Agamben Marx Lyotard Althusser and Butler Demonstrating how learning underpins capitalism and democracy Ford articulates a theory of communist study as an alternative and oppositional logic that perhaps paradoxically demands the revolutionary reclamation of testing Poetic performative and provocative Communist Study is oriented toward what Ford calls the sublime feeling of being in common which as he insists is always a commonness against

Woman in Lars von Trier's Cinema, 1996-2014 Ahmed Elbeshlawy, 2016-10-11 This book discusses the figure of Woman in Lars von Trier's distinctive cinematic productions from 1996 to 2014 It takes the notorious legacy of violence against women in von Trier's cinema beyond the perceived gender division elevating the director's image above being a mere provocateur By raising fundamental questions about woman sexuality and desire Elbeshlawy shows that Trier's cinematic Woman is an attempt at creating an image of a genderless subject that is not inhibited by the confines of ideology and culture But this attempt is perennially ill fated And it is this failure that not only fosters viewing enjoyment but also gives the films their political importance elevating them above both commendations and condemnations of feminist discourse
