Performing Identities GeoffreyV. Davis,2017-07-05 *Performing Identities* brings together essays by scholars artists and activists engaged in understanding and conserving rapidly disappearing local knowledge forms of indigenous communities across continents It depicts the imaginative transactions evident in the interface of identity and cultural transformation raising the issue of cultural rights of these otherwise marginalized communities Brian Honyouti Zena Pearlstone,2018-05-17 Although Hopi carver Brian Honyouti 1947 2016 was deeply embedded in his culture and produced ritual artworks throughout his life he nevertheless also created unique commercial artworks The latter the focus of this volume increasingly diverged from the world view embodied in Hopi art ceremony and philosophy to become a new form of

storytelling While it is unlikely that anyone familiar with Hopi carvings dolls would look to Honyoutis artworks expecting to unearth political social or environmental truths and circumstances these are nonetheless the messages he determined to convey In Brian Honyouti Hopi Carver art historian Zena Pearlstone explores the ideas Honyouti sought to communicate through his work She examines as well how he transmitted them by turning a traditional art form the carved representations of katsinas into a modernistic critique of local Native American and global concerns It is as a result of these universal implications that Honyoutis art will endure Because Honyoutis attachment to Hopi culture was so profound he veiled his critical reflections with humor and imagination to avoid exposing too much to public scrutiny Feeling that there should be a public record of his intentions however he set aside many of his self imposed limitations when he agreed to collaborate with Pearlstone It was his hope that having made his intentions public for the first time his work would be seen as a window into Hopi life as well as a reflection of contemporary mainstream American society *Culture and Development in Africa and the Diaspora* Ahmad Shehu Abdussalam,Ibigbolade Simon Aderibigbe,Sola Timothy Babatunde,Olutola Opeyemi

Karen Duffek,Charlotte Townsend-Gault,2008-09-01 A fresh perspective from Haida leaders art and cultural historians anthropologists and artists on the lasting legacy of the famed Haida artist Bill Reid *The Rhizomatic West* Neil Campbell,2008-12-01 Is the American West in Sergio Leone s spaghetti westerns the same American West we find in Douglas Coupland s *Generation X* In Jim Jarmusch s movies In Calexico s music Or is the American West as this book tells us a

constantly moving mutating idea within a complex global culture And what precisely or better yet imprecisely does it mean Using Gilles Deleuze and Félix Guattari's concept of the rhizome Neil Campbell shows how the West or west ness continually breaks away from a mainstream notion of American rootedness and renews and transforms itself in various cultural forms A region long traversed by various transient peoples from tribes and conquerors to immigrants traders and trappers the West reflects a mythic quest for settlement permanence and synthesis even notions of a national or global identity at odds with its rootless history culture and nature Crossing the concept of roots with routes this book shows how notions of the West in representations ranging from literature and film to photography music and architectural theory give expression to ideas about identity nationhood and belonging in a world increasingly defined by movement across time and borders The Rhizomatic West offers a new vision of the American West as a hybrid performative space a staging place for myriad intersecting and constantly changing identities
