Gehl,Michael E. Porter,2020-06-23 Leading political innovation activist Katherine Gehl and world renowned business strategist Michael Porter bring fresh perspective deep scholarship and a real and actionable solution Final Five Voting to the grand challenge of our broken political and democratic system Final Five Voting has already been adopted in Alaska and is being advanced in states across the country The truth is the American political system is working exactly how it is designed to work and it isn't designed or optimized today to work for us for ordinary citizens Most people believe that our political system is a public institution with high minded principles and impartial rules derived from the Constitution In reality it has become a private industry dominated by a textbook duopoly the Democrats and the Republicans and plagued and perverted by unhealthy competition between the players Tragically it has therefore become incapable of delivering solutions to America's key economic and social challenges In fact there's virtually no connection between our political leaders solving problems and getting reelected In The Politics Industry business leader and path breaking political innovator Katherine Gehl and world renowned business strategist Michael Porter take a radical new approach They ingeniously apply the tools of business analysis and Porter's distinctive Five Forces framework to show how the political system functions just as every other competitive industry does and how the duopoly has led to the devastating outcomes we see today Using this competition lens Gehl and Porter identify the most powerful lever for change a strategy comprised of a clear set of choices in two key areas how our elections work and how we make our laws Their bracing assessment and practical recommendations cut through the endless debate about various proposed fixes such as term limits and campaign finance reform The result true political innovation The Politics Industry is an original and completely nonpartisan guide that will open your eyes to the true dynamics

Get Goodness Michael Hickey, Mike Hickey,2011-06-16 From the preface This book looks at virtue as the power to do good from the

theological philosophical and poetic perspective From a theological perspective Long ago Anselm defined theology as faith seeking understanding f 1 a definition which has endured to the present day It would be difficult if not impossible for anyone to try to understand virtue or goodness without looking through some lens of faith Get Goodness was written in part because my own faith was seeking understanding Second this book will look at virtue and goodness from a philosophical perspective because the word philosophy from the Greek philos sophia means love of wisdom f 2 As we will find in this book the virtue of love has been understood by most theologians and philosophers before me to be the essence of each and every virtue Therefore we must first love wisdom before we are able to practically discern distinguish deliberate and decide prudently in any effort to understand how virtue is the power to do good Third this book will be suffused with poetry because poetry is a language that goes beyond logic thought and reason It is a language of the spirit and a language of human life love observation and experience Any poem is an attempt to try to understand the experience of the world and the universe around us in spiritual terms None of us should be seeking virtuous perfection in orienting ourselves to the good in this life we should only be seeking change The journey is the goal
