## **Restorative Justice And Family Violence:**

*Restorative Justice for Domestic Violence Victims* Marilyn Fernandez, 2010-06-02 *Restorative Justice for Domestic Violence Victims* uses a rich and detailed set of interviews and complementary survey data to make a strong case for introducing restorative justice principles into the existing menu of services for victims of domestic violence. Guided primarily by concerns of victim safety, domestic violence theorists and practitioners have been wary of introducing restorative justice principled programs in the domestic violence arena. While remaining cognizant of safety concerns, Marilyn Fernandez weaves together the theories, concepts and research in the restorative justice and domestic violence traditions and uses the voices of domestic violence victims to make a case for restorative justice programs. In the process, Fernandez helps readers, academicians, students and practitioners understand the complex nature of domestic violence and the lives of its victims.

*Restorative Justice and Family Violence* Joan Pennell, 2025-09-25 By engaging families in taking charge of their affairs, restorative justice can reverse family violence. But the expansion of restorative programming into family violence is stymied by fears of setting family members at risk and heightening agency liability if harm results. How does this anthology counter these fears? In response, it provides two decades of studies documenting successes of a restorative approach with gendered and intergenerational violence. It offers feminist frameworks to explain how these successes are achieved. And finally, the author turns to cultural and religious messages from her own upbringing as a Quaker Religious Society of Friends to explain why a restorative approach makes lasting and just peace in homes. The aim is to encourage others to identify such principles in their own backgrounds to safely and confidently expand the use of restorative programming to safeguard children and adults in the home.

**A Restorative Approach to Family Violence** Professor Allison Morris, Dr Venezia Kingi, Professor Loraine Gelsthorpe, Dr Anne Hayden, 2014-06-28 This volume provides an essential update on current thinking, practice and research into the use of restorative justice in the area of family violence. It contains contemporary empirical, theoretical and practical perspectives on the use of restorative justice for intimate partner and family violence, including sexual violence and elder abuse. Whilst raising issues relating to the implications of reporting, it provides a fresh look at victims' issues as well as providing accounts of those who have participated in restorative justice processes and who have been victims of abusive relationships.

*A Restorative Approach to Family Violence* Joan Pennell, 2022-07-08 *A Restorative Approach to Family Violence* looks back at an early and successful demonstration of a family and culturally based model to stop severe family violence. This conferencing model, called family group decision making, was applied by three diverse Canadian communities: Inuit, rural and urban, to the benefit of child and adult family members. Narrative inquiry identifies how engaging the family and relatives resets the narrative from misrecognition to recognition of their competence and caring. Family violence poses some of the most long-term and controversial questions in restorative justice: Should we use a restorative approach to stop gendered and intergenerational harm? Or will bringing together those who have been harmed, those causing harm and their

supporters only incite more violence Underlying these questions is a profound distrust of families and their cultural networks This distrust has stalled turning away from carceral interventions that particularly harm minoritized communities Moving forward in time the volume identifies blocks to trusting families and their cultural networks and means of circumventing these blocks The book offers a theory of feminist kin making to comprehend the restorative process and gives practical guidance to restorative participants practitioners policy makers and researchers Restorative Justice and Family Violence Heather Strang, John Braithwaite, 2002-07-08 This 2002 book addresses one of the most controversial topics in restorative justice its potential for dealing with conflicts within families Most restorative justice programs specifically exclude family violence as an appropriate offence to be dealt with this way This book focuses on the issues in family violence that may warrant special caution about restorative justice in particular feminist and indigenous concerns At the same time it looks for ways of designing a place for restorative interventions that respond to these concerns Further it asks whether there are ways that restorative processes can contribute to reducing and preventing family violence to healing its survivors and to confronting the wellsprings of this violence The book discusses the shortcomings of the present criminal justice response to family violence It suggests that these shortcomings require us to explore other ways of addressing this apparently intractable problem **Restorative Justice and Violence Against Women** James Ptacek, 2009-11-16 Controversial and forward thinking this volume presents a much needed analysis of restorative justice practices in cases of violence against women Advocates community activists and scholars will find the theoretical perspectives and vivid case descriptions presented here to be invaluable tools for creating new ways for abused women to find justice *A Restorative Approach to Family Violence* Anne Hayden, Loraine Gelsthorpe, Allison Morris, 2016-03-16 This volume provides an essential update on current thinking practice and research into the use of restorative justice in the area of family violence It contains contemporary empirical theoretical and practical perspectives on the use of restorative justice for intimate partner and family violence including sexual violence and elder abuse Whilst raising issues relating to the implications of reporting it provides a fresh look at victims issues as well as providing accounts of those who have participated in restorative justice processes and who have been victims of abusive relationships Contributions are included from a wide range of perspectives to provide a balanced approach that is not simply polemic or advocating Rather the book genuinely raises the issue for debate with the advantage of bringing into the open new research which has not been widely published previously Given its unique experience in the development of restorative justice the book includes empirical studies relating to New Zealand contextualized within the global situation by the inclusion of perspectives on practices in the UK Australia and North America This book will be key reading for people who work with violent offending of a family nature as well as for those who are interested in the study of family violence **Restorative Justice for Domestic Violence Victims** Marilyn Fernandez, 2010-06-02 Restorative Justice for Domestic Violence Victims uses a rich and detailed set of interviews and complementary survey data to make a strong

case for introducing restorative justice principles into the existing menu of services for victims of domestic violence Guided primarily by concerns of victim safety domestic violence theorists and practitioners have been wary of introducing restorative justice principled programs in the domestic violence arena While remaining cognizant of safety concerns Marilyn Fernandez weaves together the theories concepts and research in the restorative justice and domestic violence traditions and uses the voices of domestic violence victims to make a case for restorative justice programs In the process Fernandez helps readers academicians students and practitioners understand the complex nature of domestic violence and the lives of its victims

**Criminalizing Intimate Image Abuse** Gian Marco Caletti, Kolis Summerer, 2024-01-12 Intimate image abuse is a recent endemic phenomenon which raises multiple legal issues and presents a significant challenge for the traditional institutions of law and criminal justice The nature of this phenomenon requires considering the traditional complexities of regulating privacy sexual offences and cybercrimes alongside the social and cultural issue of what may be considered intimate private or indeed sexual Since the harm experienced by victims of intimate image abuse is particularly serious and involves disparate legal interests criminal law has been invoked as one of the solutions but it is unclear what its role and limits should be The law s approach should avoid any moralistic attitude trying to achieve a balance between sexual autonomy and the protection of sexual privacy At the same time the needs of criminalization must be balanced with the traditional principles of criminal law Criminalizing Intimate Image Abuse strives primarily to generate new conceptual and theoretical frameworks to address the legal responses to this phenomenon by bringing together a number of scholars involved in the study of intimate image abuse over recent years This volume compares the solutions developed in different legal systems The perspective is mainly focused on the comparison between the Anglo American criminalization model and that of continental Europe but there are also overviews of the criminalization trends in Asian and Latin American countries Once the criminalization of intimate image abuse as well as its theoretical and practical limits have been established the analysis focuses on possible new legal strategies complementary or alternative to traditional criminal justice such as restorative justice Finally in order to achieve an effective safeguard for victim survivors the book deals with the role of Internet Service Providers and bystanders in preventing intimate image abuse
