Resurrected Holmes:

The Resurrected Holmes Marvin Kaye, 1996 A new collection of adventures and mystery stories featuring Sherlock Holmes encompasses fifteen tales by Morgan Llywelyn Mike Resnick Craig Shaw Gardner and others *Alexius Meinong, The Shepherd of Non-Being* Dale Jacquette, 2015-07-13 This book explores the thought of Alexius Meinong a philosopher known for his unconventional theory of reference and predication The chapters cover a natural progression of topics beginning with the origins of Gegenstandstheorie Meinong's theory of objects and his discovery of assumptions as a fourth category of mental states to supplement his teacher Franz Brentano's references to presentations feelings and judgments The chapters explore further the meaning and metaphysics of fictional and other nonexistent intended objects fine points in Meinongian object theory are considered and new and previously unanticipated problems are addressed The author traces being and non being and aspects of beingless objects including objects in fiction ideal objects in scientific theory objects ostensibly referred to in false science and false history and intentional imaginative projection of future states of affairs The chapters focus on an essential choice of conceptual logical semantic ontic and more generally metaphysical problems and an argument is progressively developed from the first to the final chapter as key ideas are introduced and refined Meinong studies have come a long way from Bertrand Russell's off target criticisms and recent times have seen a rise of interest in a Meinongian approach to logic and the theory of meaning New thinkers see Meinong as a bridge figure between analytic and continental thought thanks to the need for an adequate semantics of meaning in philosophy of language and philosophy of mind making this book a particularly timely publication *Now a Terrifying Motion Picture!* James F. Broderick, 2014-01-10 This work explores the relationship between twenty five enduring works of horror literature and the classic films that have been adapted from them Each chapter delves into the historical and cultural background of a particular type of horror hauntings zombies aliens and more and provides an overview of a specific work's critical and popular reception Among the print to film titles discussed are Frankenstein Dracula Doctor Jekyll and Mr Hyde The Masque of the Red Death The Hound of the Baskervilles The Phantom of the Opera Psycho The Exorcist and The Shining **The Confidential Casebook of Sherlock Holmes** Marvin Kaye, 1997-12-15 This long awaited volume finally brings to light several cases of the world's most famous consulting detective that were originally suppressed to avoid scandal and embarrassment to the Crown public figures or to Holmes himself Now the truth is finally revealed regarding Holmes's exploits involving the Titanic his rematch with Irene Adler the childhoods of both Holmes and Watson and such figures as Ida Tarbell P G Wodehouse and James McNeil Whistler The Confidential Casebook of Sherlock Holmes is a cornucopia of Sherlockiana that will delight fans young and no so young **Second Takes** Carolyn Jess-Cooke, Constantine Verevis, 2012-02-01 Sequels serials and remakes have been a staple of cinema since the very beginning and recent years have seen the emergence of dynamic and progressive variations of these multi film franchises Taking a broad range of sequels as case studies from the Godfather movies to the Pirates of the

Caribbean franchise *Second Takes* confronts the complications posed by film sequels and their aftermaths proposing new critical approaches to what has become a dominant industrial mode of Hollywood cinema The contributors explore the sequel's investments in repetition difference continuation and retroactivity and particularly those attitudes and approaches toward the sequel that hold it up as a kind of figurehead of Hollywood's commercial imperatives An invaluable resource to the film student critic and fan *Second Takes* offers new ways of looking at the film sequel's industrial aesthetic cultural political and theoretical contexts

Maps and Legends Michael Chabon, 2011-12-20 The Pulitzer Prize winner explores the literary joys of sci fi and superheroes gumshoes and goblins and the stories that bring us together I read for entertainment and I write to entertain Period Such is the manifesto of Michael Chabon an author of indisputable literary renown who maintains a fierce appreciation of the seductive arts of so called genre fiction In this lively collection of sixteen critical and personal essays the author of *The Amazing Adventures of Kavalier & Clay* champions the cause of westerns horror and all the stories comics and pulp fiction that get pushed aside when literary discussion turns serious Whether he's taking up Superman or Sherlock Holmes Poe or Proust Chabon makes it his emphatic mission to explore the reasons we tell one another tales Throughout Chabon reveals his own blooming as a writer from *The Mysteries of Pittsburgh* to *The Yiddish Policemen's Union* He is living proof of his theory that the stories that give us great pleasure are in many ways our truest best art the building blocks of our shared imagination and in *Maps and Legends* he makes an inviting case for bridging the gap between popular and literary writing

Instructors considering this book for use in a course may request an examination copy here **Lord Dunsany** S. T. Joshi, Darrell

Schweitzer, 2013-12-13 Anglo Irish writer Lord Dunsany 1878-1957 was a pioneering writer in the genre of fantasy literature and the author of such celebrated works as *The Book of Wonder* 1912 and *The King of Elfland's Daughter* 1924. Over the course of a career that spanned more than five decades Dunsany wrote thousands of stories, plays, novels, essays, poems, and reviews, and his work was translated into more than a dozen languages. Today Dunsany's work is experiencing a renaissance as many of his earlier works have been reprinted and much attention has been paid to his place in the history of fantasy and supernatural literature. This bibliography is a revision of the landmark volume published in 1993 which first charted the full scope of Dunsany's writing. This new edition not only brings the bibliography up to date, listing the dozens of new editions of Dunsany's work that have appeared in the last two decades, and the wealth of criticism that has been written about him, but also records many obscure publications in Dunsany's lifetime that have not been previously known or identified. In all, the bibliography has been expanded by at least thirty percent. Among this new material are dozens of uncollected short stories, newspaper articles, and poems, and many books, essays, and reviews of Dunsany's work published over the past century. Altogether, this bibliography is the definitive listing of works by and about Dunsany and will be the foundation of Dunsany studies for many years to come. *Critical Art Pedagogy* Richard Cary, 2012-11-12 First published in 1998, this work identifies the possibilities, concepts, needs, and strategies for radical reform of traditional art education by resituating it within the postmodern paradigm. It advocates continued research to inform theory and practice in art education, providing detailed summaries of new methodologies such as semiotics and deconstruction. It is clearly sectioned and easy to use, which provides an ideal foundation for postmodern art education. **Historical Dictionary of Crime Films** Geoff Mayer, 2012-09-13 The

crime film genre consists of detective films, gangster films, suspense thrillers, film noir, and caper films, and is produced throughout the world. Crime film was there at the birth of cinema, and it has accompanied cinema over more than a century of history, passing from silent films to talkies, from black and white to color. The genre includes such classics as *The Maltese Falcon*, *The Godfather*, *Gaslight*, *The French Connection*, and *Serpico*, as well as more recent successes like *Seven*, *Drive*, and *L.A. Confidential*. The *Historical Dictionary of Crime Films* covers the history of this genre through a chronology, an introductory essay, and an extensive bibliography.
