Rethinking Congregational Development George E. Morris, 1984      **Reckoning Methodism** Darryl W.

Stephens, 2024-03-29 *Reckoning Methodism* addresses the brokenness of The United Methodist Church UMC in the United States. Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination. Demographic shifts, racism, and imperialism are heavily implicated in the current state of division. What then is the true nature and mission of this church? The UMC is the public church divided. Distinct missional theologies arise from competing commitments and priorities. When Methodist programmatic initiatives such as vital congregations, environmental witness, and volunteers in mission fail to account for these differences, denominational unity is weakened. Constructively, this book seeks historical clarity, collective repentance, charismatic learning, and institutional courage as United Methodists reckon with inherited animosities and divisions. This book provides no answers or programmatic fixes. Rather, it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith. *Reckoning with the public church divided* we glimpse the nature and mission of the church not only as it has been but also as it could be.      **The**

**Business of God** Sheryl Johnson, Dannis Matteson, 2025-08-14. The theoretical framework of the Industrial Complex explores how institutions established with a purpose external to themselves can become focused on their own self-perpetuation, pursuing power, growth, and profits in ways that may well contradict and undermine that original purpose. Much theorizing has engaged issues such as the military, healthcare, and prison industrial complexes. This book explores the framework of the Industrial Complex in relation to churches. How do churches intended to in part worship God, preach the gospel, nurture discipleship, and serve those in need become focused on factors such as profit, accumulation, limitless growth, and expansion? Consolidation of power. How do systems like colonialism, capitalism, white supremacy, and patriarchy play a contributing role to these phenomena? What are the impacts of the Church Industrial Complex on various facets of church life and parties involved and impacted? Finally, what can be done to resist these temptations, and where are the corners of the church that have and continue to witness to an alternate approach? This accessible book is designed for anyone who is concerned about these questions: church leaders and members, theological students, and anyone who is curious about the dynamics at play in contemporary church life.      *International Mission Bibliography* Norman E. Thomas, 2003-10-16. This massive reference is

the key to finding the most important works on missiology published from 1960-2000. Representing the research of more than 30 sub-editors in mission-related disciplines including history, theology, social aspects, education, evangelism, spirituality, and political life, and includes sections on Africa, the Americas, Asia, Europe, and Oceania. Complete publication details and ISBNs are given for each entry.      **The Meaning of the Warmed Heart** Donald English, 1987. Everyone knows that Jesus had twelve extraordinary disciples, but Donald English introduces us to thirteen extraordinary and inspiring disciples like you and me in Bible studies from the Gospels and Acts. For each disciple, Dr. English writes directly to the lay person and answers

simple questions about character and behavior about how the person became a disciple and about the insights into our conversion which emerge from the story Some stories are related to Wesley s experience of the warmed heart at Aldersgate while other studies feature the experiences of other Methodists in history     *Directory of Published Proceedings* ,1990

Jones,2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one s overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God s love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God     *The Impact of Church Consultancy* Ian G. Duncum,2019-01-14 This book follows the journey of ten churches who underwent church consultancies and explores in depth both the consultancy and its outcomes Pre consultancy and post consultancy snapshots four to five years apart of vitality indicators and attendance figures using National Church Life Survey and other data are used to compare these with churches that have not undertaken church consultancies Theologies of church consultancy church health and church growth are also developed and examined intersecting with a wide body of literature including contemporary ecclesiologies Consultancy outcomes are examined in detail This includes interviews with pastors of some of those churches reflecting on their perceptions of whether and how the church consultancy impacted the health and growth of their church Conclusions are drawn about the efficacy of church consultancy in influencing the health and growth of churches as well as contexts for the best use of church consultancy This is a significant book for denominational leaders theological lecturers pastors and church leaders as they encounter lack of health in churches and seek ways forward for greater health and impact in their local communities     □□□□□□□□□□ Frank Joseph Shulman,Anna See Ping Leon

Allen,John S. McClure,O. Wesley Allen Jr.,2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church s life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the church as community of conversation and the minister as conversation leader

Van Engen,1991-09 A world claiming theology of the church draws on ancient and modern thoughts The author focuses on how the church can grow to become in reality God s missionary people     Servantship Graham Joseph Hill,2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship Servantship is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory Servantship recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be
