Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound s slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both **The Futurist Files**

Iva Glisic, 2018-10-26 Futurism was Russia s first avant garde movement Gatecrashing the Russian public sphere in the early twentieth century the movement called for the destruction of everything old so that the past could not hinder the creation of a new modern society Over the next two decades the protagonists of Russian Futurism pursued their goal of modernizing human experience through radical art The success of this mission has long been the subject of scholarly debate Critics have often characterized Russian Futurism as an expression of utopian daydreaming by young artists who were unrealistic in their visions of Soviet society and naïve in their comprehension of the Bolshevik political agenda By tracing the political and ideological evolution of Russian Futurism between 1905 and 1930 Iva Glisic challenges this view demonstrating that Futurism took a calculated and systematic approach to its contemporary socio political reality This approach ultimately allowed Russia s Futurists to devise a unique artistic practice that would later become an integral element of the distinctly Soviet cultural paradigm Drawing upon a unique combination of archival materials and employing a theoretical framework inspired by the works of philosophers such as Lewis Mumford Karl Mannheim Ernst Bloch Fred Polak and Slavoj i ek The Futurist Files presents Futurists not as blinded idealists but rather as active and judicious participants in the larger project of

building a modern Soviet consciousness This fascinating study ultimately stands as a reminder that while radical ideas are often dismissed as utopian and impossible they did and can have a critical role in driving social change It will be of interest to art historians cultural historians and scholars and students of Russian history *Russian Modernism* Jean-Louis Cohen, David Woodruff, Ljiljana Grubisic, 1997 This comprehensive bibliography of the Russian Modernist holdings of the Getty Research Institute for the History of Art and the Humanities comprises both published and unpublished material dating from approximately 1905 to 1941 an era that saw unprecedented political change and an explosion of new artistic strategies The Research Institute's holdings include Russian and foreign language translations of Russian texts exhibition and museum catalogues children's books limited editions journals lithographs offprints pamphlets collected papers photographic albums plays portfolios posters songs and transcripts This extensive reference will be essential for librarians scholars students and rare book dealers

Russian Literature, Modernism and the Visual Arts Catriona Kelly, Stephen Lovell, 2000-03-09 In the Russian modernist era literature threw itself open to influences from other art forms most particularly the visual arts Collaborations between writers artists designers and theatre and cinema directors took place more intensively and productively than ever before or since Equally striking was the incursion of spatial and visual motifs and structures into verbal texts Verbal and visual principles of creation joined forces in an attempt to transform and surpass life through art Yet willed transcendence of the boundaries between art forms gave rise to confrontation and creative tension as well as to harmonious co operation This collection of essays by leading British American and Russian scholars first published in 2000 draws on a rich variety of material from Dostoevskii to Siniavskii from writers doodles to cabarets from well known modernists such as Akhmatova Malevich Platonov and Olesha to less well known figures to demonstrate the creative power and dynamism of Russian culture on the boundaries

Iliazd Johanna Drucker, 2020-12-15 A captivating portrait of futurist artist Iliazd infused with the reflections of his accidental biographer on the stickiness of the genre The poet Ilia Zdanevich known in his professional life as Iliazd began his career in the pre Revolutionary artistic circles of Russian futurism By the end of his life he was the publisher of deluxe limited edition books in Paris The recent subject of major exhibitions in Moscow his native Tbilisi New York and other venues the work of Iliazd has been prized by bibliophiles and collectors for its exquisite book design and innovative typography Iliazd collaborated with many major figures of modern art Pablo Picasso Sonia Delaunay Max Ernst Jo n Miro Natalia Goncharova and Mikhail Larionov among others His 1949 anthology The Poetry of Unknown Words was the first international anthology of experimental visual and sound poetry ever published The list of contributors is a veritable Who s Who of avant garde writing and visual art And Iliazd s unique hands on engagement with book production and design makes him the ideal case study for considering the book as a modern art form Iliazd is the first full length biography of the poet publisher as well as the first comprehensive English language study of his life and work Johanna Drucker weaves two stories together the history of Iliazd s work as a modern artist and poet and the narrative of the author s encounter with his widow and other figures in the process of researching his biography Drucker s reflection on what a biographical project entails addresses questions about the relationship between documentary evidence and narrative between contemporary witnesses and retrospective accounts Ultimately Drucker asks how we should understand the connection between the life of an artist and their work Enriched with photographs from the Iliazd archive and a wealth of primary documents the book is a vivid account of a unique contributor to modernism and to the way we continue to reevaluate the history of twentieth century

culture Accounts of Drucker s research during the mid 1980s in the personal archive of Madame H l ne Zdanevich the poet s widow lend the narrative an incredible intimacy Drucker recounts how sitting in the studio that Iliazd occupied from the late 1930s until his death in 1975 she was drawn into the circle of scholars who had made him their focus and were doing foundational work on his significance She also coped with the difference between the widow s view of the artist as a man she loved and Drucker s own perception of Iliazd s significance within a critical approach to history Iliazd is at once a rich study of a significant figure and a thoughtful reflection on the way a biography creates an encounter with its always absent subject
