A History of Russian Philosophy 1830-1930 G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy s main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions

transcending easy classification as religious or secular The debate still resonates strongly today Faith and Science in Russian Religious Thought Teresa Obolevitch, 2019 Faith and Science in Russian Religious Thought provides a comprehensive analysis of the relationship between science and faith in Russian religious thought Teresa Obolevitch offers a synthetic approach on the development of the problem throughout the whole history of Russian thought starting from the medieval period and arriving in contemporary times She considers the relationship between science and religion in the eighteenth century the so called academic philosophy of the 19th and 20th century the thought of Peter Chaadaev the Slavophiles and in the most influential literature figures such as Fedor Dostoevsky and Lev Tolstoy The volume also analyses two channels of the formation of philosophy in the context of the relationship between theology and science in Russia The first is connected with the attempt to rationalize the truths of faith and is exemplified by Vladimir Soloviev and Nikolai Lossky the second with the apophatic tradition is presented by Pavel Florensky and Semen Frank The book then describes the relation to scientific knowledge in the thought of Lev Shestov Nikolai Berdyaev Sergius Bulgakov and Alexei Losev as well as the original project of Russian Cosmism on the examples of Nikolai Fedorov Konstantin Tsiolkovsky and Vladimir Vernadsky Obolevitch presents the current state of the discussion on this topic by paying attention to the Neoplatonic synthesis of Georges Florovsky and his followers and offers the brief comparative analysis of the relationship between science and religion from the Western and Russian perspectives *The Orthodox Christian World* Augustine Casiday, 2012 A compelling overview of the Orthodox world covering the main regional traditions of Orthodox Christianity and the ways in which they have become global **The Routledge Companion to Russian Literature** Neil Cornwell, 2002-06-01 The Routledge Companion to Russian Literature is an engaging and accessible guide to Russian writing of the past thousand years The volume covers the entire span of Russian literature from the Middle Ages to the post Soviet period and explores all the forms that have made it so famous poetry drama and of course the Russian novel A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world wide recognition through the works of writers such as Pushkin Dostoevsky Tolstoy Chekhov Nabokov and Solzhenitsyn Covering a range of subjects including women's writing Russian literary theory socialist realism and migr writing leading international scholars open up the wonderful diversity of Russian literature With recommended lists of further reading and an excellent up to date general bibliography The Routledge Companion to Russian Literature is the perfect guide for students and general readers alike Creative Destruction Lewis Owens, 2003 Owens religious studies Canterbury Christ Church U College seeks to clarify the philosophical and religious views of playwright journalist and novelist Kazantzakis 1883 1957 arguing that his religious philosophy led him to transcend both communism and nihilism enroute to a union with god Annotation c Book News Inc Portland OR bookn

The Devil's Redemption : 2 Volumes Michael J. McClymond, 2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil

remain stubbornly opposed to God and God's goodness. Will even the devil be redeemed? Addressing a theological issue of perennial interest, this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty-first century and offers an interpretation of how and why universalist belief arose. The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical, philosophical, and theological standpoint. He shows that the effort to extend grace to everyone undermines the principle of grace for anyone. **Paul VI** Peter Hebblethwaite, 2018. A thoughtful, highly acclaimed biography of Giovanni Battista Montini, Paul VI, which sheds light on and powerfully underscores the personal and ecclesial sides of a man who brought modernity to the church. **Plato's Dreams Realized** Aleksandr Vladimirovich Avakov, 2006. In this study of the philosophical and political nature of law, morality, rights, and security, a Russian dissident shares his experience with the KGB and then with the US national security state and details the history of political surveillance in the US. **Vladimir Solov'ëv** William Peter van den Bercken, Manon de Courten, Evert van der Zweerde, 2000. Vladimir Solov'ëv (1853-1900) is regarded as the most original and systematic of the Russian philosophers in the 19th century. He has once again become the subject of international scholarly attention both in Slavic countries and the West. This volume contains selected papers presented at the international conference on Vladimir Solov'ëv held at Nijmegen University, the Netherlands, in September 1998. The scope of this conference was wide-ranging, dealing with theological, metaphysical, philosophical, and historical themes. Though Solov'ëv's broad intellectual activity defies any strict attempt at categorisation, the editors have classified its major themes under the dual characteristic of reconciliation and polemics. Solov'ëv was passionately committed to the reconciliation of all beings under the idea of all unity, which he attempted to achieve by engaging in uncompromising polemics with his contemporaries. The thirty contributors to this volume are specialists from Russia, Ukraine, Bulgaria, Western Europe, and the United States. The volume makes a significant contribution to the intellectual reassessment of Vladimir Solov'ëv since the rediscovery of his philosophical heritage in his own homeland in the 1980s. Soviet Historiography of Philosophy Evert van der Zweerde, 2013-06-29. Scientific history of philosophy was one of the professional branches of Soviet philosophy and a place where philosophical culture was preserved in an often hostile environment. Situated between the ideological exigencies of the Soviet system with its Marxist-Leninist theoretical foundation and the need for an objective account of philosophy's past, Soviet history of philosophy displays the characteristic features of Soviet philosophy as a whole, including a forceful reappearance of its Hegelian background. This book is the only Western monograph on this important part of Soviet philosophy, thus filling the last main gap in Western Philosophical Sovietology. At the same time, it offers the first survey of Soviet philosophy after the disappearance of the Soviet system itself, embarking on an historical and meta-philosophical investigation of Soviet philosophical culture. The book will be of interest to students of Soviet and Russian philosophy, historians of philosophy, and specialists in Soviet studies.

Religion in the Thought of Mikhail Bakhtin Hilary B.P. Bagshaw, 2016-04-08. This book examines the significance of

religion in the work of the twentieth century philosopher Mikhail Bakhtin Exploring Bakhtin's contribution to debates on methodology in the study of religion this book argues that his use of religious terminology is derived from his source material in philosophy of religion and not from his confessional commitment to Russian Orthodox Christianity Critiquing Gavin Flood's important work *Beyond Phenomenology* Hilary Bagshaw explains how Bakhtin's work on outsideness presents invaluable insights for scholars of religion particularly pertinent to the contemporary insider/outsider debate

Predestination

Matthew Levering, 2011-05-26 Predestination has been the subject of perennial controversy among Christians although in recent years theologians have shied away from it as a divisive and unedifying topic In this book Matthew Levering argues that Christian theological reflection needs to continue to return to the topic of predestination for two reasons Firstly predestinarian doctrine is taught in the New Testament Reflecting the importance of the topic in many strands of Second Temple Judaism the New Testament authors teach predestination in a manner that explains why Christian theologians continually recur to this topic Secondly the doctrine of predestination provides a way for Christian theologians to reflect upon two fundamental affirmations of biblical revelation The first is God's love without any deficiency or crimp for each and every rational creature the second is that God from eternity brings about the purpose for which he created us and that he permits some rational creatures freely and permanently to rebel against his love When theologians reflect on these two key biblical affirmations they generally try to unite them in a logical synthesis Instead Levering argues it is necessary to allow for the truth of each side of the mystery without trying to blend the two affirmations into one Levering pairs his discussion of Scripture with ecumenically oriented discussion of the doctrine of predestination in through the ages through the figures of Origen Augustine Boethius John of Damascus Eriugena Aquinas Ockham Catherine of Siena Calvin Molina Francis de Sales Leibniz Bulgakov Barth Maritain and Balthasar He concludes with a constructive chapter regarding the future of the doctrine

The Oxford Companion to Christian Thought Adrian Hastings, Alistair Mason, Hugh S. Pyper, 2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In *The Oxford Companion to Christian Thought* general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non-Christians who

have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays **Reflections on Europe** Hans-Åke Persson,2007 When Dutch and subsequently French voters rejected the Draft Treaty for a Constitution for Europe in Spring 2005 many voices called for a pause for reflection This book is in part a result of that moment of reflection We wanted to contribute to the debate about Europe but crucially we sought to do so by taking a step back from the problem formation and agenda setting of Brussels For the authors of this volume one key to establishing critical distance has been the reappraisal of the historical perspective Another has been the problematisation of Europe as a space as opposed to looking for a definition of borders The authors also seek critical distance through a focus on the tension between Europe as a culture as a polity and as an economy These tensions have often been neglected or even ignored and the relationships have been seen as more or less synonymous and harmonious The aim of this volume then is two fold It wants developing a critical distance to the present Europe to contribute to the vivid academic research and debate on Europe which too often either develops distance without commenting on the present state of affairs or comments on the present without critical distance *Theosis and Religion* Norman Russell,2024-03-14 Theosis originally a Greek term for Christian divinisation or deification has become a vogue word in modern theology Although recent publications have explored its meaning in a selection of different contexts this is the first book to offer a coherent narrative of how the concept of theosis developed in both its Eastern and Western versions Norman Russell shows how the role of Dionysius the Areopagite was pivotal not only in Byzantium but also in the late mediaeval West where it strengthened the turn towards an individualistic interiority Russell also relates theosis to changing concepts of religion in the modern age He investigates the Russian version of theosis introduced in the West by Russian members the Paris School after the 1917 Revolution Since then theosis has undergone additional development through the addition of esoteric elements which have since passed into the mainstream of all theological traditions and even into popular spirituality **New Dictionary of Theology** Martin Davie,Tim Grass,Stephen R. Holmes,John McDowell,Thomas A. Noble,2016-04-27 This classic one volume reference work is now substantially expanded and revised to focus on a variety of theological themes thinkers and movements From African Christian Theology to Zionism this volume of historical and systematic theology offers a wealth of information and insight for students pastors and all thoughtful Christians **Russian Orthodoxy and Secularism** Kristina Stoeckl,2020-07-20 Russian Orthodoxy and Secularism surveys the ways in which the Russian Orthodox Church has negotiated its relationship with the secular state with other religions and with Western modernity from its beginnings until the present It applies multiple theoretical perspectives and draws on different disciplinary approaches to explain the varied and at times contradictory facets of Russian Orthodoxy as a state church or as a critic of the state as a

lived religion or as a civil religion controlled by the state as a source of dissidence during Communism or as a reservoir of anti Western anti modernist ideas that celebrate the uniqueness and superiority of the Russian nation Kristina Stoeckl argues that three decades after the fall of Communism the period of post Soviet transition is over for Russian Orthodoxy and that the Moscow Patriarchate has settled on its role as national church and provider of a new civil religion of traditional values
