*Love For & From My 4-Legged Son: How an ordinary golden retriever became an extraordinary dog* Michael N.

Marcus, 2017-04-13 This is the story of the amazing Hunter J Marcus my four legged son Hunter lived for 15 years and three months He was a golden retriever and the typical lifespan for a golden is 10 12 years so he definitely had high mileage His death was not sudden violent nor unexpected but was nonetheless very sad I could not be more miserable because of the loss of a human child I never thought of Hunter as a pet and certainly not as a possession He was a housemate playmate child co conspirator fellow traveler and most of all my best buddy He soared like an eagle swam like a porpoise ate like a shark and often thought like a human Hunter understood dozens of English words and was very obedient when he chose to be Golden retrievers are very smart and very independent Hunter always knew exactly what he was supposed to do in any situation and sometimes he was willing to do what he was supposed to do We rewarded bad behavior because anything a dog does is cute This book is a memorial but it s fun not morbid
