Ruth Hall Fanny Fern,2004-01-01 **Ruth Hall** Fanny Fern,2006-09-01 *Ruth Hall: a domestic tale of the present time.* By F. F. Fanny FERN (pseud. [i.e. Sarah Payson Willis, afterwards Eldredge, afterwards Parton]),1858 *Ruth Hall: a Domestic Tale of the Present Time.* By F.F. Fanny FERN (pseud.),1858 **Ruth Hall** Fanny Fern,1997-02-01 In *Ruth Hall* one of the bestselling novels of the 1850s Fanny Fern drew heavily on her own experiences the death of her first child and her beloved husband a bitter estrangement from her family and her struggle to make a living as a writer Written as a series of short vignettes and snatches of overheard conversations it is as unconventional in style as in substance and strikingly modern in its impact **Affective Labour in British and American Women's Fiction, 1848-1915** Katherine Skaris,2018-07-26 This volume is a comprehensive and transatlantic literary study of women s nineteenth and twentieth century fiction Firstly it introduces and explores the concept of women s affective labour and examines literary representations of this work in British and American fiction written by women between 1848 and 1915 Secondly it revives largely ignored texts by the scribbling women of Britain and America such as Mary Elizabeth Braddon Elizabeth Stuart Phelps Mona Caird and Mary Hunter Austin and rereads established authors such as Elizabeth Gaskell Kate Chopin and Edith Wharton to demonstrate how all these works provide valuable insights into women s lives in the nineteenth and early twentieth centuries Finally by adopting the lens of affective labour the study explores the ways in which women were portrayed as striving for self fulfilment through forms of emotional mental and creative endeavours that have not always been fully appreciated as work in critical accounts of nineteenth and twentieth century fiction Ruth Hall Fanny Fern,2019-09-25 *Ruth Hall A Domestic Tale of the Present Time* is a roman clef by Fanny Fern a popular 19th century newspaper writer Following on her meteoric rise to fame as a columnist she signed a contract in February 1854 to write a full length novel *Model Women of the Press* Teja Varma Pusapati,2024-02-28 This book offers the first extended account of the mid century rise of model women of the press women who not only stormed the male bastions of social and political journalism but also presented themselves as upholders of the highest standards of professional journalistic practice They broke the codes of anonymity in several ways including signing articles in their own names and developing distinctly female personae They proved by example women s fitness for conventionally masculine lines of journalism By placing Victorian women s serious high minded journalism firmly within the context of the widening sphere of female professions in mid nineteenth century England the book shows how a wide range of women writers including leading Victorian feminists and female reformers contributed to the professionalization of women s authorship Drawing on extensive archival research and close analysis of a wide range of printed texts from Victorian newspapers and periodicals to autobiographies memoirs and fiction this book elucidates several aspects of Victorian women s journalism that have been previously ignored the market interest of the feminist English Woman s Journal the ability of women like Eliza Meteyard and Frances Power Cobbe to write

consistently on serious social and political issues in mainstream periodicals Harriet Ward's astonishing reportage from the war fields of South Africa and Harriet Martineau's reports on Famine devastated Ireland and her role as a transatlantic commentator on American abolitionism The study also offers the first focused account of the figure of the female professional journalist in Victorian novels showing how these texts move away from the dominant myth of the author as a solitary genius to present the female journalist as a collaborator who adapts her writing to fit various newspapers and periodicals and works closely with male editors and peers In examining the rise of the Victorian woman writer as a serious social and political journalist this book adds to current critical understanding of female political expression authorial agency and cultural authority in nineteenth century England

Mother Is a Verb Sarah Knott, 2019-04-02 Welcome to a work of history unlike any other Mothering is as old as human existence But how has this most essential experience changed over time and cultures What is the history of maternity the history of pregnancy birth the encounter with an infant Can one capture the historical trail of mothers How In *Mother Is a Verb* the historian Sarah Knott creates a genre all her own in order to craft a new kind of historical interpretation Blending memoir and history and building from anecdote her book brings the past and the present viscerally alive It is at once intimate and expansive lyrical and precise As a history *Mother Is a Verb* draws on the terrain of Britain and North America from the seventeenth century to the close of the twentieth Knott searches among a range of past societies from those of Cree and Ojibwe women to tenant farmers in Appalachia from enslaved people on South Carolina rice plantations to tenement dwellers in New York City and London's East End She pores over diaries letters court records medical manuals items of clothing And she explores and documents her own experiences As a memoir *Mother Is a Verb* becomes a method of asking new questions and probing lost pasts in order to historicize the smallest even the most mundane of human experiences Is there a history to interruption to the sound of an infant's cry to sleeplessness Knott finds answers not through the telling of grand narratives but through the painstaking accumulation of a trellis of anecdotes And all the while we can feel the child on her hip

Reading and Writing Ourselves into Being Claire White Putala, 2004-12-01 This text is a study of literacy based upon a set of correspondence the Osborne Family Papers 1812-1968 housed in the Special Collections Research Center of Syracuse University A collection of some 358 boxes it is particularly well suited for a study on literacy In addition to the voluminous public and private correspondence of prison reformer Thomas Mott Osborne 1859-1926 a vast and rich store of the family's literacy works have been carefully preserved In addition to hundreds of letters many between and among the women of the family it also abounds with other literacy documents of interest such as ledgers account books travelogues verse diaries and notes Unusually and quite valuably even scraps of children's writing have been preserved making possible studies regarding emergent literacy practices of the times

Victorian Metafiction Tabitha Sparks, 2022-11-17 Critics agree in the abstract that metafiction refers

to any novel that draws attention to its own fictional construction but metafiction has been largely associated with the postmodern era In this innovative new book Tabitha Sparks identifies a sustained pattern of metafiction in the Victorian novel that illuminates the art and intentions of its female practitioners From the mid nineteenth century through the fin de siècle novels by Victorian women such as Charlotte Brontë Rhoda Broughton Charlotte Riddell Eliza Lynn Linton and several New Women authors share a common but underexamined trope the fictional characterization of the woman novelist or autobiographer Victorian Metafiction reveals how these novels systemically dispute the assumptions that women wrote primarily about their emotions or were restricted to trivial sentimental plots Countering an established tradition that has read novels by women writers as heavily autobiographical and confessional Sparks identifies the literary technique of metafiction in numerous novels by women writers and argues that women used metafictional self consciousness to draw the reader's attention to the book and not the novelist By dislodging the narrative from these cultural prescriptions Victorian Metafiction effectively argues how these women novelists presented the business and art of writing as the subject of the novel and wrote metafiction in order to establish their artistic integrity and professional authority

lessons and the coolness with which they would jump up on her departure put on their bonnets and shawls and slip out at the side street door to meet expectant lovers and when the pale widow went the rounds again at nine o'clock she would find them demurely seated just where she left them apparently busily conning their lessons The doctor regarded it as a little automaton 40 for pleasant sculapian experiments in his idle hours the old lady viewed it as another barrier between herself and Harry and another tie to cement his already too strong attachment for Ruth and Betty groaned when she thought of the puny interloper in connection with washing and ironing days and had already made up her mind that the first time its nurse used her new saucepan to make gruel she would strike for higher wages
