Journey of the Soul...Cracked Pots and Broken Vessels Dr. Phyllis Davis, Rev. Carrol Davis, 2014-03-31 Discover your story learn how to tell it and watch God perform miracles in your life as you fall more in love with your Abba Father God uses cracked pots and broken vessels to tell His story And they overcame by the power of the blood of the lamb and the word of their testimony Revelation 12:11 KJV God doesn't waste anything or anyone He takes the scars and pain of your life and turns you into the vessel of His glory you were created to be Nothing surprises God He has a plan to redeem you save you and let His light shine through you Many Christians walk in bondage for failure to know and follow the Word of God The Bible is Christ's love letter to you an instruction book to guide you through all of life's difficulties Who better to direct you through uncertain times than the one who knows of the best plans for your life Yet Christ says his people are destroyed for lack of knowledge God's Word rightly applied to the strongholds in your life can help you live the abundant life Christ died to give you and set the captives free It is not just a matter of salvation but rather growth in Christ the sanctification process that leads you to the rich and abundant life Christ died to give you What is your testimony It isn't just your story of salvation Tell of your journey and how the Lord allowed the Scriptures to come alive in your life Tell of the living Jesus **Soul on the Couch** Charles Spezzano, Gerald J. Gargiulo, 2013-06-17 Ever since Freud put religion on the couch in *The Future of an Illusion* there has been an uneasy peace with occasional skirmishes between these two great disciplines of subjectivity As prime meaning givers God and the unconscious have vied for supremacy in our thinking about ourselves especially our thinking about our

human nature our moral stature and our destiny Freud in his bold manner found projection fear and denial to be the wellspring of religion's domination over man In analogous fashion those giving primacy to the soul over the unconscious have long dismissed psychoanalysis as mechanistic reductionistic and hence inadequate to the examination of spirituality Soul on the Couch is premised on the belief that discourse about the soul and discourse from the couch can inform and not simply ignore one another It brings together scholars and psychoanalysts at the forefront of an interdisciplinary dialogue that is vitally important to the growth of both disciplines Their essays are not only models of reflective inquiry they also illuminate the syntheses that emerge when analysts and scholars of religion bridge the gap that has long separated them and speak to one another

The Contemplative Soul Adena Tanenbaum, 2002-11-01 During the eleventh and twelfth centuries Jewish poets in Islamic Spain introduced philosophical

themes into their devotional verse Drawn to Neoplatonic thought they made liberal use of its myth of the soul to explore the human relationship with the Divine This novel merger reflected a conviction that ideas borrowed from Greco Arabic philosophy meshed comfortably with traditional Jewish approaches to prayer and spirituality This study focuses on Solomon Ibn Gabirol Moses Ibn Ezra Abraham Ibn Ezra and Judah Halevi polymath poets who also wrote philosophically informed prose works It probes the contemplative motifs in their religious verse uncovering new and at times unorthodox layers of meaning The book includes the Hebrew texts of representative poems accompanied by original English translations and detailed analyses

Body & Soul ,2010

The Soul James Essig,2017-03-31 I thought that you as reader would enjoy this writing on the great dignity of the human soul This book offers a sharp contrast to the main topics on which I tend to post and was written and compiled from my heart I have often posted articles on extremely manned starship technologies and as a physicist I will continue to do such However I offer this rather long article as a sharing of my personal belief in the transcendent dignity of every human person and by corollary that of any of our ETI brothers and sisters With modern technological capabilities to monitor the various emotional and mental states of test subjects and the ability to measure and experimentally probe the electric and magnetic fields generated within the human body we sometimes are tempted to view the human soul as some form of corruptible energy field We long for a rekindling of a sense of mystery regarding the ephemeral reality of the human soul This book is motivated as an attempt to restore a sense of mystery in the minds and hearts of any and all persons who will read this post regarding that aspect of our human nature that seems to be beyond validation by modern science technology and medicine and which seems to defy certain and precise explanation by philosophers theologians and clergyman alike

Personal Identity John Perry,2008-05-07 This volume brings together the vital contributions of distinguished past and contemporary philosophers to the important topic of personal identity The essays range from John Locke s classic seventeenth century attempt to analyze personal identity in terms of memory to twentieth century defenses and criticisms of the Lockean view by Anthony Quinton H P Grice Sydney Shoemaker David Hume Joseph Butler Thomas Reid and Bernard Williams New to the second edition are Shoemaker s seminal essay Persons and Their Pasts selections from the important and previously unpublished Clark Collins correspondence and a new paper by Perry discussing Williams

Transforming Body & Soul Steven A. Galipeau,2011-12 Religion has become sick Jesus s teaching and healing ministries point out this frightening and important truth The worst enemies of religion usually lie within religion itself A subtle rigidity takes over that blocks the flow of healing Chapter 7 Transforming Body and Soul With all the scholarly attention given to the Scriptures in the Christian community it is remarkable how little study has been done of the Gospel healing stories These stories embody and reflect powerful interpersonal dynamics which are being rediscovered today in the practice of psychotherapy As a healer Jesus forms a bridge between the most ancient of healers the shamans and recent developments in psychosomatic medicine and depth psychology Body and soul are intimately connected health in one is often

reflected in wholeness in the other Blending the insights of Biblical scholarship with those of modern psychology Galipeau examines each of the Gospel healing stories in depth Transforming Body and Soul is a valuable resource for psychotherapists and counselors as well as clergy and pastoral ministers Anyone seeking health and wholeness of body and spirit will find this a rewarding challenging and therapeutic book Originally published by Paulist Press in 1990 Transforming Body and Soul is a significant contribution to Jungian psychology and to the relationship between psychological and spiritual development This Revised Edition includes an Index Larger pages Larger font and a Foreword and Afterword by the author **Body & Soul (Watertown, Mass.)** ,2005 **Complementary Therapies for the Body, Mind and Soul** Marcelo Saad,2015-09-02
