Sacred Encounters Jacqueline Peterson, **Sacred Encounters** Olive Sampath Mahabir, 2023 *Sacred Encounters*, 1993 **Sacred Encounters** Janet Colli, 2004 **Sacred Encounters with Jesus** Gregory Scott Sparrow, 2003 *Sacred Encounters with Jesus* is a discerning account of how Jesus heals and transforms people today just as He ministered to His disciples Readers will enter into the miraculous experiences of a terminally ill girl who was healed by Jesus touch and of a woman who touched Jesus as He knelt beside her and prayed These experiences raise the possibility that only some people will readily accept that Jesus can be experienced as directly and as personally today as when He walked the earth 2 000 years ago **Indianapolis Monthly**, 1995-04 *Indianapolis Monthly* is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape *American Pilgrimage* Christopher Shannon, 2022-08-09 *Histories of the Catholic Church in the United States* abound Most suffer from an excess of either scholarly detachment or popular triumphalism *American Pilgrimage* seeks instead to draw on the best of current scholarship to tell the story of the Church as it understands itself the Body of Christ divinely ordained yet marred by sin charged with the mission of spreading the Gospel and building up the community of the faithful In scope *American Pilgrimage* narrates the story of the Church from the dramatic efforts at evangelization in the colonial period to the Catholic urban villages of the immigrant Church to the struggles to reimagine tradition in the late 20th century In shape it follows this story through the Augustinian contours of the ongoing struggle between the City of God and the City of Man a struggle that takes place between the Church and the world within the Church itself and within the soul of every Christian **With God on Our Side** Adam D. Reich, 2012-04-15 When unions undertake labor organizing campaigns they often do so from strong moral positions contrasting workers rights to decent pay or better working conditions with the more venal financial motives of management But how does labor confront management when management itself has moral legitimacy In *With God on Our Side* Adam D Reich tells the story of a five year campaign to unionize Santa Rosa Memorial Hospital a Catholic hospital in California Based on his own work as a volunteer organizer with the Service Employees International Union SEIU Reich explores how both union leaders and hospital leaders sought to show they were upholding the Catholic mission of the hospital against a market represented by the other Ultimately workers and union leaders were able to reinterpret Catholic values in ways that supported their efforts to organize More generally Reich argues that unions must weave together economic and cultural power in order to ensure their continued relevancy in the postindustrial world In addition to advocating for workers economic interests unions must engage with workers emotional investments in their work must contend with the kind of moral authority that Santa Rosa Hospital leaders exerted to dissuade workers from organizing and must connect labor s project to broader conceptions of the public good *Redefining Spiritual Spaces in the Age of Technology* Stacey K. Guenther, Xiaoan Li, Michelle A. Scheidt, 2025-08-30 Emerging technologies are entering every aspect of

H. Auden's Interwar Poetry Ladislav Vít, 2021-12-14 This is the first book length study foregrounding Auden's sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition Precisely because of his stature these elaborations on Auden's preoccupation with places escapism borders and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry interwar culture and the literary representation of space
