Stalin's Agent Boris Volodarsky,2014-12-11 This is the history of an unprecedented deception operation the biggest KGB deception of all time It has never been told in full until now There are almost certainly people who would like it never to be told It is the story of General Alexander Orlov Stalin's most loyal and trusted henchman during the Spanish Civil War Orlov was also the Soviet handler controlling Kim Philby the British spy defector and member of the notorious Cambridge Five Escaping Stalin's purges Orlov fled to America in the late 1930s and lived underground He only dared reveal his identity to the world after Stalin's death in his 1953 best seller The Secret History of Stalin's Crimes after which he became perhaps the best known of all Soviet defectors much written about highly praised and commemorated by the US Congress on his death in 1973 But there is a twist in the Orlov story beyond the dreams of even the most ingenious spy novelist General Alexander Orlov never actually existed The man known as Orlov was in fact born Leiba Feldbin And while he was a loyal servant of Stalin and the controller of Philby he was never a General in the KGB never truly defected to the West after his flight from the USSR and remained a loyal Soviet agent until his death The Orlov story as it has been accepted until now was largely the invention of the KGB and one perpetuated long after the end of the Cold War In this meticulous new biography Boris Volodarsky himself a former Soviet intelligence officer now tells the true story behind Orlov for the first time An intriguing tale of Russian espionage and deception stretching from the time of Lenin to the Putin era it is a story that many people in the world's intelligence agencies would almost definitely prefer you not to know about

Gulag Literature and the Literature of Nazi Camps Leona Toker,2019-08-28 A literary scholar examines survival narratives from Russian and German concentration camps shedding

new light on testimony in the face of evil In this illuminating study Leona Toker demonstrates how Holocaust literature and Gulag literature provide contexts for each other especially how the prominent features of one shed light on the veiled features and methods of the other Toker's analysis concentrates on the narrative qualities of the works as well as how each text documents the writer's experience in a form where fictionalized narrative can double as historical testimony Toker also views these texts against the background of historical information about the Soviet and the Nazi regimes of repression Writers at the center of this work include Varlam Shalamov Primo Levi Elie Wiesel and Ka Tzetnik and others including Aleksandr Solzhenitsyn Evgeniya Ginzburg and Jorge Sempr n illuminate the discussion Toker also provides context for references to potentially obscure historical events and shows how they form new meaning in the text **Queer(ing)**
