"Adam Smith" Michael J. Shapiro, 2002 In a Foucauldian analysis of the power of the discourse of Adam Smith to shape the way modernity defines the self and subjectivity Shapiro political science U of Hawaii examines how Adam Smith's moral philosophy and political economy are now textualized and institutionalized He argues that Smith's writings legitimize contentious realities by seeming purely descriptive monumentalizing arbitrary victories of power in persons such as the individual and collectivities such as the nation Annotation copyrighted by Book News Inc Portland OR Aesthetic Sexuality Romana Byrne, 2013-11-28 To understand why the concept of aesthetic sexuality is important we must consider the influence of the first volume of Foucault's seminal *The History of Sexuality* Arguing against Foucault's assertions that only scientia sexualis has operated in modern Western culture while ars erotica belongs to Eastern and ancient societies Byrne suggests that modern Western culture has indeed witnessed a form of ars erotica encompassed in what she calls aesthetic sexuality To argue for the existence of aesthetic sexuality Byrne examines mainly works of literature to show how within these texts sexual practice and pleasure are constructed as having aesthetic value a quality that marks these experiences as forms of art In aesthetic sexuality value and meaning are located within sexual practice and pleasure rather than in their underlying cause sexuality's raison d'être is tied to its aesthetic value at surface level rather than beneath it Aesthetic sexuality Byrne shows is a product of choice a deliberate strategy of self creation as well as a mode of social communication *Gender and Politics in the Age of Letter-Writing, 1750-2000* Máire Cross, 2017-05-15 Letters have long been an outlet for political expression whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events In addition letters can be unusually revealing records of the relations between men and women Though letters have frequently been studied as a privileged space for literary social and cultural expression the three dimensional relationship of politics gender and letters has not been the focus of an entire volume The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250 year period through letter writing whether the writer is famous or unknown the wife of a prominent politician or activist a political prisoner or political militant Ranging wide in terms of subject matter and geography the contributors examine correspondence that ponders familial concerns as well as letters providing political commentary on the effects of war or revolution on everyday life Among the impressive group of international scholars are Jim Allen Clare Brant Edith Gelles Jane Rendall and Si n Reynolds

Without End William S. Allen, 2017-12-28 The reputation of the Marquis de Sade is well founded The experience of

reading his works is demanding to an extreme Violence and sexuality appear on almost every page and these descriptions are interspersed with extended discourses on materialism atheism and crime In this bold and rigorous study William S Allen sets out the context and implications of Sade s writings in order to explain their lasting challenge to thought For what is apparent from a close examination of his works is the breadth of his readings in contemporary science and philosophy and so the question that has to be addressed is why Sade pursued these interests by way of erotica of the most violent kind Allen shows that Sade s interests lead to a form of writing that seeks to bring about a new mode of experience that is engaged in exploring the limits of sensibility through their material actualization In common with other Enlightenment thinkers Sade is concerned with the place of reason in the world a place that becomes utterly transformed by a materialism of endless excess This concern underlies his interest in crime and sexuality and thereby puts him in the closest proximity to thinkers like Kant and Diderot but also at the furthest extreme in that it indicates how far the nature and status of reason is perverted It is precisely this materialist critique of reason that is developed and demonstrated in his works and which their reading makes persistently excessively apparent

The Search for Enlightenment John Leigh,1999 In this fresh exploration of eighteenth century French writing John Leigh celebrates the ideas and hopes that animated its central figures and examines the extent to which authors and their readers shouldered heretofore unknown responsibilities and confronted new doubts The book identifies the key works of political protest philosophical exploration and religious enquiry and at the same time encompasses such diverse forms as the novel short story poetry and drama Conveying a vivid sense of the energy and genius of the Enlightenment as embodied in its famous and controversial writers Voltaire Montesquieu Diderot and Rousseau the author also considers the achievements of influential but unsung authors such as Mabillon Olympe de Gouges Ch nier and de Sade

Madness and Irrationality in Spanish and Latin American Literature and Culture Lloyd Hughes Davies,2020-06-01 The subject matter is topical madness has universal and enduring appeal The positive aspects of the irrational particularly its potential for cultural renewal are given more prominence than has been the case in the past The coverage is wide ranging new critical angles enrich our understanding of major writers while the appeal of lesser known figures is highlighted often by means of a comparative perspective

Mimesis and Skepticism in Eighteenth-century Literature William Thomas Donoghue,1996 *Speaking the Unspeakable* Peter Michelson,1993-01-01 This book studies the literary and cinematic functions of the pornographic as a development from a poetics of obscenity It focuses on the developments of French British and American artistic pornography since the eighteenth century Discussing female literary figures including Hall Wharton Nin Reage Jong and Shulman such men as Cleland Sade Beardsley Lawrence Joyce and Miller and film makers such as Brakhage Jack Smith Bruce Conner Bertolucci Oshima and Wertmuller Michelson analyzes both the use of aesthetic pornography and the philosophical cultural and legal implications of its use He proposes that realizing the obscene in the sense of speaking the unspeakable is the principle aesthetic function of pornography

Embrace of the Daimon Sandra

Lee Dennis, 2001 Some call the imaginal the realm of the archetypes the home of the gods and goddesses the land of the daimon or the source of creativity Others simply call it the soul The daimon of the imaginal world facilitate the incarnation of soul into the physical body and transforming these dark energies allows us to progress as spiritual beings to live life from a more conscious view Sandra Dennis suggests that attitudes devaluing the erotic feminine instinctual energies particularly those of sexuality and destructiveness and the marginalization of bodily sensation itself block these daimonic soul images from incarnating She discusses our tendency to block these transforming forces and offers suggestions on how to embrace and reclaim them to allow for a more integrated existence She explains sensations associated with daimonic imagery fragmentation rage anxiety pain also the other side ecstasy bliss orgasmic release understanding that all of these sensations form the basis for profound change in the sense of self Bibliography Index Hibernian Law Journal ,2000 **Sex, Love, and Friendship** ,2022-07-18 This collection joins together sixty essays on the philosophy of love and sex Each was presented at a meeting of The Society for the Philosophy of Sex and Love held between 1977 and 1992 and later revised for this edition Topics addressed include ethical and political issues AIDS abortion homosexual rights and pornography conceptual matters the nature essence or definition of love friendship sexual desire and perversion the study of classical and historical figures Plato Aristotle Spinoza Kant and Kierkegaard and issues in feminist theory sexual objectification the social construction of female sexuality reproductive and marital arrangements Authors include Jerome Shaffer Sandra Harding Michael Ruse Richard Mohr Russell Vannoy Claudia Card M C Dillon Gene Fendt Steven Emmanuel T F Morris Timo Airaksinen and Sylvia Walsh The editor who is the author of Pornography 1986 The Structure of Love 1990 and Sexual Investigations 1996 has also contributed six pieces and an Introduction **Geometry in the Boudoir** Peter Maxwell Cryle, 1994 **The Eighteenth Century** ,1996 **Span** ,1993 De Sade's quantitative moral universe Roberta J. Hackel, 2019-07-08 No detailed description available for De Sade's quantitative moral universe **Reference Guide to World Literature** Tom Pendergast, 2003 Covers writers from the ancient Greeks to 20th century authors Includes biographical bibliographical entries on nearly 500 writers and approximately 550 entries focusing on significant works of world literature Each author entry provides a detailed overview of the writer's life and works Work entries cover a particular piece of world literature in detail **Sade's Theatre** Thomas Wynn, 2007 Sade's rehabilitation as a major Enlightenment writer has hitherto not extended to a re-evaluation of his dramatic works With a theoretical framework inspired by psychoanalysis and dramatic theory and attentive to eighteenth century theoretical debates Thomas Wynn demonstrates the value of these neglected works This is the first study to consider the nature and implications of Sade's dramatic aesthetic and to define the erotic quality of spectatorship in his experimental plays Challenging the assumption that the gaze is sadistic the author uses insights from film theory to argue that Sade adapts contemporary theatrical texts and practice to create an aesthetic distinct from that of his novels Rather than replicate the style of such works as *Les Cent vingt journées de Sodome* Sade's drama

anticipates a masochistic model as theorised by Theodor Reik and Gilles Deleuze This analysis of Sadean spectatorship takes a thematic rather than chronological or text by text approach The author argues that Sade as an atheist materialist focuses on the structural elements of theatre to produce visual pleasure rather than moral improvement and that he elaborates an insistently visual dramatic aesthetic a mode analogous to the linguistic saturation of the novels tout dire With reference to eighteenth century obscene drama theatre architecture and the history of visibility the author explores the paradox that Sade's theatre is meant not for the stage but for the private imagination His visionary theatre is an example of the late eighteenth century sublime an aesthetic of the ineffable and the unrepresentable which in its emphasis on the survival of the demeaned individual structurally resembles masochism Without deforming his technique or strategy the author shows that Sade's voluptuous theatre like his fiction addresses an individual whose sovereignty in a godless world is intimately linked to the independent imagination This book will be of interest to all those working in eighteenth century drama and theory of spectatorship
