Chancing on Sanctity James Ramsay, 2022-09-19 SLG Press Contemplative Poetry 7 In a variety of moods and forms the poems in this collection attempt to capture something of the spiritual element that resides in the ore of common experience They range from sing song verse to taut lines embodying struggle In some the everyday breaks into the numinous in others the sacred is fused with ordinariness even comedy Irony has a prophetic edge and human pain and brokenness entangled with memory border a mystical vision

Fly not too High Gabrielle de Coignard , Vittoria Colonna, 2022-09-27 SLG Press Contemplative Poetry 6 Like private prayers the sacred sonnets of Gabrielle de Coignard c 1550 1586 and Vittoria Colonna 1492 1547 have long been soft utterances in a quiet corner of devotional literature Bright expressions of faith amongst the problems and businesses of writing as women in sixteenth century France and Italy of illnesses long

widowhoods personal grief and politics these sonnets speak both passionately and practically about the trials and triumphs of living and of living with faith

Seeking Life Esther de Waal, 2017-11-27 In *Seeking Life* The Baptismal Invitation of the Rule of St Benedict renowned author Esther de Waal returns to the Rule of Saint Benedict the inspiration for *Seeking God* her classic book published twenty five years ago Here she focuses on the prologue to the Rule and shows how it contains the clues we need to both understand and live by the vows made at our baptism Baptism is so fundamental to our Christian identity that many congregations renew their baptismal promises each year on Easter Yet how well do we understand the spirit and depth of those vows How much do they shape our daily lives Parts of the Rule of Saint Benedict are believed to be based on addresses given to those about to be or who had recently been baptized they are a practical guide to choosing the road that leads to life With her characteristic insight and wisdom Esther de Waal draws out enduring spiritual teaching on how to live when reborn of water and the spirit

Saint Gregory Nazianzen: Selected Poems, 1986 Fairacres Publications 94 This selection of twenty poems by the fourth century Greek theologian St Gregory Nazianzen represents his Christological writing It includes the poems *On the Son* and *On the Incarnation* written to defend the orthodoxy of the Council of Nicea In these poems Gregory meets Arian and Apollinarian heretics on their own ground demonstrating that Christians are as cultured as the pagans There are also several hymns smaller poems and prayers in which St Gregory reveals something of his own inner life There is a substantial Introduction

Seasons of my Soul Clare McKerron, 2023-11-30 SLG Press *Contemplative Poetry* 12 This collection

speaks about the experience of nature religion thought ideas and people sometimes with the anxiety that those relationships can bring but also with plenty of celebration There are thoughtful ponderings gazing into the beauty and rawness of nature from wide sweeping beaches or forests to tiny stones and fleeting birds Fractured meaning is celebrated even in its incompleteness alongside the pleasure of wholeness inner certainty and realization *Gentleness in John of the Cross* Thomas Kane,1999-03-16 Fairacres Publications 92 The teaching of St John of the Cross the sixteenth century Saint of Carmel is sometimes considered to be forbiddingly austere yet closer acquaintance with his works shows that when God is drawing us there is a movement towards gentleness Through Thomas Kane s insight into and exposition of John s teaching we see how God uses our everyday routines obligations and choices to transform both our prayer and our lives *The English Spirit* Paul Handley,1988 Anthology of English spiritual writings **Bibliography of Wales** ,1991 **Illustrated British ballads, old and new, selected and ed. by G.B. Smith** George Barnett Smith,1894 *Civil Peace and Sacred Order* Stephen R. L. Clark,1989 This book is an ambitious and challenging restatement of traditional political philosophy The first of a three volume series Limits and Renewals the book is concerned with the nature of political society particularly with the errors and faulty arguments that have been used to support a liberal modernist view of the state and our political system Clark argues that political modernism which is determinedly secular and untraditional has been a destructive influence on religion and our understanding of community living In order to secure a decent social order he contends we must rediscover our allegiance to a sacred order that is represented by for example family loyalties a respect for tradition and attention to the wider interests of the global and historical community **Cassian and the Fathers** Thomas Merton,2005 Cassian and the Fathers is the initial volume in the series of Novitiate Conferences of Thomas Merton the classes he presented to young men beginning their monastic life at the Abbey of Gethsemani in Kentucky They contain Merton s insights on important Patristic and monastic figures preceding the time of St Benedict above all John Cassian the most significant bridge between the early desert fathers and the development of monastic life in the West and they reveal the continuing relevance of their teachings for contemporary monastics and other Christians Much of the value and interest of Cassian and the Fathers as of the novitiate conferences in general lies in the light it casts on Merton himself as teacher novice master and monk These notes provide a privileged standpoint for observing Merton functioning as an integral and important member of his monastic community The public Merton has long been visible in his works written for publication and has more recently been complemented by the interpersonal Merton disclosed in his correspondence and the intimate Merton revealed in his complete journals While the novitiate conferences may not equal in significance these other sources they do allow access to yet another stratum of Merton s wide ranging and immensely productive engagement with his world from the distinctive standpoint he had chosen within a tradition dating back more than sixteen centuries While these lectures need to be used critically and carefully in evaluating Merton s own perspectives and commitments nevertheless they do need to be used The

dialectical relationship between Merton's private and more public statements including those made to his novice classes makes possible a more complex and thus a richer picture of his monastic identity and so of his personal identity. In learning about Cassian and the Fathers from Merton one learns as well about Merton as monk as heir to the great monastic teachers and as teacher of a new generation of monks an easily overlooked and undervalued yet integral even central component of his vocation for more than half his monastic life. Thus the publication of the novitiate conferences will fill a significant lacuna in Merton studies and contribute to a balanced holistic comprehension and appreciation of Thomas Merton's life and work. This edition includes an extensive introduction situating these conferences and Merton's years as novice master in the context of his broader life as monk and writer an extensively annotated edition of the text of the conferences based on Merton's own typescript and helpful appendices indicating changes Merton made to his text correlating the written text with taped versions of the actual classes and providing suggestions for further reading both in Merton's other works and in more recent studies of the figures he discusses here.
