major subject so this volume of poetry is both a tribute to and a reflection of everything she stood for and believed in The poems are mine but the voice is hers speaking through my words At the same time the various sections accurately reflect the experiences challenges triumphs and losses that have made me the independent person I am always shaped at least in part by my mother s influence In this volume you will read my words and hear my mothers voice on every seasons special wind a calm and steadying voice on the endless winds of change
