H. Auden* W. H. Auden, 1991-04-23 Between 1927 and his death in 1973 W H Auden endowed poetry in the English language with a new face Or rather with several faces since his work ranged from the political to the religious from the urbane to the pastoral from the mandarin to the invigoratingly plain spoken This collection presents all the poems Auden wished to preserve in the texts that received his final approval It includes the full contents of his previous collected editions along with all the later volumes of his shorter poems Together these works display the astonishing range of Auden s voice and the breadth of his concerns his deep knowledge of the traditions he inherited and his ability to recast those traditions in modern times **W.
