Selected Poetry Hollander:

Selected Poetry John Hollander, 2012-05-02 Perfection is a rare accomplishment particularly in American poetry and the perfection of much of Hollander's work makes it essential reading for anyone who genuinely cares for the craft of poetry. But in our fallen world we seem fated to value power of perfection and John Hollander's poetry has shown a visionary power just often enough to secure him a place as one of the major figures of our moment. Vernon Shetley *The New Republic*

Spectral Emanations John Hollander, 1978 *Figurehead* John Hollander, 2009-05-06 In a major review in *The New Republic* of John Hollander's two earlier books *Tesserae* and *Selected Poetry* both 1993, Vernon Shetley said John Hollander's poetry has shown a visionary power just often enough to secure him a place as one of the major figures of our moment. *Figurehead* a lively varied and technically dazzling book confirms the statement made by Henry Taylor in the *Washington Times*. John Hollander revels in technical challenges of unusual severity and complexity yet most of his poems also have the emotional heft of something worth pausing over and remembering. One of the most gifted of W. H. Auden's choices for the Yale Series of Younger Poets, Hollander has pursued the wide range and metrical brilliance of Auden's own poetry so that this new book exhibits both a large compass of subject matter from philosophical matters to personal narrative and as usual some astonishing meditations on paintings here by Charles Sheeler, René Magritte and Edward Hopper. By turns witty, touching, profound, mocking, ingenious and always clever, Hollander's poems are a joy for the reader. He is a modern master. *And They Shall Wear Purple* Jean Hollander, 2016-05-10 the color of the soul **Selected Poems** John Hollander, 1972

Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around. Collected poems pretend to be complete but usually are not. Selected poems are altogether unpretentious and reader friendly. But they can be problematic. Who decides what poems are important for inclusion in a volume of selected poems? When the selection occurs during the author's lifetime, may one assume that the author was involved? What motivates the choice of one poem over another? How do readers' preferences influence this choice? How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection? The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now. They offer new insight into the uses both pedagogical and critical of selection. Because *Selected Poems* usually address a large general public, these essays have also been written for all those who wish to know more about how these slimmer, more attractive volumes are produced. *Tricks of the Light* Vicki Hearne, 2008-11-15 From *The Horse That Trotting*: The horse that trotting with open heart Against the wind achieves bend and flow Will live forever So far so good But they never do until too late Bend properly and time spreads from The momentary hesitations Of their spines circles their tossing necks Falls from their teeth like rejected oats Litters the ground like penitence This is where we come in where the drop Of time congeals the air and someone Speaks to the discouraged grass *Tricks of the Light* explores the often fraught

relationships between domestic animals and humans through mythological figurations vibrant thought and late modern lyrics that seem to test their own boundaries Vicki Hearne 1946-2001 best known and celebrated today as a writer of strikingly original poetry and prose was a capable dog and horse trainer and sometimes controversial animal advocate This definitive collection of Hearne's poetry spans the entirety of her illustrious career from her first book *Nervous Horses* 1980 to never before published poems composed on her deathbed But no matter the source each of her meditative metaphysical lyrics possesses that rare combination of philosophical speculation practical knowledge of animals and an unusually elegant style unlike that of any other poet writing today Before her untimely death Hearne entrusted the manuscript to distinguished poet scholar and long time friend John Hollander whose introduction provides both critical and personal insight into the poet's magnum opus *Tricks of the Light* acute vibrant and deeply informed is a sensuous reckoning of the connection between humans and the natural world Praise for *The Parts of Light* Hearne strives to capture exactly what she knows she can't the intense immediacy of animal consciousness a consciousness free of the moral vagaries and intellectual preoccupations that pockmark human experience Her style smooth in some places choppy in others reflects both the wholeness of animal presence and the jarring fragmentary nature of human reason and reflection Hearne's poems demand participation refuse passive enjoyment she dares the reader to stay in the saddle Publishers Weekly **Tesserae** John Hollander, 1995-07-18

Tricks of the Light Vicki Hearne, 2007 **Who's Who in Twentieth Century World Poetry** Alan Parker, Mark Willhardt, 2005-12-05 Publicity Title Foreword by Andrew Motion Poet Laureate 900 entries by 75 international contributors all experts in their field Covers both canonical and lesser known contemporary poets Very broad range of coverage taking in poets from all over the world The only book of its kind to look at non English language poets in such detail **Blue Wine and Other Poems** John Hollander, 1994 Poems on painting and sculpture in which Hollander examines the static dynamic interaction of life and art are balanced against a graceful lyric cycle which is itself a commentary on the meaning of art songs The longer poems in this volume move beyond Hollander's unique blend of meditative elegance closely observed detail and learned wit to explore even further the realms of mythological vision beyond the boundaries of easy irony **Who's who in Twentieth-century World Poetry** Mark Willhardt, Alan Michael Parker, 2002 Global in perspective this comprehensive volume provides biographical information on the greatest poets of the 20th century and critical accounts of their work It features 900 entries by 75 international contributors **The Oxford Book of American Poetry** David Lehman, 2006 Redefines the great canon of American poetry from its origins in the 17th century right up to the present Emma Lazarus: Selected Poems Emma Lazarus, 2005-04-07 The first important American Jewish poet Emma Lazarus is remembered above all for her classic sonnet *The New Colossus* whose phrases Give me your tired your poor have become part of the American language In this new selection of Lazarus's work John Hollander demonstrates that in her relatively brief life she achieved real poetic mastery in a variety of modes In early poems like *Phantasies* and *Symphonic Studies* she explored fluently

imagined inner landscapes suggested by the music of Schumann Later her deepening interest in Jewish history and culture was expressed in such powerful poems as 1492 The New Ezekiel and The Guardian of the Red Disk Influenced both by American models among them her poetic mentor Emerson and by the poets whose work she translated including Heinrich Heine and the medieval Hebrew poets Solomon Ibn Gabirol and Judah ha Levi she forged a poetic style of high technical accomplishment and moral passion Long neglected her work is revealed in this volume as an important contribution to American poetry About the American Poets Project Elegantly designed in compact editions printed on acid free paper and textually authoritative the American Poets Project makes available the full range of the American poetic accomplishment selected and introduced by today s most discerning poets and critics

Ballyhoo Hastings Hensel, 2019-04-02 A poetry collection that grapples with the tragicomic nature of language memory love work and the performative self Though at times whimsical and witty the poems in Hastings Hensel s Ballyhoo inhabit the world beyond and between the punchline In tightly controlled meditations on language s limits and its necessity as well as on the many forms that humor takes comedy laughter farce clowning parody and more Hensel navigates fine lines between joy and sadness jokes and cruelty reality and illusion and irony and sincerity Universal in scope the 47 poems in Ballyhoo are richly idiomatic and evocative They are also frequently grounded in the southern Atlantic coast with its particular ecology characters history and myth The pleasure in reading these poems comes from the original connections Hensel makes between the literary and the gritty an elegy set in a bait shop Twelfth Night s Feste delivering a monologue in a bar a villanelle about a murder on a cruise ship These intelligent insightful poems remind us of the frail but important relationships between comedy memory and identity Ballyhoo offers a sobering examination of the tragicomic nature of the world

Fourteen on Form William Baer, 2009-06 When free verse and its many movements seemed to dominate poetry other writers worked steadfastly insistently and majestically in traditional forms of rhyme and meter Such poets as Anthony Hecht Donald Justice Derek Walcott and Richard Wilbur utilized sonnets villanelles blank verse and many other forms to create dazzling lasting work Their writing posed a counterpoint to free verse sustained a tradition in English language verse and eventually inspired the movement called New Formalism *Fourteen on Form* Conversations with Poets collects interviews with some of the most influential poets of the last fifty years William Baer editor of *The Formalist* asks incisive questions that allow writers to discuss in detail a wide range of topics related to their work methods of composition and the contemporary poetry scene Maxine Kumin reflects on being a woman poet during a period in which women were not

encouraged to submit to journals With clarity and passion Walcott remembers the impetus of his famous Eulogy to W H Auden British poet Wendy Cope talks about the differences between how her barbed poems are received in England and abroad The conversations return continually to the serious matter of poetic craft especially the potential power of form in poetry These well paced conversations showcase poets discussing their creative lives with insight and candor The sum total of their forthright opinions in Fourteen on Form not only elucidates the current situation of the art form but it also serves as a primer for understanding the fundamental craft of poetics **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz,Linda Sternberg Katz,Esther Crain,1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology **A New Theory for American Poetry** Angus Fletcher,2006-03-15 Intense resonant and deeply literary this account of an American poetics shows how today s consumerist and conformist culture subverts the imagination of a free people Poetry the author maintains is central to any coherent vision of life
