**Anthony Ashley Cooper Earl of
Shaftesbury, David Walford**

Selected Pre Critical Writings And Correspondence With Beck:

Selected Pre-critical Writings and Correspondence with Beck Immanuel Kant, 1968 Includes letters from Kant to M Herz J S Beck and others

Selected Pre-critical Writings and Correspondence with Beck [by] Kant Immanuel Kant, G.B. ; tr. and introduced Kerferd, D. E. Walford, P.G. Lucas, 1968 *Selected Pre-critical Writings and Correspondence with Beck. Translated and Introduced by G.B. Kerferd ... and D.E. Walford ... with a Contribution by P.G. Lucas* Immanuel Kant, Jacob Sigismund BECK, George Briscoe KERFERD (M.A.), Peter Gray LUCAS, D. E. WALFORD, 1968 **Kant** Immanuel Kant, 1968

Ethics in the History of Western Philosophy Robert Cavalier, James S. Gouinlock, James P. Sterba, 1989-09-18 this magnificent collection of presentations of the thought of the giants of Western ethics deserves to become a basic reference work in the field Ralph McNerny The University of Notre Dame

Western Philosophies Religion Pomerlaeu, 1998-01-01

Humanitarian Space and International Politics Hikaru Yamashita, 2017-07-05 The creation of safe areas poses a number of difficult challenges to the spatial and normative organization of contemporary international politics As a result academics practitioners and NGOs alike will find the case studies in this informative book essential reading Hikaru Yamashita firstly looks at the case of northern Iraq after the first Iraqi war where safe areas represented a major departure from the conventional notion The different understandings of the Srebrenica safe areas especially with regard to the role of security are also assessed to ascertain how they eventually destroyed this humanitarian space A much needed account of the extent to which humanitarian space intended as shelter in response to Rwandan genocide consequently destabilized the area and provided cover for the genocideurs is additionally provided This well researched book through the prism of safe areas allows a measured assessment to be made of the place of human rights and humanitarianism in the contemporary world

An Inquiry Concerning Virtue, Or Merit Anthony Ashley Cooper Earl of Shaftesbury, David Walford, 1977

The Foundations of Wittgenstein's Late Philosophy Ernst Konrad Specht, 1969 *Twelve Great Philosophers* Wayne P. Pomerleau, 1997 A collection on the historical introduction to human nature *Kantian Ethics Almost without Apology* Marcia W. Baron, 2018-10-18 A reappraisal on the emphasis on duty in Immanuel Kant's ethics is long overdue Marcia W Baron evaluates and for the most part defends Kantian ethics against two frequent criticisms that duty plays too large a role leaving no room for the supererogatory and that Kant places too much value on acting from duty The author first argues that Kant's distinction between perfect and imperfect duties provides a plausible and intriguing alternative to contemporary approaches to charity self sacrifice heroism and saintliness She probes the differences between the supererogationist and the Kantian exploring the motivation between the former's position and bringing to light sharply divided views on the nature of moral constraint and excellence Baron then confronts problems associated with Kant's account of moral motivation she argues that the value that Kant attaches to acting from duty attaches primarily to governing ones conduct by a commitment to doing what morality asks Thus understood Kant's ethics steers clear of the most serious

criticism Of special interest is her discussion of overdetermination Clearly written and cogently argued Kantian Ethics Almost without Apology takes on the most philosophically intriguing challenges to Kantian ethics and subjects them to a rigorous yet sympathetic assessment Readers will find here original contributions to the debate over impartial morality **An**

Encyclopedia of Philosophy G.H.R. Parkinson,2012-10-12 Presents a broad survey of philosophical thought Each chapter explores and places in context a major area of philosophical enquiry including the theory of meaning and of truth the theory of knowledge the philosophies of mathematics science and metaphysics the philosophy of mind moral and political philosophy aesthetics and religion Annotated bibliographies for each chapter and indexes of names and subjects Glossary of commonly used philosophical terms Chronological table of the history of philosophy from 1600 It is a fine achievement and deserves the warmest praise Anyone interested in learning what contemporary philosophical debate is about will find this book invaluable for a book of this size and quality of content the cover price is modest Every public library as well as every university college and school library should have a copy on its shelves Times Higher Education Supplement A stimulating collection Reference Reviews

The Philosophy Of Right And Left J. van Cleve,R.E Frederick,2012-12-06 Incongruent counterparts are objects that are perfectly similar except for being mirror images of each other such as left and right human hands Immanuel Kant was the first great thinker to point out the philosophical significance of such objects He called them counter parts because they are similar in nearly every way incongruent because despite their similarity one could never be put in the place of the other Three important discussions of incongruent counterparts occur in Kant s writings The first is an article published in 1768 On the First Ground of the Distinction of Regions in Space in which Kant con tended that incongruent counterparts furnish a refutation of Leibniz s relational theory of space and a proof of Newton s rival theory of absolute space The second is a section of his Inaugural Dissertation published two years later in 1770 in which he cited incongruent counterparts as showing that our knowledge of space must rest on intuitions The third is a section of the Prolegomena to Any Future Metaphysics of 1783 in which he cited incongruent counterparts as a paradox resolvable only by his own theory of space as mind dependent A fourth mention in the Metaphysical Foundations of Natural Science of 1786 briefly repeats the Prolegomena point Curiously there is no mention of incongruent counterparts in either of the editions 1781 and 1787 of Kant s magnum opus the Critique of Pure Reason **Kantian Imperatives and Phenomenology's Original Forces** Randolph

C. Wheeler,2008 **Kant's Theory of Mind** Karl Ameriks,2000 This text presents a survey and evaluation of Kant s theory of mind It focuses on Kant s discussion of the Paralogisms in the Critique of Pure Reason and examines how the themes raised there are treated in the rest of Kant s writings Reading Religion in Text and Context Peter Collins,2017-05-15 To

what extent is religion inherently textual What might the term textual mean in relation to religious faith and practice These are the two key questions addressed by the eleven thought provoking essays collected in this volume Accounts of the content and structure of sacred texts are commonplace The rather more adventurous aim of this book is to disclose within the context

of religion the various ways in which meaning can be read of more or less obviously sacred writing and from discourses such as the body the built and natural environment drama and ritual

The Location of Religion Kim Knott, 2015-08-12 The ways in which humans interact with their location is an important topic within sociological studies of religion It is integral to the place of religion in secular society The Location of Religion A Spatial Analysis offers an overview of the ways in which religion can be located within social cultural and physical space It examines contemporary spatial theory notably the work of the influential sociologist Henri Lefebvre and the many disciplines that have contributed to the spatial study of religion This volume will be invaluable to all those interested in the role of religion in spatial analysis

The Cambridge Companion to Kant Paul Guyer, 1992-01-31 This 1992 volume is a systematic and comprehensive account of the full range of Kant's writings for the student and advanced scholar alike

The Political Subject of Violence David Campbell, Michael Dillon, 1993 These essays examine various aspects of the violence of the relationship between modern reason and modern political violence drawing upon Nietzschean and Heideggerian themes and the work of contemporary thinkers such as Foucault Derrida and Levinas

Sources, Processes and Methods in Coleridge's 'Biographia Literaria' Kathleen M. Wheeler, 1980-11-27 This is Dr Wheeler's analysis of the Biographia Literaria one of the central prose texts of the Romantic period
