Prophet and Statesmen in Crafting Democracy in India Fabio Leone, 2019-09-05 Drawing on expert works early political and government records and personal correspondence Fabio Leone examines the most commonly cited explanations of the unlikely and puzzling democratization of India He concludes that the creation of Indian democracy is best understood when assessing the combination of capacities and behaviors of the Indian political leadership Through a theoretical framework he demonstrates that Indian democratization was the result of successful interplay between a limited number of key leaders with the main player being Jawaharlal Nehru Prophet and Statesmen in Crafting Democracy in India offers an explanation of the origins of Indian democracy that will interest scholars and students of comparative politics democratization political leadership and South Asian politics and history

Nonalignment and Peace Versus Military Alignment and War Nihal Henry Kuruppu, 2004 The Book Posits That The India Australia Relationship Has Greater Significance Than Previously Recognised As The Largest Democracy In The World One Of The Few In The Region That Has Steadfastly Clung To A Robust Democracy In The Face Of Considerable Challenges Including Early Western Pessimism About Its Future Viability India In View Of Some Is On Course To Become A Major Player In Global Trade And Regional Politics In The New Century

The Cold War in South Asia Paul M. McGarr, 2013-08-01 The Cold War in South Asia provides the first comprehensive and transnational history of Anglo American relations with South Asia during a seminal period in the history of the Indian Subcontinent between independence in the late 1940s and the height of the Cold War in the late 1960s Drawing upon significant new evidence from British American Indian and Eastern bloc archives the book re examines how and why the Cold War in South Asia evolved in the way that it did at a time when the national leaderships geopolitical outlooks and regional aspirations of India Pakistan and their superpower suitors were in a state of considerable flux The book probes the factors which encouraged the governments of Britain and the United States to work so closely together in South Asia during the two decades after independence and suggests what benefits if any Anglo American intervention in South Asia's affairs delivered and to whom

Planning Democracy Nikhil Menon, 2022-03-31 The Indian planning project was one of the postcolonial world's most ambitious experiments Planning Democracy explores how India fused Soviet inspired economic management and Western style liberal democracy at a time when they were widely considered fundamentally contradictory After nearly two centuries of colonial rule planning was meant to be independent India's route to prosperity In this engaging and innovative account Nikhil Menon traces how planning built India's knowledge infrastructure and data capacities while also shaping the nature of its democracy He analyses the challenges inherent in harmonizing technocratic methods with democratic mandates and shows how planning was the language through which the government's aspirations for democratic state building were expressed Situating India within international debates about economic policy and Cold War ideology Menon reveals how India walked a tightrope between capitalism and communism which heightened the drama of its

development on the global stage Revisiting Nehru In Contemporary India Baljit Singh, 2020-04-15 Jawaharlal Nehru being an architect of Indian polity economy and foreign policy set the ball rolling However they have witnessed cataclysmic changes over a period of time Indian polity has witnessed different waves of reorganisation of states evolving democracy spelling out of quasi federal system and building a more inclusive political nation Nehru set the agenda of economic development and framed the strategy of development accordingly In this volume an attempt has made to have a fair understanding about Nehru by placing him in the context in which he worked and by taking into account the challenges that Post Colonial India was facing during his time However the problems faced by the neo liberal economy and the challenges confronting Indian polity and foreign policy have again invoked the relevance of Nehruvian philosophy in contemporary India The contributors to this volume have analysed the diverse aspects of Nehru s thinking and the policies that flowed from it to understand their relevance in contemporary Indian Asian and global context Note T F does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka Non-Aligned Movement Summits Jovan Cavoški, 2022-05-19 Using newly declassified documents from Serbian British Indian Chinese Myanmar U S and Soviet archives Non Aligned Movement Summits shows how the Non Aligned Movement NAM gradually evolved into the third force of Cold War politics enveloping most of the post colonial and non bloc world Jovan Cavo ki follows the evolution of the NAM through its summits and other gatherings during which major political decisions pertaining to the destiny of the Third World were made These events were scrutinized by all major powers and had a corresponding effect on their policies From the Belgrade Conference in 1961 until 1989 all major Third World and non bloc nations met to demonstrate to the Eastern and Western Blocs that they were independent active and respected participants in world affairs Cavo ki shows how these summits were also closely related to events occurring in the relationship between the two blocs providing opportunities for non bloc actors to influence the global balance of power By moving the focus of 20th century international history away from the bloc nations and instead giving developing nations in Africa and Asia due attention this book provides a fresh perspective on Cold War history and fills a significant gap in the literature It is an important study for all students and scholars of the Cold War and international history **Indian Foreign Policy** Priya Chacko, 2013-06-17 The rise of India as a major power has generated new interest in understanding the drivers of its foreign policy This book argues that analysing India s foreign and security policies as representational practices which produce India s identity as a postcolonial nation state helps to illuminate the conditions of possibility in which foreign policy is made Spanning the period between 1947 and 2004 the book focuses on key moments of crisis such as the India China war in 1962 and the nuclear tests of 1972 and 1998 and the approach to international affairs of significant leaders like Jawaharlal Nehru The analysis sheds new light on these key events and figures and develops a strong analytical narrative around India s foreign policy behaviour based on an understanding of its postcolonial identity It is argued that a prominent facet of India s identity is a perception that it is a civilizational state

which brings to international affairs a tradition of morality and ethical conduct derived from its civilizational heritage and the experience of its anti colonial struggle This notion of civilizational exceptionalism as well as other narratives of India s civilizational past such as its vulnerability to invasion and conquest have shaped the foreign policies of governments of various political hues and continue to influence a rising India **The International Ambitions of Mao and Nehru**

Andrew Kennedy,2011-12-29 Why do leaders sometimes challenge rather than accept the international structures that surround their states In *The International Ambitions of Mao and Nehru* Andrew Kennedy answers this question through in depth studies of Chinese foreign policy under Mao Zedong and Indian foreign policy under Jawaharlal Nehru Drawing on international relations theory and psychological research Kennedy offers a new theoretical explanation for bold leadership in foreign policy one that stresses the beliefs that leaders develop about the national efficacy of their states He shows how this approach illuminates several of Mao and Nehru s most important military and diplomatic decisions drawing on archival evidence and primary source materials from China India the United States and the United Kingdom A rare blend of theoretical innovation and historical scholarship *The International Ambitions of Mao and Nehru* is a fascinating portrait of how foreign policy decisions are made **Making Refugees in India** Ria Kapoor,2021-12-23 Offering a global history of India s refugee regime *Making Refugees in India* explores how one of the first postcolonial states during the mid twentieth century wave of decolonisation rewrote global practices surrounding refugees signified by India s refusal to sign the 1951 UN Refugee Convention In broadening the scope of this decision well beyond the Partition of India starting with the so called Wilsonian moment and extending to the 1970s the refugee is placed within the postcolonial effort to address the inequalities of the subject citizenship of the British empire through the fullest realisation of self determination India s strategically ambiguous approach to refugees is thus far from ad hoc revealing a startling consistency when viewed in conversation of postcolonial state building and anti imperial worldmaking to address inequity across the former colonies The anti colonial cry for self determination as the source of all rights it is revealed in this work was in tension with the universal human rights that focused on the individual and the figure of the refugee felt this irreconcilable difference most intensely To elucidate this this work explores contrasts in Indians and Europeans rights in the British empire and in World War Two refugee rehabilitation during Partition the arrival of the Tibetan refugees and the East Pakistani refugee crisis Ria Kapoor finds that the refugee was constitutive of postcolonial Indian citizenship and that assistance permitted to refugees a share of the rights guaranteed by self determination depended on their potential to threaten or support national sovereignty that allowed Indian experiences to be included in the shaping of universal principles **India's Approach to Border Management** Pushpita

Das,2022-12-29 This book attempts to provide a comprehensive understanding of the circumstances which have shaped India s approach towards its international borders and the framework it has developed to better manage its borders The book argues that persistence of various cross border threats and challenges and an absence of robust intra regional trade among

its neighbouring countries forced India to employ a security centric and unilateral approach to border management with emphasis on hardening the borders to cross border trade and travel and keeping the border areas underdeveloped to act as a buffer against external conventional threats Besides discussing the threats and challenges that India faces along the borders the book aims to develop an understanding of India's border management practices by analysing various programmes and initiatives such as the raising of border guarding forces building of physical and electronic fences the establishment of modern facilities for smoothening legitimate cross border travel the development of the border areas through special programmes and increasing trade and connectivity as well as other cooperative bilateral mechanisms Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **Nehru's Bandung** Andrea

Benvenuti, 2024-06-01 This book sheds light on a neglected aspect of India's Cold War diplomacy starting with the role of Indian Prime Minister Jawaharlal Nehru and his Congress government in organizing the first Asian African Conference in Bandung in April 1955 Andrea Benvenuti shows how in the early Cold War Nehru seized the opportunity accorded by the conference to transcend growing international tensions and pursue an alternative vision a neutralized Asian area of peace underpinned by a code of conduct based on the five principles of peaceful coexistence Relying on Indian Western and Chinese archival sources Nehru's Bandung focuses on the policy concerns and calculations as well as the international factors that drove a skeptical Nehru to support Indonesia's diplomatic push for such a gathering It reveals how in Nehru's estimation Bandung also served a further important purpose securing China's commitment to peaceful coexistence without which stability in Asia would be illusory Nehru's support for an Asian African conference did not derive from an emotional commitment to Afro Asian internationalism Instead it stemmed from a desire to promote a third way in an increasingly polarized world and to forge a stable regional order one that would enhance India's external security and domestic prosperity

Learning how to Feel Ute Frevert, Pascal Eitler, Stephanie Olsen, 2014 This volume demonstrates how children through their reading matter were provided with learning tools to navigate their emotional lives presenting this in the context of changing social political cultural and gender agendas the building of nations subjects and citizens and the forging of moral and religious values The Idea of India Sunil Khilnani, 2004 This Long Essay Makes An Eloquent And Persuasive Argument For Nehru's Idea Of Nationhood In India At A Time When The Relevance Of Nehru's Vision Is Under Scrutiny This Book Assumes A Special Significance *Golwalkar* Dharendra K Jha, 2024-10-10 FROM THE AUTHOR OF GANDHI'S ASSASSIN A compelling portrait of M S Golwalkar Thomas Blom Hansen biography of one of the most secretive public figures of post independence India Christophe Jaffrelot A disturbing book because of its revelations on the inner working of the RSS Mridula Mukherjee Madhav Sadashiv Golwalkar or Guruji as he is reverentially referred to by his followers is regarded as the demi god of Hindutva politics and often accorded a status higher than even the founder of the Rashtriya Swayamsevak Sangh K B Hedgewar In 1940 when 34 year old Golwalkar unexpectedly assumed charge of the RSS on Hedgewar's death the Hindu

militia was still in its nascent stage with pockets of influence mainly in Maharashtra Under Golwalkar's leadership over the next three decades the RSS and its allied organizations known as the Sangh Parivar extended its network across the entire country and penetrated almost every aspect of Indian society Golwalkar's ideological influence was enormous and it did not end with his death Golwalkar's prescriptions in his incendiary book *We or Our Nationhood Defined* published in 1939 now became central to the ideological training and radicalization of youth dedicated to the idea of a Hindu Rashtra Here Golwalkar prescribed a solution to India's minority problem based on the Nazi treatment of Jews in the Third Reich As Dharendra K Jha conclusively establishes in this book this would eventually provide the core of the Sangh's credo and as events in the recent past have borne out have a lasting influence on Indian politics Drawing from a wealth of original archival material and interviews the deeply researched and scholarly Golwalkar: The Myth Behind the Man the Man Behind the Machine pierces through the many legends built around the man in the biographies written by his loyalists during his own lifetime Jha traces Golwalkar's path from a directionless youth to a demagogue who plotted to capture political power by countering the secularist vision of nationalist leaders from Nehru to Gandhi Ambitious insecure tactical and secretive Jha draws a compelling and sinister portrait of one of the most prominent Hindutva leaders and of the RSS and its worldview that evolved under him

The Muslims of India A.G. Noorani, 2004-05-21 This volume presents important documents recording reactions of Muslims in the period following Independence and the Partition of India and in the subsequent fifty years Besides key political developments documents on topics such as Hindu revivalism and Muslim responses the Babri Masjid question the Supreme Court's ruling on the Shah Bano case Rajiv Gandhi's discussions with Muslim leader and the issue of personal laws provide insights into Muslim participation in post Independence polity and society This book will interest students and scholars of modern Indian history and politics journalists and general readers

The Sovereign Lives of India and Pakistan Atul Mishra, 2021-10-20 *The Sovereign Lives of India and Pakistan* explores what it has meant for the two countries to act as sovereign states entangled at birth by an unsatisfactory partition Sovereignty is conventionally understood as a means to achieve the goals that states set for themselves This book argues that for India and Pakistan sovereignty has become an end in itself and that its pursuit has aided majoritarianism insecurity and mutual estrangement It examines the trajectory of three problems that the partition of 1947 bequeathed to the two states It investigates the state minority relations national identity debates and contestation over Kashmir to outline the parallel processes of minoritization homogenization and territorialization It shows how these processes signify the two states' quest for sovereignty The scholarship on India and Pakistan often privileges their bilateral relations In contrast the author carries out the deeper task of a single frame analysis and critique of their intertwined statehoods Ultimately the book shows the inadequacy of the nation state form as the basis for political community in the subcontinent It concludes by pointing to the contemporary relevance of alternative ideas of sovereignty and political community in South Asia that were articulated during the first half of the 20th

century The Making of Indian Diplomacy Deep K. Datta-Ray,2015-05-21 Diplomacy is conventionally understood as an authentic European invention which was internationalised during colonialism For Indians the moment of colonial liberation was a false dawn because the colonised had internalised a European logic and performed European practices Implicit in such a reading is the enduring centrality of Europe to understanding Indian diplomacy This Eurocentric discourse renders two possibilities impossible that diplomacy may have Indian origins and that they offer un theorised potentialities Abandoning this Eurocentric model of diplomacy Deep Datta Ray recognises the legitimacy of independent Indian diplomacy and brings new practices He creates a conceptual space for Indian diplomacy to exist forefronting civilisational analysis and its focus on continuities but refraining from devaluing transformational change **The People Next Door** T.C.A. Raghavan,2019-06-01 This book traces the seven decades of the India Pakistan relationship since the bloody Partition of the subcontinent in 1947 Events anecdotes and personalities drive its narrative to illustrate the cocktail of hostility nationalism and nostalgia that defines every facet of Indo Pakistani relations T C A Raghavan illuminates the main events of this tumultuous dynamic through the eyes and words of key players and contemporary observers He exposes how in both countries this shared past is seen through radically different prisms how history keeps resurfacing with unavoidable resonance to this day The People Next Door digs beneath the obvious political military and security issues evoking other perspectives divided families and unwavering friendships peacemakers war mongers and contrarian thinkers intellectual and cultural associations the footprint of Bollywood cricket and literature all are an intrinsic part of this most profoundly tangled of relationships The Little Book of Humanist Funerals Andrew Copson,Alice Roberts,2023-06-08 From the Sunday Times bestselling authors of THE LITTLE BOOK OF HUMANISM A humanist funeral allows us the freedom to remember and celebrate the life of someone in exactly the way we want to and as the most popular alternative to a religious ceremony put us more closely in touch with the precious nature of life In a beautiful collection of insights from humanist celebrants as well as quotes poems and meditations from humanist writers and thinkers throughout history THE LITTLE BOOK OF HUMANIST FUNERALS is the perfect introduction to the humanist approach to life and death **Secular Politics, Communal Agenda** Makkhan Lal,2008 The Indian history writing has never been an easy task because the beginning itself was motivated by the political considerations and religious constraints rather than driven by the principles of historiography This necessarily encouraged historians to distort the history of India so as to fit in certain ideological and religious framework
