Sustainable Human Resource Management Tamás Bányai,2019-10-30 The concept of sustainability is important for companies both in the case of SMEs and worldwide multinational companies Some key factors to help a company achieve its sustainability objectives are based on human resource management Sustainable human resource management is a typical cross functional task that becomes increasingly important at the strategic level of a company Industry 4 0 technologies Internet of Things and competitive demands as signs of globalization have led to significant changes across the organizational structures and human resource strategies of companies The increasing importance of sophisticated human resource strategies in the life of companies and the intention

to find optimal design and operation strategies for sustainable human resource management were a motivation for launching this book. This book offers a selection of papers which explain the impact of smart human resource management on economy. Authors from 14 countries published working examples and case studies resulting from their research in this field. The aim of this book is to help students at the level of BSc, MSc and PhD level as well as managers and researchers to understand and appreciate the concept, design and implementation of sustainable human resource management solutions.

Influencing Organizational Effectiveness Linda Holbeche, 2016-12-08. In this book, Linda Holbeche offers an historical narrative on the changing landscape of work since the 1980s and considers how definitions of organizational effectiveness have changed over time. She considers the characteristics and effects of the neo liberal work culture of new capitalism and how HRM practices have contributed to shaping this work culture. *Influencing Organizational Effectiveness* challenges mainstream thinking around business strategy change and organizational effectiveness and about the roles of HRM and management. While the overall tone of the book is critical, Holbeche argues that HRM can play an active role in giving voice to employees and advancing organizational effectiveness. Grounded in research, this book includes reflective questions, case studies and helpful guidelines to support HRM and organizational development professionals and master's level students. It illustrates what better might look like and how HRM can contribute to a new definition of effectiveness which is aligned to the needs of modern organizations.

THE HIGH PERFORMANCE ENTREPRENEUR Subroto Bagchi, 2008-06-01. Highly readable, crisply written, inspirational reading for any new Indian entrepreneur. Frontline. Difficult though setting up a business is, becoming a high performance entrepreneur is harder still. And yet, of the many thousands who try, there are those who go on to become successful, some even graduate to setting up companies that hold their own against the toughest competition, becoming icons of achievement. In *The High Performance Entrepreneur*, Subroto Bagchi, co-founder and chief operating officer of MindTree Consulting, draws upon his own highly successful experience to offer guidance from the idea stage to the IPO level. This includes how to decide when one is ready to launch an enterprise, selecting a team, defining the values and objectives of the company and writing the business plan, to choosing the right investors, managing adversity and building the brand. Additionally, in an especially illuminating chapter, Bagchi recounts the systems and values which have made Indian IT companies on a par with the best in the world. High performance entrepreneurs create great wealth for themselves as well as for others. They provide jobs crucial for an expanding workforce such as India's and drive innovation. In India as elsewhere, governments have become much more entrepreneur friendly than ever before, and the rewards of being a successful entrepreneur are many. More than just a guide, this is a book that will tap the entrepreneurial energy within you. The tips offered in the book can make all of us businessmen and employers better at our jobs. *Business India*. A wonderful book which will go a long way in guiding aspiring entrepreneurs. *Sahara Times*. A guiding light to budding entrepreneurs. A must read for all those who dream of building a great institution.
