In its evolution from graphic novels to a sprawling multimedia universe, the impact of *The Walking Dead* cannot be understated. Beyond its narrative roots, a passionate community of viewers uses social media to delve deeper into the anxieties and social issues portrayed within the narrative universe. This book uses fan discussions on social media platforms to analyze the series' appeal and its ability to provoke discussions about survival, societal norms, and gender roles, leading to a significant online presence and discussions about the characters' actions and societal issues portrayed. Viewers perceive and champion unconventional actions, especially as the leading female characters defy traditional gender roles.
