## **Self Esteem The Key To Your Child's Future:**

Self-esteem Tony Humphreys, 2002 *Self Esteem The Key to Your Child's Education* is a must for any parent concerned about their children's education and their personal and career development. Parents act as the mirror for their children and their responses to them determine the image children form of themselves. How children see themselves in turn influences their academic progress. This book aims to help parents create a family environment that promotes their own and their children's self-esteem. Dr Humphreys makes it clear that without attention to children's inner conflicts and self-esteem it is unlikely that attempts to increase children's educational efforts will be successful. He sets out a clear plan on how to foster children's love of learning, emphasising that the emotional welfare of children is the cornerstone of their educational development.

**Self-esteem. The key to your child's future** Tony Humphreys, 2008 *Self Esteem in Children* Tony Humphreys, 2004-10-19 Dr Tony Humphreys helps parents create a family environment that promotes self-esteem. He makes it clear that without attention to children's inner conflicts and self-esteem it is unlikely we can foster successfully within them a desire to learn. Self-esteem Tony Humphreys, 1996 YOUR CHILD'S SELF ESTEEM THE KEY TO HIS LIFE DOROTHY CORKILLE BRIGGS, 1970 The Handbook of Gestalt Play Therapy Rinda Blom, 2006 This book is an introduction to gestalt play therapy, a technique which combines the principles of gestalt theory with play techniques so that children are able to use play to address their needs and problems. Research has shown that this approach can be applied successfully in children with different types of emotional problems in order to improve their self support and self-esteem. The Handbook of Gestalt Play Therapy provides the reader with an explanation of gestalt theory, a practical explanation of the gestalt play therapy model and also a wide range of play techniques that can be applied.

*Understanding Teenagers* Tony Humphreys, Helen Ruddle, 2012-08-17 Helping young people towards maturity demands that they be mature themselves. Without such maturity it is difficult to relate fully to the challenging behaviour of some adolescents. A relationship that is genuine, non-judgemental, compassionate, empathic and unconditionally loving is necessary in order to resolve conflicts that so often arise between parents, other adults and teenagers. The authors emphasise that no matter how problematic a young person's behaviour may be, there is a cause or explanation. Appreciation of this goes a long way towards helping young people to resolve that which is troubling them. The book is structured so that each chapter stands on its own, allowing the reader to focus on specific issues that may arise in their own and their teenagers' lives.
