

Self And Identity

WJ Hussar

Self And Identity:

Handbook of Self and Identity, Second Edition Mark R. Leary, June Price Tangney, 2011-12-21 Widely regarded as the authoritative reference in the field this volume comprehensively reviews theory and research on the self Leading investigators address this essential construct at multiple levels of analysis from neural pathways to complex social and cultural dynamics Coverage includes how individuals gain self awareness agency and a sense of identity self related motivation and emotion the role of the self in interpersonal behavior and self development across evolutionary time and the lifespan Connections between self processes and psychological problems are also addressed New to This Edition Incorporates significant theoretical and empirical advances Nine entirely new chapters Coverage of the social and cognitive neuroscience of self processes self regulation and health self and emotion and hypoeegoic states such as mindfulness

Understanding Early Adolescent Self and Identity Thomas M. Brinthaup, Richard P. Lipka, 2002-02-22 Addresses adolescent identity issues and suggests practical approaches to facilitate development and adjustment

Self and Identity Yoshihisa Kashima, Margaret Foddy, Michael Platow, 2002-04-01 This edited volume outlines the latest meta theoretical and theoretical contexts of self research Self and Identity examines theoretical accounts of human experience within the contemporary socio cultural milieu and attempts to answer the question of what it means to be human It provides a clear structure within which to conceptualize contemporary empirical research on self and identity in terms of personal social and symbolic aspects In so doing it identifies the symbolic aspect as an emerging area of contemporary significance Featuring contributions from a distinguished group of scholars and therapists the book is organized into four parts The editors provide section introductions to demonstrate how each chapter relates to the book s overall theme as well as how the chapter authors responded to the editors charge to go beyond the social cognitive theory of the self Part I describes the current meta theoretical context of self research the editors interpretation of the social cognitive approach to the self and an emerging alternative theory the Connectionist Approach Part II highlights personal perspectives on selfhood Part III focuses on social perspectives and Part IV reviews symbolic processes The concluding chapter reviews the book s major themes with overlapping themes and intellectual disputes The book is intended for graduate students and researchers in social and personality psychology interested in self and identity and self research It may also be used as a supplemental text in advanced level courses on self and identity

Self and Identity Daniel Kolak, Raymond Martin, 1991 This anthology gathers the most philosophically interesting contemporary writing on core issues about the self identity and the nature of mind

Self Studies Karl E. Scheibe, 1995-06-13 In this far ranging study Scheibe seeks an understanding of the self and personal identity In doing so he focuses on the various relationships of the self in social environments He examines the major historical perspectives on the self the process or processes of socialization memory and identity and the psychology of national identity A well written look at the essential considerations affecting the self in its development ongoing and

changing identity and its relationships to others and to institutions this study will be of interest to scholars and researchers in psychology and sociology as well as the general reader

Emerging Perspectives on Self and Identity Michael J. Bernstein, Elizabeth L. Haines, 2020-05-21 The broad concept of the self is fundamental to psychology serving as an anchor by which we perceive and make sense of the world as well as how we relate to and think about others This book develops creative points of view of the self which have not previously been reviewed creating a web of interconnected concepts under the umbrella of the self The various contributions to this book discuss these concepts such as self regulation self concept self esteem self awareness social comparison and self reference All of them are related to the self and all would justify a review of their own yet none of them have up to this point As a whole the book develops these new creative points of view of the self the integral primary component of our experience as social beings Offering numerous perspectives on various aspects of the self which can foster new thinking and research this timely and important book makes suggestions for future research that will spur additional lines of work by readers This book was originally published as a special issue of *Self and Identity*

Self-Identity and Everyday Life Harvie Ferguson, 2009-04-08 Identity and selfhood are terms routinely used throughout the human sciences that seek to analyze and describe the character of everyday life and experience Yet these terms are seldom defined or used with any precision and scant regard is paid to the historical and cultural context in which they arose or to which they are applied This innovative book provides fresh historical insights in terms of the emergence development and interrelationship of specific and varied notions of identity and selfhood and outlines a new sociological framework for analyzing it This is the first historical sociological framework for discussion of issues which have until now generally been treated as philosophy or psychology and as such it is essential reading for those undergraduates and postgraduates of sociology philosophy and history and cultural studies interested in the concepts of identity and self It covers a broader range of material than is usual in this style of text and includes a survey of relevant literature and precise analysis of key concepts written in a student friendly style

The Importance of How We See Ourselves Marina A.L. Oshana, 2010-09-28 The past fifteen years have seen a wellspring of interest in the concept and practical nature of the self Questions about the metaphysics of personal identity have preoccupied philosophical scholarship Less attention has been paid to the topic of the self from the first person standpoint the point of view of a person who regards certain phenomena as distinctive of and essential to her identity Nor has much attention been paid to how this concept of the self is related to responsible agency This book argues that a person's self conception affects her status as a responsible agent 1 The book develops a hybrid view of the self as the object of self consciousness that is the subject and owner of the events that occur by means of its agency Agents have unique identities as particular beings and identify themselves distinctively 2 The book argues that a healthy veridical sense of self grounds responsible agency by enabling persons to be aware of what they do and to understand their motives Certain pathologies upset the unity of a person's identity while others impair the lucidity of a person's sense of self

and still others disturb general features of responsible agency such as the capacity to act purposively and realize one's will through intentional behavior. The book explains what it means to be oneself and what departures from this state signify for a person's ability to navigate life and make sense of himself in the process. The notion of acting out of character or failing to be oneself in some noteworthy way is relevant to a person's culpability because an individual's self-conception affects his status as an accountable agent.³ To explain this, the book defends an account of responsible agency. Responsible persons are accountable: alert to normative reasons in support of or in opposition to their behavior and able to respond to reasons for action bearing normative force because these reasons have normative force. Accountable persons are unified agents: a status that calls for an admission.

Self and Identity, 2012 **Social and Personal Identity** Derek Layder, 2004-02-24 How can you understand yourself? Where do your views, attitudes, and values come from, and why do they change? This accessible and illuminating book provides a reliable guide to these questions. The book demonstrates that personal identity is formed around basic needs for security and self-esteem and the personal desires that flow from them. Shows the role of the emotions in personal life. Explores the limits of approaches that deny the existence of individuals and personal experience. Demonstrates how we build on everyday problems and dilemmas of life to shape our moods, attitudes, and feelings. Shrewd and compelling, the book will be of interest to anyone studying Social Psychology and Sociology.

Self, Identity, and Social Institutions D. Heise, N. MacKinnon, 2010-04-26 This book shows how the individual constructs a self from the thousands of colloquial identities provided by a society's culture and reveals how the individual actualizes and sustains an integrated and stable self while navigating the sometimes treacherous waters of everyday institutional life.

Self Identification Management (Sim) Temitayo Oyediran, 2016-08-04 SIM book is not for everyone but it's a packaged combination of great insights, words of encouragement, and action plans for those existing or potential entrepreneurs, business leaders, and managers, all kinds of professionals, youths, adults, parents, and spiritual persons who'll want to fulfill their purpose in life and leave behind a legacy that can live beyond them. It's almost impossible for anyone to achieve anything without knowing who they are, where they are, and what they need to do in order to achieve any of their life's goals. Many of these facts are elicited in the SIM book, and the principles outlined, if implemented and managed properly, can turn a mediocre life into a successful and fulfilling one.

Self and Identity-Regulation and Health James Shepperd, 2017-09-11 First published in 2011, Routledge is an imprint of Taylor and Francis, an information company.

Self-Knowledge and Self-Identity Sydney Shoemaker, 1963 Modernity and Self-Identity Anthony Giddens, 1991 Om den enkeltes rolle i dagens højt tekniske, bureaukratiske samfund.

Self, Identity, and Social Movements Sheldon Stryker, Timothy Joseph Owens, Robert W. White, 2000 **The Power of Self-Identity** Destiny S Harris, 2021-03-22 Whom you decide to be will determine how your life will be. So, who will you be? Will you be insecure or confident? Will you be a pushover or implement firm boundaries? Will you accept who you are or mold to whom everyone else wants you to be? Take charge of your identity today and gather some tools from this read that will elevate and empower your

self identity **Self and Identity** ,2002 Sources of the Self Charles Taylor,1989 A collection of writings and artwork reflecting a cross section of children s thoughts about God as selected by the compiler from more than 4500 submissions

Self-identity and Human Happiness Michael Dahlem,Michael W. Dahlem,2005 Human happiness has been a perennial concern of philosophy The ancients believed that happiness represents the proper final end for mankind Classical utilitarians held that it constitutes the only thing good in itself Even the moral philosophy of the eighteenth century while emphasizing duty offered the promise of happiness This work combines an analysis of the Western philosophical tradition with the insights of Eastern mysticism and modern physics to offer a series of recommendations aimed at achieving the goal of human happiness
