Selling Goodness:

The Goodness of God Randy Alcorn, 2010-08-10 For those times when we're wounded by broken trust assaulted by disease or victimized by evil or when we're crushed to see such things happen to people we love Randy Alcorn offers something solid to hold onto God's love In this specially focused condensation of Alcorn's *If God Is Good Faith in the Midst of Suffering and Evil* we're continually guided into a deeper glimpse of God's loving ways and higher purposes the very things we're often most blinded to whenever we battle pain and anguish Alcorn avoids superficial or sentimental responses and instead presses forward boldly to explore all the troubling doubts and questions that agitate within us when we confront suffering and evil The issues are far from simple the answers far from easy but Alcorn shows how the way of suffering a path that Jesus himself followed more than anyone else can ultimately become a journey into wholeness and even logic defying joy

The Science and Art of Selling James Samuel Knox, 2006-05-01 A prize fighter does not punch his opponent until he is down and out and then keep on striking him He knows better A carpenter does not hammer a nail after it is all the way in and clinched If he did he would loosen it Many a salesman pounds away to get an order after it has been thoroughly clinched in his prospect's mind He sometimes talks the man into buying and then talks him out of it Such a salesman fails without knowing why He believes that no one could have obtained the order He made the sale and lost it but does not realize it from Chapter XVII Resolve to Buy The details change but as anyone who has ever had to sell anything from widgets to ideas surely knows human nature is the greatest obstacle to be overcome by the salesman And human nature is the same today as it was in 1921 when this lost classic bible of salesmanship was first published Expert seller James Samuel Knox explains fundamental factors in business from economics of distribution to the psychology of business the basic principles of salesmanship including arousing interest producing conviction and creating desire efficient inefficient selling methods from motives that move buyers to how not to sell and more OF INTEREST TO sales and marketing specialists students of human psychology American salesman and author JAMES SAMUEL KNOX 1872-1945 also wrote *The Science of Applied Salesmanship* 1911 and *Salesmanship and Business Efficiency* 1922 *Evil in the Modern World* Laura Dryjanska, Giorgio Pacifici, 2022-03-10 This interesting volume focuses on a set of phenomena which increasingly alarm the political world and public opinion from the more obvious ones like torture disease human trafficking abuse genocide displacement to more subtle forms found in sports technology and law It looks at how and why these phenomena are universally condemned and could be considered to threaten the very foundations of modern democracy yet continue to be tolerated The volume therefore goes beyond what Hannah Arendt has called the banality of evil and discusses the presence of condemned and heinous practices in society as fluid and chaotic but as non-trivial capable of great transmutations through various epochs Practices and actions considered as evil manifest in situations where individuals or groups hold power or seize power and the contributions in this volume explore the close relation between power and evil The volume draws upon sociology psychology
