Selling Sin:

Selling Righteously Michael P. Hamer, 2018-05-15 Hamer clearly knows the business of selling. Rich with Scripture verses and biblical principles, this is a book that believers who are in sales will study and refer to often. Bruce K. Bell, Ph.D., Associate Dean of Liberty University's College of General Studies and former Dean of the School of Business, says this is a must-read book for anyone who needs to improve their lot in life because the greatest teachers sell education, the greatest preachers sell faith, and the greatest parents sell their values on to their children. Learn to sell from a master teacher who teaches the principles of the real Master Teacher, Willie Jolley. Best-selling author of *A Setback Is A Setup For A Comeback* and *An Attitude of Excellence*, Selling requires a solid foundation of wisdom and knowledge. Author Michael P. Hamer taps into the world's best source for sound information: the Bible, and connects us with that resource in a fresh way. Jeff Arnette, Executive Producer, Host of *The Arnette Report*, says *Selling Righteously* is the first book that explains how to apply biblical wisdom to all aspects of selling: prospecting, questioning, presenting, closing, servicing, and handling objections. Anyone using this book to increase their income and improve their business relationships should be extremely satisfied. However, the primary reasons for *Selling Righteously* revolve around accountability. Each of us must appear before the judgment seat of Christ to account for everything we do. Everyone needs their accountability appearance to reap heavenly rewards. It makes the reasons for *Selling Righteously* heavenly. 2 Corinthians 5:10: For we must all appear before the judgment seat of Christ, that each one may receive what is due him for the things done while in the body, whether good or bad.

Selling Sin D. Kirk Davidson, 2003-12-30 Marketing such controversial products as cigarettes, alcoholic beverages, gambling, casinos, firearms, and pornography entails a host of issues not faced by marketers working in industries that do not stir political or social opposition. Davidson discusses the reasons for antagonism within each industry, suggests ways for marketers to counter such criticism or to work around it given the restraints imposed, and explains how specific marketing practices can actually lead to increased hostility in the marketplace. This second edition features a new chapter on specific problems that each industry faces in online marketing, which has exploded in certain cases, especially in gambling and pornography. In addition, the new edition updates the legal environment in which each industry operates.
