Eleanor Smith's Hull House Songs Graham

Cassano, Rima Lunin Schultz, Jessica Payette, 2018-11-26 In Eleanor Smith's *Hull House Songs: The Music of Protest and Hope* in Jane Addams's Chicago the authors republish *Hull House Songs* 1916 together with critical commentary. *Hull House Songs* contains five politically engaged compositions written by the Hull House music educator Eleanor Smith. The commentary that accompanies the folio includes an examination of Smith's poetic sources and musical influences, a study of Jane Addams's aesthetic theories, and a complete history of the arts at Hull House. Through this focus upon aesthetic and cultural programs at Hull House, the authors identify the external and internalized forces of domination, class position, racial identity, patriarchal disenfranchisement that limited the work of the Hull House women, while also recovering the sometimes hidden emancipatory possibilities of their legacy. With an afterword by Jocelyn Zelasko.

The Women Founders Patricia Madoo Lengermann, Gillian Niebrugge, 2006-12-31 An essential volume for anyone interested in the history of sociology, the development of sociological theory, or the history of women in the profession, this well-researched, compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods. Further, Lengermann and Niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important. The volume focuses on 15 women in eight chapters. Each chapter begins with a biographical sketch situating each thinker's ideas in a historical, social, and cultural context. Next, the authors analyze the woman's theory, summarizing its underlying assumptions, explicating its major themes, and introducing key vocabulary. The chapter concludes with excerpts from the original texts of the women founders. All the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain. The ethical duty of the sociologist is to seek sound scientific knowledge, to refuse to make the knowledge an end in itself, to speak for the disempowered, to advocate social reform, and to never forget that the appropriate relationship between researcher and subject is one of mutuality.
