Long Trip The Prehistory Of Psychedelia:

The Long Trip Paul Devereux, 1997 A wide variety of psychedelics primarily plants and mushrooms have been used consistently by human societies for ritual purposes for centuries This illuminating book presents a pioneering study of the uses of psychedelic drugs from ancient times to the present Illustrations *Deeper Learning with Psychedelics* David J. Blacker, 2024-06-01 In both clinical and informal settings psychedelics users often report they have undergone something profound and even life altering Yet there persists a confounding inability to articulate just what has been imparted Informed by multidisciplinary emerging research this book provides an account of the specifically educational aspects of psychedelics and how they can render us ready to learn Drawing from indigenous peoples worldwide who typically revere these substances as plant teachers and from canonical thinkers in the western tradition such as Plato Spinoza Kant and Heidegger the author proposes an original set of categories through which to understand the educational capabilities of entheogens psychedelics with visionary qualities It emerges that entheogens real power lies not in destabilizing and decentering turning on and dropping out but as powerful aids in restoring and reenchancing our shared worlds *A Transatlantic Political Theology of Psychedelic Aesthetics* Roger K. Green, 2019-04-02 Arguing that we ought to look to psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics *Tripping* Charles Hayes, 2000-11-01 Provides the much needed coming out of the closet that the psychedelic movement has lacked These stories will captivate inspire caution and educate This courageous book exceeds expectations Rich Doblin President Multidisciplinary Association for Psychedelic Studies MAPS A collection of transformational psychedelic experiences and a guidebook for how to understand them Flash back to a generation ago when the world of psychedelics still coasted in the gritty adventurous do it yourself ethos of Sixties counterculture Hang on for the bumpy thrill ride of the psychedelic experience before it was traded in for the white lab coat of pharmaceutical medicine Read up on the early anecdotes and field reports that have made ketamine and MDMA the newest drugs in mental health treatment In *Tripping* journalist Charles Hayes compiles fifty narratives of psychedelic odysseys from respectable Baby Boomers and young ravers to renowned Beat poet Anne Waldman and preeminent spokesperson Terence McKenna to give readers a glimpse into this transgressive experimental world of self discovery As he liberates psychedelics from their social stigma Hayes explores ancient Greek rites and ecstasy fueled raves sacred indigenous plants and synthetic smart drugs alien encounters and connections with nature the terrifying and the sublime A history cultural timepiece and resource guide all in one *Tripping* is a compendium of forbidden memories whose otherworldly

tales and expository advice will provide insight and inspiration to readers even and especially now twenty years after its original publication

Ploughing the Clouds Peter Lamborn Wilson, 2021-10-20 The Rig Veda written in India about 1500BC praises a holy plant called Soma which is sacrificed and consumed granting the drinker an experience of enlightenment and ecstasy The late Gordon Wasson identified Soma as a magic mushroom *Amanita muscaria* and he and his followers discovered that such Indo Europeans as the ancient Greeks Iranians and Norse had also used a Soma type plant In *Ploughing the Clouds* Peter Lamborn Wilson investigates the probability of a Soma cult in ancient Ireland tracing clues in Irish and other Celtic lore By comparing Celtic folktales romances epics and topographic lore with the Rig Veda he uncovers the Irish branch of the great Indo European tradition of psychedelic or entheogenic shamanism and even reconstructs some of its secret rituals He uses this comparative material to illuminate the deep meaning of the Soma function in all cultures the entheogenic origin of poetic frenzy the link between intoxication and inspiration

Failed God John A. Rush, 2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark's Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an *Amanita muscaria* cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only *Amanita muscaria* but a plethora of mind altering substances *Failed God* *Fractured Myth in a Fragile World* re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur'an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus's simple message of human decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today's world

Cognitive Models and Spiritual Maps Jensine Andresen, Robert K. C. Forman, 2000 This book throws down a challenge to religious studies offering a multidisciplinary approach including developmental psychology neuropsychology philosophy of mind and anthropology

Marijuana Medicine Christian Rätsch, 2001-03-01 A comprehensive survey of the therapeutic historical and cultural uses of cannabis in traditions around the world The most complete visual record of cannabis culture ever published Christian Ratsch is one of the world's foremost ethnopharmacologists and is the current president of the German Society for Ethnomedicine *Marijuana Medicine* explores

Shamans/Neo-Shamans Robert J. Wallis,2003-12-08 In popular culture such diverse characters as occultist Aleister Crowley Doors musician Jim Morrison and performance artist Joseph Beuys have been called shamans In anthropology on the other hand shamanism has associations with sorcery witchcraft and healing and archaeologists have suggested the meaning of prehistoric cave art lies with shamans and altered consciousness Robert J Wallis explores the interface between new and prehistoric shamans The book draws on interviews with a variety of practitioners particularly contemporary pagans in Britain and north America Wallis looks at historical and archaeological sources to explore contemporary pagan engagements with prehistoric sacred sites such as Stonehenge and Avebury and discusses the controversial use by neo Shamans of indigenous particularly native American shamanism *The Re-Enchantment of the West, Vol 2* Christopher Partridge,2006-06-20 Challenging some assessments of religion in the West this study argues that although much organized religion particularly Christianity is in numerical decline in actual fact we are witnessing an alternative spiritual re enchantment of society and culture
