The Philosophy of Envy Sara Protasi, 2021-07-15 Envy is almost universally condemned and feared But is its bad reputation always warranted In this book Sara Protasi argues that envy is more multifaceted than it seems and that some varieties of it can be productive and even virtuous Protasi brings together empirical evidence and philosophical research to generate a novel view according to which there are four kinds of envy emulative inert aggressive and spiteful For each kind she individuates different situational antecedents phenomenological expressions motivational tendencies and behavioral outputs She then develops the normative implications of this taxonomy from a moral and prudential perspective in the domain of personal loving relationships and in the political sphere A historical appendix completes the book Through a careful and comprehensive investigation of envy's complexity and its multifarious implications for human relations and human value *The Philosophy of Envy* surprisingly reveals that envy plays a crucial role in safeguarding our happiness

Chiron in Love: The Astrology of Envy, Rage, Compassion and Wisdom Liz Greene,2023-09-20 This book is based on a seminar originally given by Liz Greene in 2005 entitled Chiron in Love because Chiron s story is most clearly and poignantly enacted in our most personal exchanges with the people closest to us It includes a background of mythic material about Chiron that can help to shed light on the interaction between Chiron in one horoscope and the planets and angles in another In 2020 during the height of the Covid pandemic Liz gave three further online seminars to explore the relationship between Chiron and the global outpouring of helplessness fear rage polarisation and apparently obsessive determination to find scapegoats that has emerged as a result of the pandemic and its psychological consequences Sections of these more recent seminars have been amalgamated with the original seminar resulting in a broad spectrum of themes all related to the central core of Chiron s myth and meaning Ways of permanently healing Chiron s wound and saving the world are not included Instead the emphasis is on the individual and the necessity of working as honestly and insightfully as possible with the feelings of envy rage bitterness and potential wisdom and compassion reflected by Chiron s complex story Astrology students of all levels will find Liz Greene s insights invaluable in working with this paradoxical and challenging astrological symbol

Spinoza's Ethics Benedictus de Spinoza,1910 Love Is Kim Sorrelle,2021-11-23 Engage with a love that transcends social experiments and leads to a radically transformed life Even non Christians are familiar with the Love Chapter of 1 Corinthians read at weddings painted on decorative signs and preached regularly from the pulpit Love is patient love is kind love is The words are so familiar they almost lack meaning a Christianese version of live laugh love But what happens when these verses are taken seriously What would it take for someone to live out the Love Chapter as literally is possible That was the question Kim Sorrelle set out to answer during her yearlong experiment Using 1 Corinthians 13 as a road map she focused on one phrase at a time seeking to understand its true meaning and how it could motivate every daily action And she didn t just look at the best known parts of the passage but also the parts we don t think too deeply about love does not boast does not dishonor others doesn t keep a record of wrongs and more In her attempts to live the Love Chapter

to the letter Kim journeyed all the way to Haiti where she met people who both tested and displayed love to its limits From irritating employees to sexist short term missionaries to curse wielding women to the profoundly kind nuns her encounters are filled with rueful self reflection and comical commentary as well as a new understanding of the nuances and power of true love in action Kim s transformation into someone who truly loves like Jesus will challenge readers to think more deeply about how they can manifest love in their own lives and will reveal the power of Christlike devotion that is unwearied and humble contented and forgiving Above all her exploration is an incredible encounter with the filling strengthening love of God a love that truly never fails

Melanie Klein Julia Segal, 2004-08-10 Praise for First Edition The book is very intimate the first chapter on Klein s personal and professional life is extremely candid and enlightening Will be

enjoyed by pre professional students and psychoanalytically oriented theoreticians and practitioners Choice Melanie Klein was without doubt one of the most influential figures in the development of psychoanalysis Whilst constantly challenging Freud's theories and at the same time placing more importance on some of the neglected aspects of his work Klein developed new psychoanalytic concepts from her detailed observations of the behaviour and thought processes of the children and adults she treated in the consulting room In this Second Edition of Melanie Klein Julia Segal uses case studies of Klein's sessions with children to show how she developed her unique form of communication with her clients As well as assessing Klein's major theoretical and practical contributions to the profession the author examines and challenges the criticisms aimed at Klein and traces her influence on counsellors and psychotherapists working today In contrast to existing books which require specialist psychoanalytic knowledge Julia Segal provides a concise and refreshing introduction to Klein's life and work which is accessible to all
