The Original Poems of Luis de León Luis de León, 1961 **Luis de Leon, 1528-1591. [With a Portrait.]** Adolphe Coster, 1921 Law and Apocalypse: The Moral Thought of Luis De León (1527?-1591) Karl A. Kottman, 1972-07-31 This book has two purposes The first is clearly historical the second is more philosophical and interpretive Its success in the former will be less arguable than its attainment of the latter The contribution to the history of Spanish letters consists in critically establishing the fact that the sources of Fray Luis de León's moral and spiritual thought are Hebraic and that he can be seen to stand as one in a long line of Christian Hebraists both scholastic and humanist His philosophical views are cast in an Hebraic tradition not in an Hellenic one as supposed by nearly every other commentator I have stressed the presence of a living Hebrew culture in Spain after 1492 and I have suggested that this and the Jewish parentage of Fray Luis are very significant I have also identified an intellectual debt Fray Luis owed to non Jewish Orientalists such as Egidio da Viterbo and Girolamo Seripando But even they learned from exiled Spaniards I want to present Fray Luis as a most characteristic thinker in the world of Baroque Spain I think most will agree with the picture I have outlined The more audacious aspect is my wish to show the importance of the Jewish heritage as found in the literary and philosophical production of this remarkable genius It is of course my contention that today knowledge about Fray Luis and what he stood for is extraordinarily important *Encyclopedia of Renaissance Philosophy* Marco Sgarbi, 2022-10-27 Gives accurate and reliable summaries of the current state of research It includes entries on philosophers problems terms historical periods subjects and the cultural context of Renaissance Philosophy Furthermore it covers Latin Arabic Jewish Byzantine and vernacular philosophy and includes entries on the cross fertilization of these philosophical traditions A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is rather simply to cover the philosophy of the period between 1300 and 1650 The Strife of Tongues Colin P. Thompson, 1988 This book looks at the poetry of Fray Luis de León together with other works in both Latin and Spanish of biblical and classical texts *Homenaje a Fray Luis de León en El Cuarto Centenario de Su Nacimiento. [By Various Authors. With a Portrait and a Bibliography.]* Luis de León, 1928
