Lorca in Tune with Falla Nelson R. Orringer, 2014-02-05

Federico García Lorca 1889-1936 is widely regarded as the greatest Spanish poet of the twentieth century. Manuel de Falla 1876-1946 is Spain's most performed composer of the same period. The two were very different: Lorca was gay, liberal, and a member of the avant-garde, while Falla was a devout Catholic. Yet they had a profound mutual influence. The two developed an intimate friendship which ended when Lorca was shot by Nationalist forces at the beginning of the Spanish Civil War. *Lorca in Tune with Falla* is the first book to trace Lorca's impact on Falla's music and Falla's influence on Lorca's writings. Nelson R. Orringer explores the music underlying Poem of Deep Song, Gypsy Ballads, and Lament for Ignacio Sánchez Mejías, as bringing out the analogous sounds and ideas that emerge in the active, ongoing connection between the artworks of both creators. The book emphasizes how this harmony increases knowledge and appreciation of both artists.

Ashé-Caribbean Literary Aesthetic in the Cuban, Colombian, Costa Rican, and Panamanian Novel of Resistance Thomas Wayne

Edison, 2020-09-28 *Ashé-Caribbean Literary Aesthetic in the Cuban, Colombian, Costa Rican, and Panamanian Novel of Resistance* contributes to understanding the important role that African-influenced spiritual cultures play in literature that challenges the concept that European aesthetics are superior to African-inspired cultures. Thomas W. Edison highlights the novels of four courageous Caribbean writers who have used their novels to integrate aspects of African ontology with literary techniques, themes, and history. The common element in these works is the inclusion of African-inspired faith traditions and culture. As a result of this perspective, their literature stands out as keen examples of Ashé-Caribbean resistance literature. While each writer presents their unique literary style, in the works collectively they draw on a foundation of the Afro-Caribbean. The Circum-Caribbean region will be the geographical unit because of its collective history of slavery, colonial rule, and parallel patterns of religious syncretism. This book makes an important literary connection among Caribbean Hispanophone nations.

From Viracocha to the Virgin of Copacabana Verónica Salles-Reese, 2010-07-05 Surrounded by the peaks of the Andean cordillera, the deep blue waters of Lake Titicaca have long provided refreshment and nourishment to the people who live along its shores. From prehistoric times, the Andean peoples have held Titicaca to be a sacred place, the source from which all life originated and the site where the divine manifests its presence. In this interdisciplinary study, Verónica Salles-Reese explores how Andean myths of cosmic and ethnic origins centered on Lake Titicaca evolved from pre-Inca times to the enthronement of the Virgin of Copacabana in 1583. She begins by describing the myths of the Kolla pre-Inca people and shows how their Inca conquerors attempted to establish legitimacy by reconciling their myths of cosmic and ethnic origin with the Kolla myths. She also shows how a similar pattern occurred when the Inca were conquered in turn by the Spanish. This research explains why Lake Titicaca continues to occupy a central place in Andean thought despite the major cultural disruptions that have characterized the region's history. This book will be a touchstone in the field of Colonial literature and an important reference for Andean religious and intellectual history.
