Lunacy Of Light Emily Dickinson And The Experience Of Metaphor:

Lunacy of Light Wendy Barker, 1987 Are you afraid of the sun Emily Dickinson asked a friend in 1859 Wendy Barker states here that that apparently casual query reveals a major theme of Dickinson's poetry a theme she shares with women writers ranging from Anne Finch to Anne Sexton It is a tradition based upon the inversion of the traditional male centered metaphors of light and dark Through time the light giving sun has represented vitality order God the light swallowing night death chaos Satan These metaphors are reinforced in the writing of Emerson Thoreau Hawthorne and Keats but Eliot Bront Browning and Dickinson use the sun and images of light quite differently Barker argues that since light was a masculine tradition it had come to represent male power energy sexuality not only to Dickinson but to other women writing during the era To these writers the inversion of the light darkness metaphor became a countertradition used as a means to express their energies in a society that was hostile to their intelligence Dickinson who read avidly could not have been insensitive to this usage of light as a masculine symbol of her Calvinist God of her father of all that was male and of darkness as a feminine symbol Emily Dickinson thought in a richly symbolic manner Her most frequently used metaphor is one of light in contrast to darkness employing single word references to light more than one thousand times in her 1 775 poems Barker offers close readings and new interpretations of some previously overlooked or misunderstood poems and demonstrates that Many of her most ecstatic images are of little lights created from darkness In answer to those critics who have characterized her poems as being piecemeal Barker argues that Dickinson's consistent use of light as a metaphor unifies her poetry In her final chapter Barker explores the ways in which twentieth century female writers have carried on the countertradition of the light darkness metaphor That Dickinson was able so brilliantly to transform and transcend the normative metaphoric patterning of her culture creating in effect a metaphor of her own has much to do with the genius of her art **The Cambridge**

Companion to Emily Dickinson Wendy Martin, 2002-09-05 Emily Dickinson one of the most important American poets of the nineteenth century remains an intriguing and fascinating writer The Cambridge Companion to Emily Dickinson includes eleven new essays by accomplished Dickinson scholars They cover Dickinson's biography publication history poetic themes and strategies and her historical and cultural contexts As a woman poet Dickinson's literary persona has become incredibly resonant in the popular imagination She has been portrayed as singular enigmatic and even eccentric At the same time Dickinson is widely acknowledged as one of the founders of American poetry an innovative pre modernist poet as well as a rebellious and courageous woman This volume introduces new and practised readers to a variety of critical responses to Dickinson's poetry and life and provides several valuable tools for students including a chronology and suggestions for further reading **The Relevance of Metaphor** Josie O'Donoghue, 2021-11-27 This book considers metaphor as a communicative phenomenon in the poetry of Emily Dickinson Elizabeth Bishop and Seamus Heaney in light of the relevance theory account of communication first developed by Dan Sperber and Deirdre Wilson in the 1980s The first half of the book

introduces relevance theory situating it in relation to literary criticism and then surveys the history of metaphor in literary studies and assesses relevance theory's account of metaphor including recent developments within the theory such as Robyn Carston's notion of the lingering of the literal. The second half of the book considers the role of metaphor in the work of three nineteenth and twentieth century poets through the lens of three terms central to relevance theory: inference, implicature, and mutual manifestness. The volume will be of interest to students and scholars working in literary studies, pragmatics, and stylistics, as well as to relevance theorists. *Light as Experience and Imagination from Medieval to Modern Times* David S. Herrstrom, 2022-11-21

In *Light as Experience and Imagination from Medieval to Modern Times* David S. Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times. The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times. Consequently, it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light, optical science, but rather with subjective reactions as reflected in art, architecture, and literature. Instead of its evolution, this book celebrates the complexity of our relation to light's character. No individual experience of light being truer than any other.

Emily Dickinson and the Art of Belief Roger Lundin, 2004-02-03. Garnering awards from Choice, Christianity Today, Books Culture, and the Conference on Christianity and Literature when first published in 1998, Roger Lundin's *Emily Dickinson and the Art of Belief* has been widely recognized as one of the finest biographies of the great American poet Emily Dickinson. Paying special attention to her experience of faith, Lundin skillfully relates Dickinson's life as it can be charted through her poems and letters to nineteenth-century American political, social, religious, and intellectual history. This second edition of Lundin's superb work includes a standard bibliography, expanded notes, and a more extensive discussion of Dickinson's poetry than the first edition contained. Besides examining Dickinson's singular life and work in greater depth, Lundin has also keyed all poem citations to the recently updated standard edition of Dickinson's poetry. Already outstanding, Lundin's biography of Emily Dickinson is now even better than before. **Emily Dickinson and the Religious**

Imagination Linda Freedman, 2011-09-01. Dickinson knew the Bible well. She was profoundly aware of Christian theology, and she was writing at a time when comparative religion was extremely popular. This book is the first to consider Dickinson's religious imagery outside the dynamic of her personal faith and doubt. It argues that religious myths and symbols, from the sun god to the open tomb, are essential to understanding the similitic movement of Dickinson's poetry: the reach for a comparable, though not identical, experience in the struggles and wrongs of Abraham, Jacob, and Moses, and the life, death, and resurrection of Christ. Linda Freedman situates the poet within the context of American typology, interprets her alongside contemporary and modern theology, and makes important connections to Shakespeare and the British Romantics. Dickinson emerges as a deeply troubled thinker who needs to be understood within both religious and Romantic traditions. Inside

Thornton Wilder, Classical Reception, and American Literature Stephen J. Rojcewicz, Jr., 2021-11-25 This book delineates how Thornton Wilder 1897-1975 a learned playwright and novelist embeds himself within the classical tradition integrating Greek and Roman motifs with a wide range of sources to produce heart

breaking masterpieces such as *Our Town* and comedy sensations such as Dolly Levi. Through this study of archival sources and close reading, readers will understand Wilder's avant garde staging and innovative time sequences not as a break with the past but as a response to the classics. The author traces the genesis of unforgettable characters like Dolly Levi in *The Matchmaker*, Emily Webb in *Our Town*, and George Antrobus in *The Skin of Our Teeth*. Vergil's expression "Here are the tears of the world and human matters touch the heart" haunts Wilder's oeuvre. Understanding Vergil's phrase as tears for the beauty of the world, Wilder utilizes scenes depicting the beauty of the world and the sorrow when individuals recognize this too late. Wilder exhorts us to observe lovingly, alert to the wonder of the everyday. This work will appeal to actors and directors, professors and students in classics and in American literature, those fascinated by modern drama and performance studies, and non-specialists, theatregoers and readers in the general public.

Critical Companion to Emily Dickinson Sharon Leiter, 2007. *Critical Companion to Emily Dickinson* is an encyclopedic guide to the life and works of Emily Dickinson, one of the most famous and widely studied American poets of the 19th century.

The Body and the Song Marilyn May Lombardi, 1995. In this original contribution to Elizabeth Bishop studies, Marilyn May Lombardi uses previously unpublished materials—letters, diaries, notebooks, and unfinished poems—to shed new light on the poet's published work. She explores the ways Bishop's lesbianism, alcoholism, allergic illnesses, and fear of mental instability affected her poetry, the ways she translated her bodily experiences into poetic form. A cornerstone of *The Body and the Song* is the poet's thirty-year correspondence with her physician Dr. Anny Baumann, who was both friend and surrogate mother to Bishop. The letters reveal Bishop's struggles to understand the relation between her physical and creative drives. Dr. Anny also helped Bishop unravel the connections in her life between psychosomatic illness and early maternal deprivation; her mother was declared incurably insane and institutionalized in 1916 when Bishop was five years old. Effectively an orphan, she spent the rest of her childhood with relatives. In addition to these letters, Lombardi uses Bishop's unpublished notebooks to demonstrate the poet's resolve to face the facts, to confront her own emotional, intellectual, and physical frailties, and to translate them into poetry that is clear-eyed and economical in its form. Lombardi argues that in her subtle way, Bishop explores the same issues that preoccupy the current generation of women writers. A deeply private artist, Bishop never directly refers to her homosexuality in her published work, but the metaphors she draws from her carnal desires and aversions confront stifling cultural prescriptions for personal and erotic expression. In choosing restraint over confession, Bishop parted company with her friend Robert Lowell, but Lombardi shows that her reticence becomes a powerful artistic strategy, resulting in poetry remarkable for its hermeneutic potential. Informed by recent gender criticism, Lombardi's lucid argument advances our understanding of the ways the material circumstances of life can be transformed into art.

American Designs Jeanne Campbell Reesman, 2016-11-11. *American Designs* addresses three major literary critical issues: the hermeneutics of the novel genre, the intense importance of this genre for American literature, and the way James and Faulkner, by writing within hermeneutic

traditions of the modern American novel explore further than any other writers the particular functions of the novelistic designs they inherited and transformed Jeanne Campbell Reesman contends that in the late fiction of James and Faulkner the search for knowledge of the self and others is presented as a metafictional issue of power authority and freedom While their own interests lead characters in the novels to enact designs on other characters the novels themselves undermine the validity of any single imposed design American writers Reesman argues develop narrative structures that fail to close There is an open ended search for American identity Structures remain unfinished or unresolved or disunified in order to allow human beings a certain freedom from closed design and they do this out of a dual reaction against both Old World tradition and New World Puritanism Reesman probes the relationship between narrative design and the problem of knowledge in American literature in her resonant readings of *The Ambassadors* *Absalom Absalom* *The Golden Bowl* and *Go Down Moses* James and Faulkner of course never knew each other but in this first book length comparison of these major authors Reesman convinces her reader that they would have had a great deal to say to each other American Designs will be of interest to scholars and students of American literature

Reading Beyond the Code Terence Cave, Deirdre Wilson, 2018-05-10 This book explores the value for literary studies of the model of communication known as relevance theory Drawing on a wide range of examples lyric poems by Yeats Herrick Heaney Dickinson and Mary Oliver novels by Cervantes Flaubert Mark Twain and Edith Wharton nine of the ten essays are written by literary specialists and use relevance theory both as a broad framing perspective and as a resource for detailed analysis The final essay by Deirdre Wilson co founder with Dan Sperber of relevance theory takes a retrospective view of the issues addressed by the volume and considers the implications of literary studies for cognitive approaches to communication Relevance theory described by Alastair Fowler as nothing less than the makings of a radically new theory of communication the first since Aristotle's offers a comprehensive pragmatics of language and communication grounded in evidence about the ways humans think and behave While designed to capture the everyday murmur of conversation gossip peace making hate speech love speech body language and the chatter of the internet it covers the whole spectrum of human modes of communication including literature in the broadest sense as a characteristically human activity *Reading Beyond the Code* is unique in using relevance theory as a prime resource for literary study and it is also the first to claim that the model works best for literature when understood in the light of a broader cognitive approach focusing on a range of phenomena that support an embodied conception of cognition and language This broadened perspective serves to enhance the value for literary studies of the central claim of relevance theory that the code model is fundamentally inadequate to account for human communication and in particular for the modes of communication that are proper to literature

Writing Love Katharine Ann Jensen, 1995 In this compelling new addition to Sandra M Gilbert's *Ad Feminam Women and Literature* series Katharine Ann Jensen examines the cultural form of the love letter and its intersection with the novel in the works of seventeenth and eighteenth century French women writers Traditionally French literary history has focused on eighteenth century male writers Rousseau and Laclos as the master artists of the epistolary novel That emphasis on one century one gender and one epistolary form the novel obscures the history of women's writing in France In the seventeenth century the love letter was viewed as a feminine literary form in which a woman's passionate and emotional nature found its logical expression Such emotional writing was criticized for its structural and grammatical imperfections rendering it in the eyes of men invalid as true literary material However men often wrote under female pseudonyms composing letters of seduction and betrayal that were published as true accounts Jensen contends that men disguised their words as women's words because writing as women allowed them to experiment with narrative fiction at a time when men's writing was rigidly defined by classical rhetoric She further argues that men were able to moderate women's linguistic strengths by limiting their epistolary expertise to a social rather than literary practice thereby maintaining literature as an almost exclusively male province Jensen argues for a tradition of women's writing by examining both the love letters and novels of such writers as Desjardins Ferrand Graffigny Riccoboni and Lespinasse In her novel *Les D sordres de l amour* Desjardins Madame de Villedieu creates an ambitious letter writing heroine Through an analysis of the textual similarities between the heroine's letters and Desjardins's personal love letters to her unfaithful lover Jensen concludes that Desjardins rewrites her own unfortunate epistolary relationship Jensen draws similar conclusions from an examination of the personal letters of Ferrand in relation to her novel *Histoire des amours de Cl ante et de B lise* In order to chart the legacy of seventeenth century feminine epistolarity Jensen goes on to consider the works of eighteenth century French women writers Like Desjardins's novel Graffigny's *Lettres d une P ruviennne* and Riccoboni's *Lettres de Mistress Fanni Butlerd* present letter writing heroines who overturn the conventions of seduction and betrayal in order to claim their independence and desire to write This desire correlates to Graffigny's and Riccoboni's own writing ambitions thereby asserting the ability of women to write self consciously rather than emotionally and to create narrative fiction rather than cyclical letters of love and suffering Jensen demonstrates that these assertions constitute a significant break with seventeenth century ideas about feminine letter writing that inextricably

bind women to a supposedly natural language of sexual and literary disempowerment This important and insightful book will prove a valuable addition to the libraries of scholars in French seventeenth and eighteenth century studies feminist studies epistolary fiction and novel and narrative studies

He Knew She was Right Jane Nardin, 1989 Trollope's mother wife and a friend he loved platonically most of his life provided him three very different views of the Victorian woman And according to Jane Nardin they were responsible for the dramatic shift in his treatment of women in his novels This is the first book in Sandra Gilbert's Ad Feminam series to examine a male author Nardin initially analyzes the novels Trollope wrote from 1855 to 1861 in which male concerns are central to the plot and women are angelic heroines submissive and self sacrificing Even the titles of his novels written during this period are totally male oriented The Three Clerks Doctor Thorne and The Bertrams all refer to men Shortly after meeting Kate Field Trollope wrote Orley Farm which refers to the estate an angry woman steals from her husband and which marks a change in the attitudes toward women evident in his novels His next four books The Small House at Allington Rachel Ray Can You Forgive Her and Miss Mackenzie prove that women's concerns had become central in his writing Nardin examines specific novels written from 1861 to 1865 in which Trollope with increasing vigor subverts the conventional notions of gender that his earlier novels had endorsed Nardin argues that his novels written after 1865 and often recognized as feminist are not really departures but merely refinements of attitudes Trollope exhibited in earlier works
