Telling Lies about Hitler Richard J. Evans, 2002 Richard J Evans worked on the historical evidence on behalf of the defence during the Irving libel trial In Telling Lies about Hitler the author discusses the importance of historical writing and the social role of historians in such trials **Lying About Hitler** Richard Evans, 2002-04-18 In ruling against the controversial historian David Irving whose libel suit against the American historian Deborah Lipstadt was tried in April 2000 the High Court in London labeled Irving a falsifier of history No objective historian declared the judge would manipulate the documentary record in the way that Irving did Richard J Evans a Cambridge historian and the chief adviser for the defense uses this famous trial as a lens for exploring a range of difficult questions about the nature of the historian's enterprise

Lying About Hitler Richard J. Evans, 2008-08-04 In ruling against the controversial historian David Irving in his libel suit against the American historian Deborah Lipstadt last April 2000 the High Court in London labeled him a falsifier of history No objective historian declared the judge would manipulate the documentary record in the way that Irving did Richard J Evans a Cambridge historian and the chief advisor for the defense uses this pivotal trial as a lens for exploring a range of difficult questions about the nature of the historian's enterprise For instance don't all historians in the end bring a subjective agenda to bear on their reading of the evidence Is it possible that Irving lost his case not because of his biased history but because his agenda was unacceptable The central issue in the trial as for Evans in this book was not the past itself but the way in which historians study the past In a series of short sharp chapters Richard Evans sets David Irving's methods alongside the historical record in order to illuminate the difference between responsible and irresponsible history The result is a cogent and deeply informed study in the nature of historical interpretation **Reseña de "Lying about Hitler: History, Holocaust and the David Irving Trial" de Richard J. Jones, 2020-10-06 History in a Post Truth World Theory and Praxis explores one of the most significant paradigm shifts in public discourse A post truth environment that appeals primarily to emotion elevates personal belief and devalues expert opinion has important implications far beyond Brexit or the election of Donald Trump and has a profound impact on how history is produced and consumed Post truth history is not merely a synonym for lies This book argues that indifference to historicity by both the purveyor and the recipient contempt for expert opinion that contradicts it and ideological motivation are its key characteristics Taking a multidisciplinary approach this work explores some of the

Gass, 2019-10-08 Throughout his career William Gass relentlessly pushed at the boundaries of language celebrating the music of the sentence and the aesthetics of the written word Now the best and most important of his work is collected in one volume There are essays on Plato Hobbes James Joyce Beckett Stein Gaddis Sterne Ford Madox Ford Thomas Mann There are pieces that examine the inner workings of writing There is his masterful short fiction from the perfectly crafted novella *In Camera* to the mythical *In the Heart of the Heart of the Country* And there are excerpts from his novels including his magnum opus *The Tunnel* Taken together this collection is a peerless essential celebration of literature and an invaluable guide for anyone who wants to understand how great writing works [The Long Night](#) Steve Wick, 2011-08-02 The story of legendary American journalist William L Shirer and how his first hand reporting on the rise of the Nazis and on World War II brought the devastation alive for millions of Americans When William L Shirer started up the Berlin bureau of Edward R Murrow's CBS News in the 1930s he quickly became the most trusted reporter in all of Europe Shirer hit the streets to talk to both the everyman and the disenfranchised yet he gained the trust of the Nazi elite and through these contacts obtained a unique perspective of the party's rise to power Unlike some of his esteemed colleagues he did not fall for Nazi propaganda and warned early of the consequences if the Third Reich was not stopped When the Germans swept into Austria in 1938 Shirer was the only American reporter in Vienna and he broadcast an eyewitness account of the annexation In 1940 he was embedded with the invading German army as it stormed into France and occupied Paris The Nazis insisted that the armistice be reported through their channels yet Shirer managed to circumvent the German censors and again provided the only live eyewitness account His notoriety grew inside the Gestapo who began to build a charge of espionage against him His life at risk Shirer had to escape from Berlin early in the war When he returned in 1946 to cover the Nuremberg trials Shirer had seen the full arc of the Nazi menace It was that experience that inspired him to write *The Rise and Fall of the Third Reich* the magisterial definitive history of the most brutal ten years the modern world had known which has sold millions of copies and has become a classic Drawing on never before seen journals and letters from Shirer's time in Germany award winning reporter Steve Wick brings to life the maverick journalist as he watched history unfold and first shared it with the world **Political Trials in Theory and History** Jens Meierhenrich, Devin O. Pendas, 2017-02-27 From the trial of Socrates to the post 9 11 military commissions trials have always been useful instruments of politics Yet there is still much that we do not understand about them Why do governments use trials to pursue political objectives and when What differentiates political trials from ordinary ones Contrary to conventional wisdom not all political trials are show trials or contrive to set up scapegoats This volume offers a novel account of political trials that is empirically rigorous and theoretically sophisticated linking state of the art research on telling cases to a broad argument about political trials as a socio legal phenomenon All the contributors analyse the logic of the political in the courtroom From archival research to

participant observation and from linguistic anthropology to game theory the volume offers a genuinely interdisciplinary set of approaches that substantially advance existing knowledge about what political trials are how they work and why they matter
