The Lyrical Novel; Studies in Hermann Hesse, Andre Gide, and Virginia Woolf Ralph Freedman, 1971 novel: studies in Hermann Hesse, Andre Gide, and Vriginia Woolf Ralph Freedman, 1971 Katherine Blood Hoffman, 1963 Hermann Hesse Harold Bloom, 2003 Hermann Hesse's introspective lyrical writing won him praise from the literary world while his sense of estrangement from industrialized civilization and endorsement of pacificism brought him wide popular approval Winner of the Nobel Prize for The Glass Bead Game Hesse renders life s callings in a way that has called readers to a renewed sense of purpose and possibility Lyric Generations G. Gabrielle Starr, 2015-11-01 Eighteenth century British literary history was long characterized by two central and seemingly discrete movements the emergence of the novel and the development of Romantic lyric poetry. In fact recent scholarship reveals that these genres are inextricably bound constructions of interiority developed in novels changed ideas about what literature could mean and do encouraging the new focus on private experience and self perception developed in lyric poetry In Lyric Generations Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer Spenser Shakespeare and Milton She argues instead that novelists such as Richardson Haywood Behn and others while drawing upon earlier lyric conventions ushered in a new language of self expression and community which profoundly affected the aesthetic goals of lyric poets Examining the works of Cowper Smith Wordsworth Coleridge and Keats in light of their competitive dialogue with the novel Starr advances a literary history that considers formal characteristics as products of historical change In a world increasingly defined by prose poets adapted the new forms characters and moral themes of the novel in order to reinvigorate poetic practice Joseph Conrad and the Fictions of Skepticism Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad's skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present Conrad's epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author's rethinking of the peculiar relation between philosophy and literary form in Conrad's writing and more broadly for reconsidering what it means to call any novel philosophical Among the issues freshly argued are Conrad's thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy The author also offers a new way of conceptualizing the shape of Conrad's career especially the decline evidenced in the later fiction The uniqueness of Conrad's multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel A philosophical approach to Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages Conrad's interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in Tales of Unrest and Heart of Darkness spills over into a religious impulse that resists the disintegrating effect of Conrad's skepticism. The author then turns to Hume to model the authorial skepticism that in Lord Jim contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in Nostromo and The Secret Agent The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad s last great fiction of skepticism Under Western Eyes situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness Novels of Virginia Woolf Randhir Pratap Singh, 2004-12 **Studies in Literature in English** Mohit K. study of the fiction of Virginia Woolf The book examines what is generally described as a traditional novel examining such works as Jacob's Room and the way in which meaning is nonetheless conveyed poetically. The book argues that her early novels are shown to contain writing of considerable sophistication and maturity and how her major works of fiction are approached in a more specific way Mrs Dalloway through its poetic rhythms To the Lighthouse as a multi perspectival exploration of a reality embodied in a single image and The Waves as a play poem A Companion to the Works of Rainer Maria Rilke Erika Alma Metzger, Michael M.
