MacArthur In Korea:

MacArthur's War Stanley Weintraub, 2001 A devastating critique of a general whose pride egomania and insubordination nearly led America into World War III is based on eye opening research by an eminent biographer military historian and veteran of the Korean War of photos *Command Crisis* D. Clayton James, 1982 [The Truman-MacArthur Controversy and the Korean War](#) John W. Spanier, 1959 No detailed description available for The Truman MacArthur Controversy and the Korean War **General MacArthur's Strategic Success During The Early Months Of The Korean War** LTC James D. Clay, 2015-11-06 Many military professionals regard General of the Army Douglas MacArthur as a very polarizing figure in military history from his strategic use of maneuver to defeat the Japanese at Leyte to his public defiance of the Commander in Chief President Truman on his policy towards the Korean War Seen by many as a tactical genius while others viewed him as an egomaniac General MacArthur exhibited both sides of this complex character but the evidence shows that MacArthur possessed a level of military competence that set him apart from his contemporaries In 1950 MacArthur demonstrated one of his most embarrassing defeats as well as one of his most brilliant successes within the course of ten weeks MacArthur exemplifies a level of confidence that earned him the modern reputation as an operational artist from his ability to turn the tide of war and restore South Korea's sovereignty **MacArthur in Korea** Robert Smith, 1982 A detailed examination of MacArthur's actions in Korea reveals lesser known aspects of the general's character and ambitions **MacArthur's X Corps in Korea** Edward L. Daily, 1999 The actual objective of this book is to provide tho the American public the brief existence and history of the X Corps during the early stages of the Korean War The title part of the book Inchon to the Yalu is significant to the very important amphibious operations made by the 1st Marine Division and the 7th Infantry Division In later operations the 3rd Infantry Division would become part of the X Corps **The General Vs. the President** World Watch Media, 2016-12-23 The General vs the President General MacArthur vs President Truman Book Preview Truman relieving General Douglas MacArthur caused a bit of an uproar amongst the American public His motives were to limit the conflict in Korea resulting in his decision to remove MacArthur General MacArthur was full of ego and flair and issues between the two were inevitable When the Korean war first began in June of 1950 MacArthur had fantastic military strategies and maneuvers up his sleeve He used these to keep South Korea protected from communist invaders in North Korea MacArthur urged to enact a policy to defeat North Korean forces entirely Truman agreed but did so warily as he was aware the People's Republic of China may feel threatened and join the fight During October of 1950 MacArthur assured Truman that the Chinese wouldn't interfere Directly afterwards in November and December Chinese troops burst into the American lines hundreds of thousands of soldiers preventing American forces from entering North Korea MacArthur requested the use of bombs against communist China as well as to utilize Taiwanese forces to fight the People's Republic of China When Truman denied him these requests their public disagreement began [Pictorial History of the Korean War](#)

Douglas MacArthur, 2012-07-01 *The Graphic Record Of The United Nations Forces In Action Throughout Every Phase Of The Korean Conflict* **The Riddle of MacArthur** John Gunther, 1951 **MacArthur in Asia** Hiroshi Masuda, 2012-10-05

General Douglas MacArthur's storied career is inextricably linked to Asia. His father Arthur served as Military Governor of the Philippines while Douglas was a student at West Point and the younger MacArthur would serve several tours of duty in that country over the next four decades becoming friends with several influential Filipinos including the country's future president Emanuel L. Quezon. In 1935 he became Quezon's military advisor a post he held after retiring from the U.S. Army and at the time of Japan's invasion of 1941 As Supreme Commander for the Southwest Pacific MacArthur led American forces throughout the Pacific War. He officially accepted Japan's surrender in 1945 and would later oversee the Allied occupation of Japan from 1945 to 1951. He then led the UN Command in the Korean War from 1950 to 1951 until he was dismissed from his post by President Truman. In *MacArthur in Asia* the distinguished Japanese historian Hiroshi Masuda offers a new perspective on the American icon focusing on his experiences in the Philippines, Japan and Korea and highlighting the importance of the general's staff the famous Bataan Boys who served alongside MacArthur throughout the Asian arc of his career to both MacArthur's and the region's history. First published to wide acclaim in Japanese in 2009 and translated into English for the first time this book uses a wide range of sources American and Japanese official records and oral histories to present a complex view of MacArthur one that illuminates his military decisions during the Pacific campaign and his administration of the Japanese Occupation.

Korea and the Fall of MacArthur Trumbull Higgins, 1960 It goes without saying that the nature of the Korean War has accentuated enormously the controversy between the Truman Administration and General MacArthur. Indeed with the passage of time the war itself has become the focus of contemporary debate. It was not a war that mobilized the emotional and physical energies of the entire American people. Not only was it a limited war it was a most peculiar kind of limited war. It was an undeclared war against an unidentified enemy. Its aims were generally uncomprehended possibly because they were never adequately explained by the Truman Administration. And the conduct of the war was as equivocal as its purpose.

Preface *MacArthur's Korean War Generals* Stephen R. Taaffe, 2016-03-14 Wedged chronologically between World War II and Vietnam the Korean War which began with North Korea's invasion of South Korea in June of 1950 possessed neither the virtuous triumphalism of the former nor the tragic pathos of the latter. Most Americans supported defending South Korea but there was considerable controversy during the war as to the best means to do so and the question was at least as exasperating for American army officers as it was for the general public. A longtime historian of American military leadership in the crucible of war Stephen R. Taaffe takes a close critical look at how the highest ranking field commanders of the Eighth Army acquitted themselves in the first decisive year in Korea. Because an army is no better than its leadership his analysis opens a new perspective on the army's performance in Korea and on the conduct of the war itself. In that first year the Eighth Army's leadership ran the gamut from impressive to lackluster a surprising unevenness since so

many of the high ranking officers had been battle tested in World War II Taaffe attributes these leadership difficulties to the army's woefully unprepared state at the war's start, army personnel policies and General Douglas MacArthur's corrosive habit of manipulating his subordinates and pitting them against each other. He explores the personalities at play, their pre-war experiences, the manner of their selection, their accomplishments and failures, and of course their individual relationships with each other and MacArthur. By explaining who these field corps and division commanders were, Taaffe exposes the army's institutional and organizational problems that contributed to its up and down fortunes in Korea in 1950-1951. Providing a better understanding of MacArthur's controversial generalship, Taaffe's book offers new and invaluable insight into the army's life and death struggle in America's least understood conflict.

Operational Art In The Korean War: A Comparison Between General MacArthur And General Walker Major Remco van Ingen, 2015-11-06

This monograph addresses operational art during a specific period of the Korean War. Both General Walton Walker and General Douglas MacArthur developed operational approaches to unify Korea when the decision was made to cross the 38th parallel into North Korea. General MacArthur's approach used two major ground commands, was more daring but more complicated. General Walker, on the other hand, suggested an approach under one unified ground commander, seemed more methodical and less daring. Ultimately, General MacArthur's approach was the one executed. The X Corps amphibious assault did not bring the anticipated result. The outloading of X Corps in preparation for the assault took longer than anticipated, and the enemy had mined the sea approaches to Wonsan. These two factors combined with an unsynchronized ground attack by I ROK Corps eliminated the chance of a successful envelopment. The monograph provides insight into the relationship between the commander's personality, his previous operational experiences, and his preference for a particular type of operational approach.

Macarthur's War Bevin Alexander, 2013-05-07

General Douglas MacArthur was highly skilled and world famous as a military commander. Under his leadership, after World War II, Japan was rebuilt into a democratic ally. But during the Korean War, in defiance of President Harry S. Truman and the Joint Chiefs of Staff, he pushed for an aggressive confrontation with Communist China, a position intended to provoke a wider war regardless of the consequences. While MacArthur aspired to stamp out Communism across the globe, Truman was much more concerned with containing the Soviet Union. The infamous clash between them was not only an epic turning point in history but the ultimate struggle between civil and military power in the United States. While other U.S. generals have challenged presidential authority, no other military leader has ever so brazenly attempted to dictate national policy. In *MacArthur's War*, Bevin Alexander details MacArthur's battles from the alliances he made with Republican leaders to the threatening ultimatum he delivered to China against orders, the action that led directly to his downfall.
