Macbeth William Shakespeare, 2005-01-01 In this new translation of Voltaire's Candide distinguished translator Burton Raffel captures the French novel's irreverent spirit and offers a vivid contemporary version of the 250 year old text Raffel recreates Voltaire's stylistic brilliance by casting the novel into an English idiom that had Voltaire been a twenty first century American he might himself have employed The translation is immediate and unencumbered and for the first time makes Voltaire the satirist a wicked pleasure for English speaking readers Candide recounts the fantastically improbable travels adventures and misfortunes of the young Candide his beloved Cungegonde and his devoutly optimistic tutor Pangloss Endowed at the start with good fortune and every prospect for happiness and success the characters nevertheless encounter every conceivable misfortune Voltaire's philosophical tale in part an ironic attack on the optimistic thinking of such figures as Gottfried Leibniz and Alexander Pope has proved enormously influential over the years In a general introduction to this volume historian Johnson Kent Wright places Candide in the contexts of Voltaire's life and work and the Age of Enlightenment

**Shakespeare's Political Imagination** Philip Goldfarb Styr, 2021-11-04 Shakespeare's Political Imagination argues that to better understand Shakespeare's plays it is essential to look at the historicism of setting how the places and societies depicted in the plays were understood in the period when they were written This book offers us new readings of neglected critical moments in key plays such as Malcolm's final speech in Macbeth and the Duke's inaction in The Merchant of Venice by investigating early modern views about each setting and demonstrating how the plays navigate between those

contemporary perspectives Divided into three parts this book explores Shakespeare's historicist use of medieval Britain and Scotland in *King John* and *Macbeth* ancient Rome in *Julius Caesar* and *Coriolanus* and Renaissance Europe through Venice and Vienna in *The Merchant of Venice* *Othello* and *Measure for Measure* Philip Goldfarb Styrt argues that settings are a powerful component in Shakespeare's worlds that not only function as physical locations but are a mechanism through which he communicates the political and social orders of the plays Reading the plays in light of these social and political contexts reveals Shakespeare's dramatic method how he used competing cultural narratives about other cultures to situate the action of his plays These fresh insights encourage us to move away from overly localized or universalized readings of the plays and re discover hidden moments and meanings that have long been obscured

Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work early modern race scholarship and adaptation theory Theorizing a link between adaptation and intersectionality it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories Available to expanding audiences via digital media platforms these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time By engaging contemporary representations of race ethnicity gender sexuality disability and class adaptation not only creates artefacts that differ from their source texts but also facilitates the conditions in which race and its intersections in the plays become visible At the centre of this analysis stand two landmark 21st century history adaptations that use non traditional casting the British TV miniseries *The Hollow Crown* 2012 2016 and the American independent film *H4* 2012 an all Black Henry IV conflation In addition to demonstrating how the 21st century screen history illuminates both past and present constructions of embodied difference these works provide a lens for reassessing two history adaptations from Shakespeare's 1990s box office renaissance when actors of colour were first cast in cinematic versions of the plays As exemplified by these formal adaptations reappropriations of race in history non traditional Shakespearean casting practices are also currently shaping digital culture's conversations about race in non Shakespearean period dramas such as *Bridgerton*
