Making Room At The Table An Invitation To Multicultural Worship:

Making Room at the Table Brian K. Blount, Leonora Tubbs Tisdale, 2000-01-01 The church is not exempt from cultural divisions and battle lines are drawn today over issues related to culture and worship This collection of articles by faculty members at Princeton explore the multicultural challenges facing the contemporary church about worship and include discussions of cultural perspectives liturgical elements youth and worship and theological fidelity amidst differing cultural traditions *Christian Preaching and Worship in Multicultural Contexts* Eunjoo Mary Kim, 2017-07-27 Can Christian preaching and worship in multicultural contexts be more faithful to the Christian gospel and more meaningful and memorable to worshipers In this book Eunjoo Mary Kim explores this theological and liturgical concern and proposes a paradigm shift from monocultural to multicultural worship This volume will help preachers and worship leaders as well as homiletics and liturgics scholars seek theological and biblical wisdom for the practice of Christian preaching and worship in multicultural contexts Kim also provides homiletical and liturgical insights into this practice By integrating this paradigm shift ministers and worshipers can participate in a life worthy of living together in our multicultural world The 6 Marks of Progressive Christian Worship Music Bryan J. Sirchio, 2012-08-30 Something about the lyrics of many of the hit contemporary Christian worship songs is at best problematic for many clergy persons in mainline denominations Sometimes the songs are downright offensive theologically to the pastor Often the problem is rooted in a theological nuance or doctrine that the pastor does not embrace Sometimes these contemporary worship songs use too many Christian buzz words or clichés or phrases that the pastor deliberately avoids in every other aspect of the liturgy Often the problem is that the new songs show no sensitivity at all to things like inclusive language or the theological challenges of doctrines like penal substitutionary atonement Sometimes the pastors feel that most of these new songs lack substance that they're too sugary too individualistic and too other worldly Sometimes there's an emotional tone to this contemporary worship music that might work well in another kind of church but which just doesn't feel authentic in a traditional or mainline congregation Now I would imagine that at least some of you began to glaze over a bit as you attempted to read those last few paragraphs Or maybe you didn't fully understand some of the terms I just used If so don't worry that's why I wrote this book If you have no idea what things like penal substitutionary atonement or inclusive language are about this book will help you understand what these terms mean and why it's important to your pastors for you to know your way around these issues and concepts a bit as you seek new songs to bring into the worship life of your congregation And I promise I'll do my best to use down to earth language that you'll be able to easily understand without a seminary education **One Body, One Spirit** George Yancey, 2009-09-20 When the church began an amazing diversity of people from different geographic cultural and linguistic backgrounds gathered together to confess a common faith in Jesus Christ The apostle Paul cast a vision of one body where Jew and Gentile would worship together in unity The Revelation to John likewise foreshadows an eternal future where all nations will join together

at the throne of the Lamb Sadly Christianity has not often lived up to this ideal The history of the church has been marked by continued segregation ethnic strife and racial division But at the dawn of a new millennium hopeful signs of change are emerging As society diversifies local churches find themselves interacting with people from every tribe and tongue But not every church is equipped to handle the realities of ethnic and racial diversity in their congregational life Sociologist George Yancey's groundbreaking research on multiracial churches offers key principles for church leaders who want to minister to people from a variety of racial and cultural backgrounds Insights from real life congregations provide concrete examples of how churches can welcome those who have been marginalized giving people of all heritages a sense of ownership and partnership in the life of the church Based on data from a landmark Lilly Endowment study of multiracial churches across America this volume offers insights and implications for church leadership worship styles conflict resolution and much more Here is an essential resource for pastors and church leaders committed to cultural ethnic and racial reconciliation in their congregations

Vulnerability and Resilience Jione Havea, 2020-01-28 In *Vulnerability and Resilience* vulnerability is not the final word Rather resilience provides the cutting edge and living breath in the stories of subjects who are vulnerable And they have many stories stories of being trapped in bodies teachings and or situations that make them and others like them vulnerable to discrimination hatred and rejection stories of being trapped because of their bodies theologies and or cultures and stories of being trapped for no good reason For subjects who are vulnerable life is like a maze of traps and stories of resilience keep them going The contributors to *Vulnerability and Resilience* refuse to be trapped At the intersection of body and liberation theologies they tell their stories in the hope that they will expose cultures that make individuals and communities vulnerable and that those stories will encourage vulnerable subjects to be resilient and bring change to theological institutions that conserve vulnerability Because of the location of the contributors the Americas Africa Asia Europe Caribbean and Oceania this book is a testimony that vulnerability is present all over the world and that resilience is a liberating alternative

The Power of Stories Rev. Jacqueline J. Lewis, 2010-09-01 Most congregational leaders find it difficult to resist the dominant cultural expectation that different cultural and ethnic groups should stick to themselves especially when it comes to church But some congregational leaders have learned the secrets of breaking out of these expectations to bring together communities of faith that model God's radical inclusiveness What makes the difference Jacquie Lewis explains that it resides in the stories these leaders tell stories about who they themselves are and what the communities they lead are about These leaders are able to embrace the multiple complex stories within these diverse communities hearing in the many voices a particular echo of the living voice of the gospel In this book Lewis shares with the reader examples of congregational leaders who have successfully overcome the challenges of leading multicultural congregations and the lessons that can be learned from them Jacqueline J Lewis is Senior Minister for Vision Worship and the Arts at Middle Collegiate Church in New York

Branded Faith Rajkumar Dixit, 2010-06-07 Christianity may be the greatest

story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society

A Space for Grace Johan Cilliers, 2016-02-25 Although the act of preaching may take on various forms Johan Cilliers professor in Homiletics and Liturgy at Stellenbosch University's Faculty of Theology takes a look at preaching as being an event in space and time Aesthetical theological concepts such as space and time are innovatively combined with the sensory experiences like preaching as hearing and as seeing *A Space for Grace* truly is an inspiring aesthetic combination of academic reflection art works and sermons

Melodies of a New Monasticism Craig Gardiner, 2018-03-09 The New Monastic Movement is a vibrant source of renewal for the church's life and mission Many involved in this movement have quoted Dietrich Bonhoeffer's conviction that the church must recover ancient spiritual disciplines if it is to effectively engage the powers that be *Melodies of a New Monasticism* adopts a musical metaphor of polyphony the combination of two or more lines of music to articulate the way that these early Christian virtues can be woven together in community Creatively using this imagery this book draws on the theological vision of Bonhoeffer and the contemporary witness of George MacLeod and the Iona Community to explore the interplay between discipleship doctrine and ethics A recurring theme is the idea of Christ as the *cantus firmus* the fixed song around which people perform the diverse harmonies of God in church and world including worship ecumenism healing peace justice and ecology

Practical Theology Richard R. Osmer, 2008-07-02 Every church congregation encounters challenging situations some the same the world over and others specific to each church Richard Osmer here seeks to teach congregational leaders including but not limited to clergy the requisite knowledge and skills to meet such situations with sensitivity and creativity Osmer develops a framework for practical theological interpretation in congregations by focusing on four key questions What is going on in a given context Why is this going on What ought to be going on and How might the leader shape the context to better embody Christian witness and mission The book is unique in its attention to interdisciplinary issues and the ways that theological reflection is grounded in the spirituality of leaders

Useful accessible and lively with lots of specific examples and case studies Osmer's Practical Theology effectively equips congregational leaders to guide their communities with theological integrity

Abingdon Theological Companion to the Lectionary Paul Scott Wilson, 2012 Preach theologically informed sermons using this companion to the readings in Year C of the Revised Common Lectionary

Preaching as Poetry Paul Scott Wilson, 2014-08-19 It is tempting for preachers in this digital age of plurality and diversity to offer quick sound bites and PowerPoint style presentations These tend to invite a yes or no response as in mathematical equations But if we are to reach Christians across the theological spectrum and invite non Christians to seriously consider our faith we must take a different approach What is needed is greater attention to poetry and images meant to communicate the beauty of the faith and the wonder and mystery of God in everyday life We must communicate the unity of our message of faith the divine as truth and justice and healing as expressions of God Preaching as poetry theopoetic preaching allows for the bold imagery of scripture and the gentle invitation of art Sermons can no longer always be neatly tied up perfectly linear with complete answers to every question In Preaching as Poetry Paul Scott Wilson teaches why this new approach is necessary today and demonstrates with multiple examples how it works in real sermons He skillfully guides the reader to incorporate the classical values of beauty goodness and truth in every sermon and in ways that connect with congregants and listeners today

Gather Into One C. Michael Hawn, 2003 valuable gift from other cultures to our own 7 sung prayers that can broaden the ways we pray and sing together in corporate worship His extensive research leads to some intriguing proposals with Hawn encouraging diverse expressions of worship endorsing the church musician as a worship 3enliverer 4 and making a case for 3polyrhythmic worship 4 in our churches A unique resource Gather into One demonstrates the spiritual riches to be gained through multicultural worship and makes a

Preaching Paul Dr. Brad R. Braxton, 2010-08-01 Helpful and insightful strategies for preaching from the writings of Paul Few biblical figures are more compelling to preachers than the apostle Paul The story of his dramatic conversion on the road to Damascus is a favorite example of the way that God turns lives around His writings contain the earliest witness we have to the Christian gospel His message of God's offer of grace in the life death and resurrection of Jesus Christ is deeply appealing So why is it that when it comes time to choose a text for this Sunday's sermon preachers so often choose something other than Paul When Brad Braxton asked himself that question he realized that preachers are often daunted by the size and complexity of the Pauline corpus Drawing on his expertise as a New Testament scholar and homiletics professor as well as on his experience as a pastor Braxton offers the reader tools with which to wrestle more effectively with the complex yet essential message of Paul Eschewing either a solely historical approach or a completely spiritual one the author brings the two together to explore the meaning of Paul's message in its original context as well as its contemporary application Written with imagination and depth of understanding this book is for anyone who wishes to know Paul better and to preach from his letters more effectively

Prophetic Liturgy Tercio Junker, 2014-02-07 The primary purpose of Prophetic Liturgy is to inquire into the prophetic

dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God's gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God's gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshipping community with prophetic awareness of socio economic injustice while at the same time preserving the community's historical cultural identity its religious values and its sacramental spirituality

Glimpses of the New Creation W. David O. Taylor, Jeremy Begbie, 2019-09-03 How do the arts in worship form individuals and communities Every choice of art in worship opens up and closes down possibilities for the formation of our humanity Every practice of music every decision about language every use of our bodies every approach to visual media or church buildings forms our desires shapes our imaginations habituates our emotional instincts and reconfigures our identity as Christians in contextually meaningful ways generating thereby a sense of the triune God and of our place in the world Glimpses of the New Creation argues that the arts form us in worship by bringing us into intentional and intensive participation in the aesthetic aspect of our humanity that is our physical emotional imaginative and metaphorical capacities In so doing they invite the people of God to be conformed to

Christ and to participate in the praise of Christ and in the praise of creation which by the Spirit's power raises its peculiar voice to the Father in heaven for the sake of the world that God so loves *Distance in Preaching* Michael

Brothers, 2014-09-22 Based on several years of teaching and careful observation in preaching classes this book by Michael Brothers explores the benefits of distance in preaching and listening to sermons Having noticed that sermon listeners generally want to be given room for their own interpretations and experiences Brothers argues that critical and aesthetic distance as a hermeneutical tool is vital to hearing the gospel today and should be intentionally employed in sermon construction and delivery He explains this distance in the field of homiletics equips teachers and students of preaching to evaluate the function of distance in sermons and encourages preachers to practice the use of distance in their preaching

The Future Shape of Christian Proclamation Cleophus J. LaRue, Luiz C. Nascimento, 2020-08-03 Christianity is turning brown and moving south The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty first century Well over half of the world's Christians now live in the Global South Africa Asia and Latin America They are according to Aberdeen missiologist Andrew Walls the new Representative Christians What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future The Future Shape of Christian Proclamation seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years
