# Making Sense Of Nietzsche Reflections Timely And Untimely

**Richard Schacht**

## **Making Sense Of Nietzsche Reflections Timely And Untimely:**

Making Sense of Nietzsche Richard Schacht, 1995 In these essays by an acclaimed Nietzsche scholar Nietzsche emerges as no mere polemicist and iconoclast but rather as a genuine philosopher one of those rare thinkers whose thought opens the way to new understanding of things of great importance particularly with respect to human life and its enhancement Clearly explains some of the debates in Nietzsche scholarship Schacht does much to avoid professional tunnel vision and invite nonprofessionals to think about Nietzsche Kathleen Higgins author of Nietzsche's Zarathustra An excellent summary and response to the current Nietzsche wars I like the way that Schacht personally attempts to expound and explain Nietzsche and take on various would be experts and mistaken commentators Robert C Solomon Quincy Lee Centennial Professor University of Texas

**Making Sense of Nietzsche** Richard Schacht, 1995      **Making Sense of Nietzsche** Richard Schacht, 1978

*Historical Dictionary of Nietzscheanism* Carol Diethe, 2013-12-19 Few philosophers have been as popular prolific and controversial as Friedrich Nietzsche who has left his imprint not only on philosophy but on all the arts Whether it is his concept of the *Übermensch* or his nihilistic view of the world Nietzsche's writings have aroused enormous interest as well as anathema in scholars for centuries This third edition of *Historical Dictionary of Nietzscheanism* covers the history of this philosophy through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 hundred cross referenced entries on his major writings his contemporaries and his successors This book is an excellent access point for students researchers and anyone wanting to know more about Friedrich Nietzsche

**Nietzsche on Gender** Frances Nesbitt Oppel, 2005 Although Nietzsche has been considered by some critics to be a misogynist for his treatment of woman women and the feminine Frances Nesbitt Oppel offers a radical reinterpretation of the philosopher's ideas on sex gender and sexuality In *Nietzsche on Gender Beyond Man and Woman* she argues that a closer reading of Nietzsche's texts and rhetorical style especially his use of metaphor and irony as well as his letters and notes shows that he was strategically and deliberately dismantling dualistic thinking in general not only the logical hierarchies of western thought God human heaven earth mind body reason emotion ethos pathos but also the assumed gender opposition of man woman In the process she pulls the rug out from under the accusation of his alleged misogyny Oppel's is the first study to combine recent speculations in gender study and queer theory with an in depth analysis of Nietzsche's texts This approach enables her to break through the impasse in feminist studies that has stalled for so long on the question of his misogyny to redirect attention to the importance he gives to human creativity and self fashioning rather than convention and to gesture toward a future human sexuality beyond rivalry and resentment in favor of a sensual materialism in relationship with others and the earth Oppel concludes that for Nietzsche breaking the gender barrier liberates human beings as individuals and as a species to love themselves each other and their earthly home as they choose By emphasizing the physical and material stuff of human existence bodies and the earth she says Nietzsche reclaims for all humanity concepts that have been traditionally

associated with woman and the feminine No longer seen as a strong masculine hero Nietzsche's superman becomes a supreme human achievement the complete acceptance of time change and mortality in which human beings will possess the best characteristics of each gender in themselves Nietzsche on Gender should be equally engaging for readers interested in Nietzsche in particular and in sexual politics and in philosophy and literature more generally **Nietzsche** Wolfgang Müller-Lauter,1999 This is the first translation into English of a milestone in Nietzsche interpretation Wolfgang Müller-Lauter examines Nietzsche's doctrines of the will to power and the overman in light of Nietzsche's philosophy of real contradictions He shows that Nietzsche's vision of inherently contradictory wills to power is the source of irresolvable contradictions in his philosophy Müller-Lauter has remained at the forefront of German Nietzsche studies throughout the quarter century since this book first appeared This long awaited translation containing two substantial subsequent essays is a major addition to the English language Nietzsche literature *Nietzsche's Philosophical Context* Thomas H Brobjer,2010-10-01 Friedrich Nietzsche was immensely influential and counter to most expectations also very well read An essential new reference tool for those interested in his thinking Nietzsche's Philosophical Context identifies the chronology and huge range of philosophical books that engaged him Rigorously examining the scope of this reading Thomas H Brobjer consulted over two thousand volumes in Nietzsche's personal library as well as his book bills library records journals letters and publications This meticulous investigation also considers many of the annotations in his books In arguing that Nietzsche's reading often constituted the starting point for or counterpoint to much of his own thinking and writing Brobjer's study provides scholars with fresh insight into how Nietzsche worked and thought to which questions and thinkers he responded and by which of them he was influenced The result is a new and much more contextual understanding of Nietzsche's life and thinking

Nietzsche's Philosophy of Life Affirmation Michael J. McNeal,2024-12-23 This anthology broadly examines the interrelated roles of art science and experimentation in Nietzsche's philosophical project It is divided into two parts the first organized around the theme of experimentally reconceiving our world the second investigating the aforementioned subjects in Nietzsche's free spirit or middle period works Together the essays comprising the book underscore Nietzsche's concern that experimentation with values ultimately provide humankind with a new wherefore or purpose Wide ranging in its scope this volume brings together a diverse group of scholars working in both the analytic and continental traditions to provide original insights into Nietzsche's thought A unique contribution to the scholarship it deepens understanding of the relationship between Nietzsche's critiques of art and science the role this relationship plays in his futural thought and the experimental life affirming practices that his free spirit project may enable toward the transfiguration of humankind

Nietzsche's Ethics and his War on 'Morality' Simon May,1999-12-02 Simon May presents a fresh and wide ranging critique of Nietzsche's famous attack on traditional morality and of his controversial ethics of life enhancement He reveals Nietzsche as both revolutionary and conservative as one who repudiates traditional moral conceptions of God guilt asceticism

pity and truthfulness and yet retains a demanding ethics of discipline conscience self creation generosity and honesty In particular May shows how Nietzsche rejects truthfulness as an unconditional value and yet celebrates it as one of his own highest values whose worth is determined by who is pursuing it for what end and when in their lives May is strongly critical of various aspects of Nietzsche's thought his self-defeating conception of justice his assumption that life enhancement necessarily demands world affirmation his ambition to deify the world and the impossible and undesirable autonomy of the *Übermensch* But Nietzsche is shown to offer modernity key elements of a coherent ethic and to provide moral philosophy with important tools for reassessing some of its most cherished values and concepts May's book will be illuminating not just for scholars and students of Nietzsche in philosophy literature and history of ideas but for anyone interested in current debates about ethics and modernity

Nietzsche and the Necessity of Freedom John Mandalios, 2008-01-01 Can one think of freedom and responsibility simultaneously despite Nietzsche's philosophical critique of truth and morality John Mandalios argues that Nietzsche's account of our all too human existence shows the preponderance of master and slave forms of value of ethical life and of their vicissitudes across time and space

**Nietzsche as Stylist** Martine Béland, 2024-05-14 Although he had a short career German philosopher Friedrich Nietzsche was a prolific writer publishing seventeen books in the span of seventeen years Convinced that style must live he focused obsessively on a wide variety of factors that could potentially affect readers' uptake of his work from the craft of preface writing to punctuation choices to the aesthetics of book jackets Nietzsche as Stylist traces the emergence of the philosopher's idiosyncratic writing style as he experimented with various rhetorical approaches Introducing a contextual and historical sensibility to readings of Nietzsche's published and unpublished works as well as his correspondence his journal entries and other documents he interacted with such as reviews of his work the book highlights how Nietzsche's style evolved in relation to his life and world Martine Béland situates his writings within contemporaneous debates about the professionalization of academia by resisting what he felt was an anti-philosophical climate Nietzsche developed a synesthetic and performative style hoping that his philosophical ideas could engage diverse readers in multiple ways Through careful stylistic and contextual analysis Nietzsche as Stylist explores how Nietzsche cultivated skills as a rhetorician and a writer to bring philosophy into a wider field of attention thought and experience

Heidegger, Education, and Modernity Michael A. Peters, 2002-07-31 Martin Heidegger is perhaps the most controversial philosopher of the twentieth century Little has been written on him or about his work and its significance for educational thought This unique collection by a group of international scholars reexamines Heidegger's work and its legacy for educational thought Thematically the collection focuses on Heidegger's critique of modernity and contributors investigate the central significance for education of Heidegger's ontology and his investigation of the question of the meaning of Being by examining his art of teaching a translation of his submission to the denazification hearing his view of science and reason his philosophy of technology his poetics and the implications of his thought for learning These essays point to the crucial

importance of Heidegger's work for understanding modern highly technologized forms of education and for the possibilities of redemption from its worst excesses

**Nietzsche's Noble Aims** Paul E. Kirkland, 2009-01-01 This innovative volume presents an account of Nietzsche's claims about noble life affirming ways of life analyzes the source of such claims and explores the political vision that springs from them The result is an illuminating discussion of how through his philosophical confrontation with modernity Nietzsche aims to move his readers toward a noble embrace of life

**Nietzsche's Sister and the Will to Power** Carol Diethe, 2023-02-03 A penetrating study of the sister who betrayed and endangered her famous brother's legacy In 1901 a year after her brother Friedrich's death Elisabeth F rster Nietzsche published *The Will to Power* a hasty compilation of writings he had never intended for print In *Nietzsche's Sister and the Will to Power* Carol Diethe contends that F rster Nietzsche's own will to power and her desire to place herself not her brother at the center of cultural life in Germany are centrally responsible for Nietzsche's reputation as a belligerent and proto Fascist thinker Offering a new look at Nietzsche's sister from a feminist perspective this spirited and erudite biography examines why Elisabeth F rster Nietzsche recklessly consorted with anti Semites from her own husband to Hitler himself out of convenience and a desire for revenge against a brother whose love for her waned after she caused the collapse of his friendship with Lou Salom The book also examines their family dynamics Nietzsche's dismissal of his sister's early writing career and the effects of limited education on intelligent women Diethe concludes by detailing F rster Nietzsche's brief marriage and her subsequent colonial venture in Paraguay maintaining that her sporadic anti-Semitism was like most things in her life an expedient tool for cultivating personal success and status A volume in the series *International Nietzsche Studies* edited by Richard Schacht

**Nietzsche on Language, Consciousness, and the Body** Christian J. Emden, 2010-10-01 Nietzsche and the philosophy of language have been a well trafficked crossroads for a generation but almost always as a checkpoint for post modernism and its critics This work takes a historical approach to Nietzsche's work on language connecting it to his predecessors and contemporaries rather than his successors Though Nietzsche invited identification with Zarathustra the solitary wanderer ahead of his time for most of his career he directly engaged the intellectual currents and scientific debates of his time Emden situates Nietzsche's writings on language and rhetoric within their wider historical context He demonstrates that Nietzsche is not as radical in his thinking as has been often supposed and that a number of problems with Nietzsche disappear when Nietzsche's works are compared to works on the same subjects by writers of the 18th and 19th centuries Further the relevance of rhetoric and the history of rhetoric to philosophy and the history of philosophy is reasserted in consonance with Nietzsche's own statements and practices Important in this regard are the role of fictions descriptions and metaphor

**Nietzsche's Epic of the Soul** T. K. Seung, 2005-01-01 The author deciphers Nietzsche's most enigmatic work as Zarathustra's epic campaign to save secular culture from degradation in the godless world In this epic reading the ostensibly atheistic work turns out to be a profound religious text This revelation is breathtaking and edifying

*Sartre, Nietzsche and*

*Non-Humanist Existentialism* David Mitchell, 2020-04-11 This book argues that existentialism's concern with human existence does not simply make it another form of humanism Influenced by Heidegger's 1947 Letter on Humanism structuralist and post structuralist critics have both argued that existentialism is synonymous with a naïve humanist idea of the subject Such identification has led to the movement's dismissal as a credible philosophy this book aims to challenge such a view Through a lucid and thought provoking exploration of the concept of perversity in Sartre and Nietzsche Mitchell argues that understanding the human as a perversion of something other than itself allows us to have a philosophy of the human without the humanist subject In short through perversion we can talk about the human as not merely having a relation to the world but of being that relation With an explicit defence of Sartre against the charge of humanism accompanied by a novel and distinctive reinterpretation of Nietzsche Mitchell recovers an existentialism that is at once both radical and philosophically relevant

**Nietzsche and Science** Thomas H. Brobjer, 2017-05-15 Nietzsche and Science explores the German philosopher's response to the extraordinary cultural impact of the natural sciences in the late nineteenth century It argues that the science of his day exerted a powerful influence on his thought and provided an important framework within which he articulated his ideas The first part of the book investigates Nietzsche's knowledge and understanding of specific disciplines and the influence of particular scientists on Nietzsche's thought The second part examines how Nietzsche actually incorporated various scientific ideas concepts and theories into his philosophy the ways in which he exploited his reading to frame his writings and the relationship between his understanding of science and other key themes of his thought such as art rhetoric and the nature of philosophy itself

**Nietzsche and the Transcendental Tradition** Michael Steven Green, 2002 By tracking Nietzsche's thought through the philosophical influences upon him Green establishes a significant new foundation from which to assess Nietzsche's place in modern philosophy and culture

Nietzsche's Culture of Humanity Jeffrey Church, 2015-09-11 Nietzsche scholars have long been divided over whether Nietzsche is an aristocratic or a democratic thinker Nietzsche's Culture of Humanity overcomes this debate by proving both sides wrong Jeffrey Church argues that in his early period writings Nietzsche envisioned a cultural meritocracy that drew on the classical German tradition of Kant and Herder The young Nietzsche's culture of humanity synthesized the high and low the genius and the people the nation and humanity Nietzsche's early ideal of culture can shed light on his mature period thought since Church argues Nietzsche does not abandon this fundamental commitment to a cultural meritocracy Nietzsche's Culture of Humanity argues that Nietzsche's novel defense of culture can overcome some persisting problems in contemporary liberal theories of culture As such this book should interest Nietzsche scholars political theorists and philosophers interested in modern thought as well as contemporary thinkers concerned with the politics of culture

## Reviewing **Making Sense Of Nietzsche Reflections Timely And Untimely**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Making Sense Of Nietzsche Reflections Timely And Untimely**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
