Making the Small Church Effective

In a big world, the small church has remained INTIMATE. In a fast world, the small church has been STEADY. In an expensive world, the small church has remained PLAIN. In a complex world, the small church has remained SIMPLE. In a rational world, the small church has kept FEELING. In a mobile world, the small church has been an ANCHOR. In an anonymous world, the small church CALLS US BY NAME.

Making The Small Church Effective

Anthony G. Pappas

Making The Small Church Effective:

Making the Small Church Effective Carl S. Dudley, 1978 What makes the small church so reliably steady closely intimate and beautifully simple a worthy model of the Christian church Carl S. Dudley affirms the main cause as lying within the minds of the church members *Effective Small Churches in the Twenty-first Century* Carl S. Dudley, 2003 Dudley's work in *Making the Small Church Effective* 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual's sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation's sense of unity and that motivate its members to more faithfully live out their faith

The Strategically Small Church Brandon J. O'Brien, 2010-08-01 Brandon O'Brien helps pastors and church leaders understand that a smaller church is sometimes better than a big one He demonstrates the strengths of small congregations including that today's church shoppers want services that are local personal and intimate Also small churches provide space to nurture close relationships across age and lifestyle barriers and they facilitate a higher level of commitment from laypeople And small church budgets are often more effective because of greater efficiency *The Strategically Small Church* will encourage small church pastors in their ministries and challenge them to play to their strengths **The Everychurch Guide to Growth** Elmer L. Towns, C. Peter Wagner, Thom S. Rainer, 1998-08-01 Shows churches of every size how to revive and expand their ministries breaking through barriers and growing into the future **Indispensable Guide for Smaller Churches** David R. Ray, 2009-06-01 This book complements the author's earlier titles from The Pilgrim Press *The Big Small Church Book* and *Wonderful Worship in Smaller Churches* Ray expands on the earlier works by treating such subjects as communal theology theories and tools for understanding smaller churches worship education and finance His vision is to lead even smaller churches toward the year 2030 **Religious Education in the Small Membership Church** Dr. Nancy T. Foltz, 2013-08-01 RELIGIOUS EDUCATION IN THE SMALL MEMBERSHIP CHURCH is a comprehensive resource aimed at making religious education more effective all along the line in small churches From a living ecology of solid theory and proven research this book develops exciting possibilities and helpful procedures to maximize religious education opportunities in small church settings Packaged with this volume is a huge wall chart summarizing highly important information on religious education in small membership churches *The Book of Church Growth* Thom S. Rainer, 1998-09-01 The Church Growth Movement has divided devout Christians Even though Rainer is an advocate his aim here is to present an objective view of the movement its history the theology associated with it and the principles which seem to separate churches that grow from those that don't *The Living Church*, 1944 *Effective Small Churches in the Twenty-First Century* Carl S. Dudley, 2010-09-01 Dudley's work in *Making the Small Church Effective* 1978 broke new ground

in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith Big Lessons from Little Places Kay Collier

McLaughlin,2015-04 Churchwide discussions on structure and growth tend to focus on the importance of increasing butts in the pews and bucks in the plates Suggestions have been made on merging smaller dioceses to create larger ones and closing the doors of congregations which do not have Sunday attendance of at least 200 This is a model of scarcity without consideration of the value and abundance to be found in small churches Discover the roles possibilities promise and potential of being a small church Travel with Kay Collier McLaughlin as she takes the back roads and byways of the United States visiting small churches that are making a difference in their community Each chapter tells a story about an example of faithfulness in the life of a small congregation and relates that story to the essentials of faithful living and being church The book challenges the decision makers in the Episcopal Church to think beyond traditional measures and shortterm economic fixes to discover the life giving opportunities and models presented by the smallest congregations Ministry in the

Countryside: Revised Expanded Edition Andrew Bowden,2003-05-15 Some years ago Faith in the Countryside the report of the Archbishop s Commission on Rural Areas Acora was launched at Lambeth Palace It was widely accepted as a good document and a worthy companion to Faith in the City But while it seemed to put the rural Church on the agenda it failed to come up with acceptable ministerial solutions Andrew Bowden s book offers a model for future rural ministry which is practical positive and a much needed follow up to the Commission s report He recognises that although rural dioceses have taken new initiatives rural clergy and congregations need an overall vision and a practical strategy This excellent handbook is as significant as the report itself for the future of rural ministry It is now reissued with an expanded text to take recent developments fully into account *Your Church Can Grow* C. Peter Wagner,2001-01-11 Is your church healthy and growing or stagnant and dying If your church is afflicted with remnant theology spiritual naval gazing pastoral timidity hyper

cooperativism or terminal ethnikitis changes are it s already dying on the vine On the other hand if your church is growing it s probably ad healthy church Healthy churches like healthy people says the author exhibit certain vital signs Wagner has his own list of 7 signs that lead can be taken as leading to good health and gives many illustrations of churches that exhibit and or don t exhibit those signs Back cover *Small Church, Excellent Ministry* Jeffrey C. Farmer,2017-12-21 Pastors of smaller membership churches have a huge calling They are responsible for changing the world Rather than look at the small number of members in their congregations as a limitation pastors should view their congregations as an elite force able to impact their communities for the Kingdom of God *Small Church Excellent Ministry* is a handbook designed for pastors serving in

smaller membership churches This book will help you to conduct your ministry with excellence Written by practitioners and professors the information provided in this book is on the vanguard of pastoral ministry and is useful for training pastors to be leaders of their churches

Making a Good Church Great Steve Sjogren, 2010-02-25 Bestselling author Steve Sjogren untangles the complex jumble commonly known as greatness in today s megachurch mega everything world As a successful pastor he launched the servant evangelism movement but along the way he discovered that significance was not where or what he thought it would be Now in a very practical book he focuses on genuine greatness Is it the size of the sanctuary The number of new believers baptized each year The youth attendance The quantity of bestselling books the pastor has written The list of television shows radio shows or podcasts the pastors appears on Or is it something more What is the buzz on good churches that become great in God s eyes Sjogren argues that greatness is not a point at which you arrive rather it is an ongoing process of worshipping serving and living in God s presence It not a slick program rather it is a family a hospital an army and a school When God is present his people are empowered When God empowers his people a good church becomes great
