Boutwell**

Making Sense Of Criminology:

Making Sense of Criminal Justice G. Larry Mays, Rick Ruddell, 2007 As they learn about the criminal justice system students often hear that nothing works Enter *Making Sense of Criminal Justice* an innovative and insightful textbook that meets the needs of both criminal justice policy courses and undergraduate capstone courses sometimes called senior seminars Beginning with an outline of the crime control and due process models G Larry Mays and Rick Ruddell have organized the book around the three major components of the criminal justice system police courts and corrections This topical issues oriented approach encourages students to think critically about major dilemmas faced by participants in the system from issues of race and gender to the use of the death penalty Working from a balanced viewpoint the authors argue that criminal justice is inherently a political process they examine strategies that work those that do not work and those that represent a gray area between the two extremes Rather than providing students with the answers Mays and Ruddell challenge them to think critically about how we deal with situations such as the use of force by the police and offer a framework for lively classroom discussions and debates End of chapter key terms critical thinking review questions and recommended readings enhance students understanding of the material and aid in test preparation

Criminology: The Basics Sandra Walklate, 2016-08-05 Criminology is a discipline that is constituted by its subject matter rather than being bound by an agreed set of concepts or way of thinking This fully updated third edition of *Criminology The Basics* is a lively and engaging guide to this compelling and complex subject Topics covered include the history and development of criminology myths about crime and offenders the search for criminological explanation victims of crime and state crime crime prevention cybercrime and the future of crime control criminology and intersectionality This edition also includes new sections on genocide terrorism cultural victimology and Westo centric thinking Concise and accessible this book utilises chapter summaries exercise questions and lists of further reading to provide a perfect introduction to this subject

Criminology: The Basics Sandra Walklate, 2013-03-01 As crime continues to be a high profile issue troubling politicians the public and the media alike the study of criminology has boomed Providing an international and comparative introduction to the discipline *Criminology The Basics* is an accessible guide to the theoretical and practical approaches to the phenomena of crime Topics covered in this new edition include challenging myths about crime and offenders the search for criminological explanation thinking about the victim of crime introduction to critical criminology crime prevention and the future of crime control looking to the future cultural criminology and terrorism Easy to read concise and supported by a glossary of terms and pointers to further reading *Criminology The Basics* is a perfect introduction to this important and popular subject

An Introduction to Criminological Theory Marilyn McShane, 2013-09-13 First Published in 1997 This is a book about the different ways in which crime and criminal behaviour has been explained in modern times It will be seen that there are different explanations or theories which have been proposed at various times during the past 200 years by

among others legal philosophers biologists psychologists sociologists and political scientists

The Handbook of Criminological Theory Alex R. Piquero, 2015-08-25 An indispensable resource for all levels this handbook provides up to date in depth summaries of the most important theories in criminology Provides original cutting edge and in depth summaries of the most important theories in criminology Covers the origins and assumptions behind each theory explores current debates and research points out knowledge gaps and offers directions for future research Encompasses theory research policy and practice with recommendations for further reading at the end of each essay Features discussions of broad issues and topics related to the field such as the correlates of crime testing theory policy and prediction Clearly and accessibly written by leading scholars in the field as well as up and coming scholars

Questioning Crime and Criminology Moira Peelo, Keith Soothill, 2013-01-11 This is a text for criminology students designed to take them to the heart of the contradictions confusions and blurred boundaries around the subject of crime about what crime is about social regulation and control and about social responsibility It focuses on the key questions and issues underpinning them in contemporary definitions representations and explanations of crime It aims to question the platitudes and clichés surrounding public discussion of crime by acknowledging the individual social and political frameworks within which we explore crime and criminality

Criminology Tony Murphy, 2022-11-23 Criminology is a contemporary applied and critical criminology textbook that demonstrates the interdisciplinary nature of criminology and the links between criminological enquiry and wider social and global issues and processes Concise focused and engaging this second edition masterfully conveys the key issues and perspectives within criminology with ease and it is accompanied by a range of features to support and test student learning in each chapter Tony Murphy's accessible writing style and valuable expertise enables students to connect with core and emergent topics and themes within the field This fully updated new edition includes A brand new chapter on social harm beyond criminology inclusive of social murder structural violence social protest and its governance More social media focus Topical examples e.g. material on femicide in relation to counting crime the creation of new offences in relation to Covid and how this relates to the various definitions of crime the Afghanistan debacle and more This is an essential introductory text that provides the foundation needed for studies in criminology Tony Murphy is a Staff Tutor in Criminology at the Open University

International Handbook of Criminology Shlomo Giora Shoham, Paul Knepper, Martin Kett, 2010-02-23 The second handbook in the Shoham trilogy which includes the esteemed International Handbook of Penology and Criminal Justice and the upcoming International Handbook of Victimology this volume is a comprehensive treatment of criminology theory This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines Topics include social deviance research methods biological and physiological explanations personality types and family socialization processes The book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and

juvenile delinquency **Encyclopedia of Criminology** J. Mitchell Miller, Richard A. Wright, 2013-12-17 This three volume work offers a comprehensive review of the pivotal concepts measures theories and practices that comprise criminology and criminal justice No longer just a subtopic of sociology criminology has become an independent academic field of study that incorporates scholarship from numerous disciplines including psychology political science behavioral science law economics public health family studies social work and many others The three volume Encyclopedia of Criminology presents the latest research as well as the traditional topics which reflect the field s multidisciplinary nature in a single authoritative reference work More than 525 alphabetically arranged entries by the leading authorities in the discipline comprise this definitive international resource The pivotal concepts measures theories and practices of the field are addressed with an emphasis on comparative criminology and criminal justice While the primary focus of the work is on American criminology and contemporary criminal justice in the United States extensive global coverage of other nations justice systems is included and the increasing international nature of crime is explored thoroughly Providing the most up to date scholarship in addition to the traditional theories on criminology the Encyclopedia of Criminology is the essential one stop reference for students and scholars alike to explore the broad expanse of this multidisciplinary field **The Convenience of White-Collar Crime in Business** Petter Gottschalk, 2020-01-17 This book outlines the theory of convenience for white collar crime to explain what motivates and enables offenders providing a unique focus on white collar crime in the business context The theory of convenience suggests that the extent to which elite members commit and conceal economic crime is dependent on their extent of orientation towards convenience in problematic and attractive situations Chapters are organized along the main theoretical dimensions of economical motive organizational opportunity and personal willingness In addition this book Addresses a business audience by focusing on themes familiar to corporations Documents attitudes towards white collar crime among business students and future business leaders Analyzes how convenience orientation varies among individuals Analyzes autobiographies of convicted white collar offenders Demonstrates the various ways in which white collar crime occurs The Convenience of White Collar Crime in Business contributes to an increased understanding of white collar crime offering valuable insight in business education that supplements the traditional roles of topics like auditing and compliance in education and practice It is a useful resource for researchers and law enforcement and those involved in the detection prosecution and conviction of white collar offenders **Psychosocial Criminology** David Gadd, Tony Jefferson, 2007-09-18 This is a well written thought provoking and highly challenging book for anyone who claims to be a criminologist or for whom crime is of central concern It should be required reading on all undergraduate and post graduate criminology courses A truly innovative take on some well established criminological dilemmas Sandra Walklate Eleanor Rathbone Chair of Sociology University of Liverpool What makes people commit crime Psychosocial Criminology demonstrates how a psychosocial approach can illuminate the causes of particular crimes challenging readers to re think the similarities and differences

between themselves and those involved in crime The book critiques existing psychological and sociological theories before outlining a more adequate understanding of the criminal offender It sheds new light on a series of crimes rape serial murder racial harassment jack rolling mugging of drunks domestic violence and contemporary criminological issues such as fear of crime cognitive behavioural interventions and restorative justice Gadd and Jefferson bring together theories about identity subjectivity and gender to provide the first comprehensive account of their psychoanalytically inspired approach For each topic the theoretical perspective is supported by individual case studies which are designed to facilitate the understanding of theory and to demonstrate its application to a variety of criminological topics This important and lucid book is written primarily for upper level undergraduates postgraduates and teachers of criminology It is particularly useful for students undertaking a joint degree in criminology and psychology It will also appeal to critical psychologists psychoanalysts students of biographical methods and those pursuing social work training David Gadd is Senior Lecturer in Criminology at Keele University Tony Jefferson is Professor of Criminology at Keele University

The Nurture Versus Biosocial Debate in Criminology Kevin M. Beaver, J.C. Barnes, Brian B. Boutwell, 2014-01-31 The Nurture Versus Biosocial Debate in Criminology On the Origins of Criminal Behavior and Criminality takes a contemporary approach to address the sociological and the biological positions of human behavior by allowing preeminent scholars in criminology to speak to the effects of each on a range of topics Kevin M Beaver J C Barnes and Brian B Boutwell aim to facilitate an open and honest debate between the more traditional criminologists who focus primarily on environmental factors and contemporary biosocial criminologists who examine the interplay between biology genetics and environmental factors

Criminological Theory Marilyn D. McShane, Franklin P. Williams, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company

The Routledge Handbook of Qualitative Criminology Heith Copes, J. Mitchell Miller, 2015-03-02 Despite illustrious origins dating to the 1920s qualitative crime research has long been overshadowed by quantitative inquiry After decades of limited use there has been a notable resurgence in crime ethnography naturalistic inquiry and related forms of fieldwork addressing crime and related social control efforts The Routledge Handbook of Qualitative Criminology signals this momentum as the first major reference work dedicated to crime ethnography and related fieldwork orientations Synthesizing the foremost topics and issues in qualitative criminology into a single definitive work the Handbook provides a first look reference source for scholars and students alike The collection features twenty original chapters on leading qualitative crime research strategies the complexities of collecting and analyzing qualitative data and the ethical propriety of researching active criminals and incarcerated offenders Contributions from both established luminaries and talented emerging scholars highlight the traditions and emerging trends in qualitative criminology through authoritative overviews and lived experience examples Comprehensive and current The Routledge Handbook of Qualitative Criminology promises to be a sound reference source for academics students and practitioners as ethnography and fieldwork realize continued growth throughout the 21st

Century Corporate Conformance and the Social License Petter Gottschalk, Christopher Hamerton, 2025-08-04 The principal focus of *Corporate Conformance and the Social License A Criminological Perspective* is to enhance and broaden the criminological dialogue surrounding the role of and effect of corporate conformance as a key element in the maintenance of the social license to operate. The book posits that in recent years conformance has emerged as a key component in shaping corporate behaviour and informing corporate crises. With a series of widely publicised global scandals heightening awareness of extensive and serious repercussions revealing severe financial and environmental impacts, operational issues and even existential concerns. This has led to a growing body of research focusing on how such crises materialise, are perceived and might be strategically managed and prevented. The book foregrounds conformance as a proactive demonstration of adherence to contemporary ethical standards of globalized business practice, with the authors offering a novel perspective that considers conformance and associated normative pressures within a criminological framework. Here convenience theory is applied to analyse a series of important contemporary case studies, with the research illustrating how corporations and their stakeholders have used conformance to manage, maintain and, following periods of crisis, attempt to regain their corporate license to operate. The book further explores differences in strategic conformance responses in terms of perceptions and reactions from the public media and criminal justice system.

Research Handbook of Comparative Criminal Justice Nelken, David, Hamilton, Claire, 2022-09-15 With contributions from leading experts in the field, this timely *Research Handbook* reconsiders the theories, assumptions, values and methods of comparative criminal justice in light of the challenges and opportunities posed by globalisation, deglobalisation and transnationalisation.

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades, evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U.S. and internationally. Evolutionary paradigmatic shift has accompanied this surge in definitional, disciplinary and pragmatic terms. Though long identified as a leading sociological specialty area, criminology has emerged as a stand-alone discipline in its own right, one that continues to grow and is clearly here to stay. Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields. Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations, to and perspectives on the causes, effects and responses to crime. *21st Century Criminology: A Reference Handbook* provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths. The individual chapters have been designed to serve as a first look reference source for most criminological inquiries. Both connected to the sociological origins of criminology, i.e. theory and research methods, and the justice systems' response to crime and related social problems, as well as coverage of major crime types, this two-volume set offers a comprehensive

overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be *The Oxford Textbook on Criminology* Stephen Case, Steve Case, David Manlow, Philip Johnson, Kate Williams, Roger Smith, 2021 The Oxford Textbook on Criminology has been developed by a team of experts to equip you with the knowledge confidence skills and enthusiasm you need to achieve your full potential as a criminologist Back cover **Women, Violence, and the Media** Drew Humphries, 2009-04-15 Provocative collection of essays designed to give students an understanding of media representations of women s experience of violence and to educate a new generation to recognize and critique media images of women *Introductory Criminology* Marcus Felson, Mary A. Eckert, 2017-12-04 Introductory Criminology The Study of Risky Situations takes a unique and intuitive approach to teaching and learning criminology Avoiding the fragmentation of ideas commonly found in criminology textbooks Marcus Felson and Mary A Eckert develop a more practical readable structure that engages the reader and enhances their understanding of the material Their descriptive categories simultaneously broad and realistic serve better than the usual philosophical categories such as positivism and classicalism to stimulate students interest and critical thinking Short chapters each broken into 5 7 sections describe situations in which crime is most likely to happen and explain why they are risky and what society can and can t do about crime They create a framework to organize ideas and facts and then link these categories to the leading theories developed by criminologists over the last 100 years With this narrative to guide them students remember the material beyond the final exam This fresh new

text was created by two professors to address the main points they encounter in teaching their own criminology courses. Problems solved include reluctant readers, aversion to abstract thinking, fear of theory, and boredom with laundry lists of disconnected ideas. Felson, a leader in criminology theory with a global reputation for innovative thinking, and Eckert, an experienced criminal justice researcher, are uniquely qualified to reframe criminology in a unified arc. By design, they offer abstractions that are useful and not overbearing; their prose is readable, and their concepts are easy to comprehend and remember. This new textbook challenges instructors to re-engage with theory and present the essence of criminological thought for adult learners, coaching students to grasp the concept before any label is attached and allowing them to emerge with deeper understanding of what each theory means and offers. Lean with no filler or fluff like stock photos. Introductory Criminology includes the authors' graphics to crystallize and expand concepts from the text.
