Making Sense Of Wales A Sociological Perspective

Peter Hughes Jachimiak

Making Sense Of Wales A Sociological Perspective:

Making Sense of Wales Graham A S Day, 2002-07-30 Making Sense of Wales gives an account of the main changes that have taken place in Welsh society over the last fifty years as well as analysing the major efforts to interpret those changes By placing work done in Wales in the context of broader developments within sociological approaches over the period Graham Day demonstrates that there is a body of work on Wales worth considering in its own right as a specific contribution to sociology He also shows the relevance of sociological accounts of Wales for understanding contemporary empirical and theoretical concerns in social analysis Beginning with post war analysis which considered Wales in terms of regional planning and policy Day shows how more theoretically informed perspectives have come to the fore in recent years He also examines more contemporary developments such as gender and class transformations the emphasis on the centrality of the Welsh language for conceptions of Wales and Welshness as well as the impact of new forms of governance and questions of social exclusion

Making Sense of Wales Graham A S Day, 2002-07-30 Making Sense of Wales gives an account of the main changes that have taken place in Welsh society over the last fifty years as well as analysing the major efforts to interpret those changes By placing work done in Wales in the context of broader developments within sociological approaches over the period Graham Day demonstrates that there is a body of work on Wales worth considering in its own right as a specific contribution to sociology He also shows the relevance of sociological accounts of Wales for understanding contemporary empirical and theoretical concerns in social analysis Beginning with post war analysis which considered Wales in terms of regional planning and policy Day shows how more theoretically informed perspectives have come to the fore in recent years He also examines more contemporary developments such as gender and class transformations the emphasis on the centrality of the Welsh language for conceptions of Wales and Welshness as well as the impact of new forms of governance and questions of social exclusion

Rethinking Stateless Nations and National Identity in Wales and the Basque Country Sophie Williams, 2018-08-10 This book looks at the fundamental components of national identity as understood by ordinary nation members and the way in which it is mobilised by political elites Drawing on an original case comparison between Wales and the Basque Country the author suggests there are many commonalities between these two nations particularly around the fundamentals of their national identities However differences occur in terms of degree of intensity of feeling and around the politicisation of identity with more entrenched and hostile political positioning in the Basque Country than Wales Through a multi level comparison the book generates insights into national identity as a theoretical concept and in a stateless nation context It argues for national identity's intangible yet polemical nature looking at the primordialist way it is understood its permanence and importance coupled with its lack of everyday salience and consequent obligations

Policy and Strategy for Improving Health and Wellbeing Lesley Coles, Elizabeth Porter, 2011-06-02 As health policy at a national level has ever increasing impact on local health services it is essential that public health students understand how the development and

implementation of policy and strategy provide the framework for improving quality innovation productivity and prevention in the delivery of healthcare The book is divided into two sections with section one covering a strategic overview of national policies and section two giving specific local implementation of policy examples to support section one Case studies and examples will help the reader to understand the policy and strategy and to apply them to their local setting *Rockin' the Borders* Björn Horgby, Fredrik Nilsson, 2010-04-16 Rock music challenges hegemonic orders based on class gender nation ethnicity race or generation This volume investigates how rock has played an integral part in the formation of identities and life styles since the 1950 s Rock music is used as a wide concept including different genres e g rock n roll pop punk hip hop and blues Unlike most other books on rock music this volume focuses on how rock music becomes a part of everyday life and the formation of identities in a variety of European states such as England Finland Sweden and Wales the USA and also states that used to be on the other side of the Iron Curtain such as GDR and Czechoslovakia Thus it includes a comparative perspective based on temporal as well as spatial aspects that further deepen the understanding of how rock music and society are intertwined *Rockin the Borders* is an interdisciplinary volume the authors represent a variety of backgrounds History Ethnology Folklore Sociology and Sociology of Music thus presenting us with an interesting mix of theoretical perspectives and methods *Transforming Childcare and Listening to Families* Wendy Ball, 2013-01-15 This book draws on original research to consider the connections between childcare family lives and social policy The research located in Wales in the period following devolution concerns the capacity of policy to enhance family well being In interviews with mothers and fathers of young children their day to day childcare arrangements are explored through the themes of gender social networks material circumstances and neighbourhood resources This material provides a basis for an assessment of policy through interviews with policy makers The book identifies a significant gap between what matters to parents and what is currently being offered in policy and service provision *Families in a Global Context* Charles B. Hennon, Stephan M. Wilson, 2011-02-14 Learn what trends and factors are influencing families globally How are families the same or different around the world *Families in a Global Context* puts the similarities and differences into perspective presenting an in depth comparative analysis of family life in 17 countries around the world Contributors discuss different countries family life by using a standard framework to review major influences and patterns The framework allows readers to do comparative reflection across several countries on a variety of daily living elements including social and economic forces such as urbanization and modernization changes in gender courtship spousal patterns and war This book provides an informative illustration of current as well as future trends of family life worldwide Each chapter in *Families in a Global Context* describes customary types of family patterns within each country s social organization and culture Important social economic political and other trends are explored in detail and major ethnic religious or other subcultures are noted emphasizing marriage and family patterns that differ from the more typical ones The book is extensively referenced and includes tables to clearly

present data Countries explored in Families in a Global Context include European countries of Wales Sweden Germany Romania and Italy African countries of Sierra Leone South Africa and Kenya Middle Eastern countries of Turkey and Iran Asian and Oceanian countries of India China the Philippines and Australia Latin American countries of Brazil Mexico and Cuba Topics discussed for each country in Families in a Global Context include demographics mate selection patterns with an emphasis on the dynamics of couple formation marital roles the place and role of children and parenting in families socialization for gender roles differences in education employment and other opportunities major stressors affecting families coping and adaptation aging and life expectancy issues and much more Families in a Global Context is an insightful resource for researchers educators and advanced undergraduate and graduate students investigating comparative family topics of family life around the world and in cultural context

Museums and Migration Laurence Gourievidis, 2014-07-25 Recent decades have seen migration history and issues increasingly featured in museums Museums and Migration explores the ways in which museum spaces local regional national have engaged with the history of migration including internal migration emigration and immigration It presents the latest innovative research from academics and museum practitioners and offers a comparative perspective on a global scale bringing to light geo and socio political specificities It includes an extensive range of international contributions from Europe Asia South America as well as settler societies such as Canada and Australia Museums and Migration charts and enlarges the developing body of research which concentrates on the analysis of the representation of migration in relation to the changing character of museums within society examining their civic role and their function as key public arenas within civil society It also aims to inform debates focusing on the way museums interact with processes of political and societal changes and examining their agency and relationship to identity construction community involvement policy positions and discourses but also ethics and moralities

Linguistic Minorities in Democratic Context C. Williams, 2007-11-28 This blends discussion of the role of language minorities in politics with examples of language policy in a range of national contexts It discusses minority rights and language protection the policies of the state in privileging powerful majorities the opportunities and challenges of both devolution and globalization

From Depression to Devolution Leon Gooberman, 2017-02-01 Throughout the twentieth century Wales underwent rapid and far reaching economic upheavals on such a scale that few avoided their impacts from recessions war changing fortunes within the iconic steel and coal industries the rise and decline of manufacturing as well as the gradual rise to dominance of the service sector the changes were as dramatic as was the intensity of attempts to deal with their consequences Wales was a laboratory for government intervention in the economy ranging from the attraction of investment and the clearance of land made derelict by industry to the regeneration of urban areas This is the first book to focus on these actions and to outline why how and with what effect governments intervened and it contains timely commentary as economic performance remains one of the most important issues facing contemporary Wales

Remembering the Cultural Geographies of a Childhood

Home Peter Hughes Jachimiak, 2016-04-08 Using an innovative auto ethnographic approach to investigate the otherness of the places that make up the childhood home and its neighbourhood in relation to memory derived and memory imbued cultural geographies Remembering the Cultural Geographies of a Childhood Home is concerned with childhood spaces and children's perspectives of those spaces and consequentially with the personalised locations that make up the childhood family home and its immediate surroundings such as the garden the street etc Whilst this book is primarily structured by the author's memories of living in his own Welsh childhood home during the 1970s that is the auto ethnographic framework it is as much about living anywhere amid the remembered cultural remnants of the past as it is immersing oneself in cultural geographies of the here and now As a result Remembering the Cultural Geographies of a Childhood Home is part of the ongoing pursuit by cultural geographers to provide a personal exploration of the pluralities of shared landscapes whereby such an engagement with space and place aid our construction of cognitive maps of meaning that in turn manifest themselves as both individual and collective cultural experiences Furthermore touching upon our co habiting of ghost topologies Remembering the Cultural Geographies of a Childhood Home also encourages a critical exploration of children's spirituality amid the haunted cultural and geographical spaces and places of a house and its neighbourhood the cellar hallway parlour stairs bedroom attic shops cemeteries and so on

Children, Place and Identity Jonathan Scourfield, Bella Dicks, Mark Drakeford, Andrew Davies, 2006-09-27 In this the first sociology book to consider the important issue of how children identify with place and nation the authors use original research and international case studies to explore this topic in depth The book is rooted in original qualitative research the authors conducted with a diverse sample of children aged eight to eleven across Wales but this data is also located in the context of existing international research on place identity The book features analysis of lively exchanges between children on their local national and global identities politics language and race It engages with important social and political questions such as whether cultural distinctiveness can be preserved in a context of globalization whether we are destined to passively receive dominant representations of the nation or can creatively construct our own versions and whether national identities are necessarily exclusive Most importantly the book focuses on what local and national identities mean to children in an era of cultural and economic globalization Including material on racialization language politics class and gender Children Place and Identity will be a valuable resource to students and researchers of childhood studies and the sociology of childhood

Young British Muslims Nahid Afrose Kabir, 2012-03-14 In Britain's highly politicised social climate in the aftermath of the 7 7 London bombings this book provides an in depth understanding of British Muslim identity Nahid Kabir has carried out over 200 in depth semi structured interviews with young Muslims in five British cities London Leicester Bradford Leeds and Cardiff By emphasising the importance of biculturalism Kabir conveys a realistic and hopeful vision for their successful integration into British society

Swansea University Sam Blaxland, 2020-06 Swansea University Campus and Community in a Post War World

1945 2020 marks Swansea University's centenary. It is a study of post Second World War academic and social change in Britain and its universities as well as an exploration of shifts in youth culture and the way in which higher education institutions have interacted with people and organisations in their regions. It covers a range of important themes and topics including architectural developments, international scholars, the changing behaviours of students, protest and politics, and the multi-layered relationships that are formed between academics, young people and the wider communities of which they are a part. Unlike most institutional histories, it takes a bottom-up approach and focuses on the thoughts, feelings, and behaviours of people like students and non-academic staff who are normally sidelined in such accounts. As it does so, it utilises a large collection of oral history testimonies collected specifically for this book, and throughout it explores how formative, paradoxical and unexpected university life can be.

Affective Assemblages and Local Economies Joanie Willett, 2021-10-18. What becomes visible if we look at peripheral, deprived rural regions through the lens of a complex, adaptive assemblage? *Affective Assemblages and Local Economies* uses ethnographic research and qualitative interviews with members of the public and some policy makers to examine this question. Over a year-long project in Cornwall in the South West of the UK and the South West of Virginia, USA, the book considers what becomes visible if we understand the region through the words of ordinary people rather than planners and policy makers. Drawing on the Deleuzian affective assemblage, it builds the concept of the Region Assemblage to examine the deep interconnectedness between people, objects, organisations and the processes that we find in the regions that we observe.

Making Sense of Education Policy Geoff Whitty, 2002-05-10. This book is a very worthwhile read for teachers, student teachers and teacher educators. It would be encouraging if politically based policy makers were to digest its contents also. Citizenship, Social and Economics Education. I recommend this book as an enjoyable, thought-provoking and politically important read. *Widening Participation and Lifelong Learning*. This important book challenges current educational policies in England in a style for the most part easily accessible to a wide audience. Geoff Whitty's assertions are supported by a wide variety of research findings, and this is a book that should be of considerable interest to students of sociology and to all members of the teaching profession. Mark Pepper, *Equals*. The particular strength of this book is Geoff Whitty's grasp on, and insights into, the politics of education; he is able to bring to bear an authoritative perspective which is unrivalled in the United Kingdom. There is no other current book which compares in terms of the breadth and depth of this. Professor Stephen Ball, Institute of Education, University of London. This book represents a struggle by the director of the London Institute of Education, one of our foremost centres of teacher training and research in education, to understand what lies behind the education policies of recent governments. It is tempting to conclude that if a leading educational sociologist such as Geoff Whitty, who happens also to be brother of the former general secretary of the Labour party, has difficulty with this, there can be little hope for the rest of us. But now at least we have this personal odyssey to guide us. Bob Doe, *Times Educational Supplement*. This book aims to make sense of the changes in education policy over the past

decade using the resources of the sociology and politics of education The author shows that wider sociological perspectives can help us to appreciate both the limits and the possibilities of educational change Geoff Whitty illustrates this through studies of curriculum innovation school choice teacher professionalism and school improvement He considers how far education policy can be used to foster social inclusion and social justice and the book concludes with an assessment of New Labour education policy in these terms The book deals with education policy in England and Wales as well as making comparisons with contemporary education policy in other countries This book is relevant to students of education at masters and doctoral levels students of social policy and policy makers

Popular Music, Critique and Manic Street Preachers

Mathijs Peters, 2020-07-29 This book explores the ways in which popular music can criticise political social and economic structures through the lens of alternate rock band Manic Street Preachers Unlike most recent work on popular music Peters concentrates largely on lyrical content to defend the provocative claim that the Welsh band pushes the critical message shaped in their lyrics to the forefront Their music this suggests along with sleeve art body art video clips clothes interviews and performances serves to emphasise this critical message and the primary role played by the band's lyrics Blending the disciplines of popular music studies culture studies and philosophy Peters confronts the ideas of German philosopher and social critic Theodor W Adorno with the entire catalogue of Manic Street Preachers from their 1988 single Suicide Alley to their 2018 album Resistance is Futile Although Adorno argues that popular music is unable to resist the standardising machinery of consumption culture Peters paradoxically uses his ideas to show that Manic Street Preachers releases shape critical models with which to formulate social and political critique This notion of the critical model enables Peters to argue that the catalogue of Manic Street Preachers critically addresses a wide range of themes from totalitarianism to Holocaust representation postmodern temporality to Europeanism and from Nietzsche's ideas about self overcoming to reflections on digimodernism and post truth politics The book therefore persuasively shows that Manic Street Preacher lyrics constitute an intertextual network of links between diverse cultural and political phenomena encouraging listeners to critically reflect on the structures that shape our lives

The Jews of Wales

Cai Parry-Jones, 2017-06-01 This study considers Welsh Jewry as a geographical whole and is the first to draw extensively on oral history sources giving a voice back to the history of Welsh Jewry which has long been a formal history of synagogue functionaries and institutions The author considers the impact of the Second World War on Wales's Jewish population as well as the importance of the Welsh context in shaping the Welsh Jewish experience The study offers a detailed examination of the numerical decline of Wales's Jewish communities throughout the twentieth century and is also the first to consider the situation of Wales's Jewish communities in the early twenty first arguing that these communities may be significantly fewer in number and smaller than in the past but they are ever evolving

A Tolerant Nation?

, 2015-03-15 Combines historical and contemporary material Draws on historical sociological cultural and literary approaches Full revised and up to date edition of a classic book in the field Covers the whole

field in one volume Social Work in Wales Wulf Livingston, Jo Redcliffe, Atyd Quinn Aziz, 2023-06-27 This book is the first to examine what makes the Welsh context unique including the move towards joint children families and adult provision and the emphasis on early intervention partnership considerations

Getting the books **Making Sense Of Wales A Sociological Perspective** now is not type of inspiring means.
