## Mal Samaritano:

*¿Qué fue del buen samaritano?* Ha-Joon Chang, 2007 Es raro que aparezca un libro con una perspectiva nueva sobre asuntos mundiales pero el renombrado economista Ha Joon Chang tiene algunas cosas originales que decir sobre la globalización En teoría los países más ricos e instituciones como el FMI el Banco Mundial y la OMC quieren que todas las naciones se convierten en sociedades industriales modernas En la práctica sin embargo los que están arriba retiran la escalera hacia la riqueza por la que ellos mismos subieron Son malos samaritanos sus intenciones suelen ser nobles pero su ideología simplista de libre mercado y su incompreensión de la historia los lleva a imponer errores de política a otros **iNo valga la redundancia!** Juan Domingo Argüelles, 2021-03-08 Lo que nos toca escuchar y soportar todos los días Yo mismo El mutuo dilema Lo que tienes que leer antes de morir Lo bastante frecuente Lo actualmente en vigor Las falsas mentiras de las grandes multitudes El robo ilegal de productos orgánicos Repetir lo mismo sea un rumor no confirmado ras el catalago de errores en el uso común del español que Juan Domingo Argüelles elabora En Las malas lenguas este nuevo volumen continúa su recorrido por las expresiones que el descuido la insistencia en calcar formas de otras lenguas la pandemia de la corrección política y la simple ignorancia de las palabras y sus significados han sembrado en los medios informativos las redes sociales e incluso libros de toda índole Como se alaba el autor en su prólogo No valga la redundancia va dirigido a unos pocos millares de personas a quienes el cuidado del idioma les interesa sea porque es su ámbito profesional o bien su gozo además de su prodigioso instrumento de comunicación En esta ocasión se concentra en los sinsentidos y redundancias los pleonasmos y ultracorrecciones que leemos y escuchamos todos los días Con mordaz sentido del humor y un espíritu tan crítico como didáctico este libro es a la vez una obra de consulta y un divertido recordatorio de lo que ocurre cuando olvidamos ignoramos o desde amos la precisión en el lenguaje **Crises and Migration** Enrique Coraza de los Santos, Luis Alfredo Arriola Vega, 2022-09-08 This book critically examines the association between the notions of crisis and migration in the context of Latin America and from three different perspectives first it analyzes the discourses based on the concept of crisis employed by the media academic researchers civil society organizations and the state to frame human mobility issues second it investigates migrants agency under conditions of crisis and third it discusses whether migration crisis is a conjunctural or structural phenomenon in the region Chapters in this contributed volume investigate the crisis migration nexus in seven Latin American countries Argentina Brazil Colombia Costa Rica Mexico Nicaragua and Uruguay by discussing different human mobility phenomena such as the migrant caravans that departed from Central America bound to Mexico and the United States the Nicaraguan exodus caused by the political crisis in the country the perception of Venezuelan migrants in Colombia's media the presence of Caribbean migrants in Brazil Uruguay and Argentina Crisis and Migration Critical Perspectives from Latin America will be of interest to a wide range of social scientists interested in migration studies as well as to policy makers and civil society organizations This book offers a fresh look at the way we conceive represent and think

about the relationship between crisis and human mobility As the volume s contributions show a critical examination of the notion of crisis is a first step towards a more comprehensive understanding of the plight of present day migrants worldwide
