secondary scholarship devoted to the New York intellectuals the history of Partisan Review and Jewish studies Kadish positions herself in relation to Rahv in attempting to understand her own Jewish identity In tracing Rahv's personal political and literary evolution Kadish sheds light on such literary movements as modernism proletarian literature and Jewish writing as well as movements that defined American political history in the 20th century immigration socialism communism fascism the cold war feminism and the New Left

Going Home Through Seven Paths to Nowhere Katalin G. Kállay, 2003 This book is one of those rare combinations of intellectual brilliance stylistic clarity and sheer verve The book contains a series of major works of American short fiction by Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Henry James as occasions for a mode of reading in which the reader's aim is to establish an intimate relationship with the special arrangement of words in a text governed by a trust in a happy coincidence of moments in which one might recognize the words' relevance to one's life Dr Kállay calls this a good encounter a term she adopts from the writings of philosopher Stanley Cavell In her detailed theoretical introduction Dr Kállay lays bare her scholarly debt primarily to the writings of Cavell himself and to the work of literary critic Wolfgang Iser as she further develops and clarifies the idea of the good encounter Here she identifies the good encounter with a particular trope which appears within the tales themselves and which also

Reimagining the Bible Howard Schwartz, 1998-01-15 *Reimagining the Bible* collects a dozen essays by Howard Schwartz Together the essays present a coherent theory of the way in which each successive phase of Jewish literature has drawn upon and reimagined the previous ones The book is organized into four sections The Ancient Models The Folk Tradition Mythic Echoes Modern Jewish Literature and the Ancient Models Within these divisions each of the essays focuses on a specific genre ranging from Torah and Aggadah to Kabbalah fairy tales and the modern Yiddish stories of S Y Agnon and Isaac Bashevis Singer Arguing the important thesis that there is a continuity in Jewish literature which extends from the Biblical era to our own times over a period of more than 3 000 years this collection also serves as a guide to the history of that literature and to the genres it comprises

American Talmud Ezra Cappel, 2012-02-16 In *American Talmud* Ezra Cappel redefines the genre of Jewish American fiction and places it squarely within the larger context of American literature Cappel departs from the conventional approach of defining Jewish American authors solely in terms of their ethnic origins and sociological constructs and instead contextualizes their fiction within the theological heritage of Jewish culture By deliberately emphasizing historical and ethnographic links to religions religious texts and traditions Cappel demonstrates that twentieth-century and contemporary Jewish American fiction writers have been codifying a new Talmud an American Talmud and argues that the literary production of Jews in America might be seen as one more stage of rabbinic commentary
