Malawi Rdr;Kukula Ndi Mwambo Gwengwe J,1999-07-09 **River of Blood** J. M. Schoffeleers,1992 The culmination of years of fieldwork in southern Malawi River of Blood reconstructs the beginnings of the Mbona martyr cult follows its history to the present day and reveals the fascinating intersections of an indigenous belief system with European Christianity In the cult of Mbona the central African mythology of the snake that is beheaded to make the rains come has been combined with a more spiritual interpretation the snake has been transformed into a human martyr and redeemer According to the cult the rainmaker Mbona was tracked down by his enemies they cut off his head and his blood formed the River of Blood Mbona returned as a storm wind and asked that a shrine be dedicated in his name J Matthew Schoffeleers recounts how the Portuguese presence in Zambezia in the period 1590 1622 led to more than three decades of internecine warfare and caused the people of southern Malawi tremendous suffering In response to this political oppression and social upheaval Schoffeleers shows the people looked to Mbona their black Jesus for redemption Beyond reconstructing the cult s genesis Schoffeleers traces its recent history particularly in political context He provides texts of seven cult myths from different historical periods in both Chimanga and English His analysis presents the Mbona myth as a continuous social construction and deconstruction Emphasizing the impact of political and spiritual oppression on the cult he distinguishes between the differing versions of the myth preserved by the aristocracy and by the commonalty and demonstrates how these disparate views unite to preserve historical information In so doing he shows that cults serve as valuable repositories for historical information
