Malcolm Lowry's Volcano David Markson, 1978

The Kaleidoscopic Vision of Malcolm Lowry Nigel H.

Foxcroft, 2019-10-28 The Kaleidoscopic Vision of Malcolm Lowry Souls and Shamans is an interdisciplinary investigation of the multifaceted intuitive insight of international modernist writer Malcolm Lowry through an analysis of a selection of works and correspondence Nigel H Foxcroft analyzes his psychogeographic perception of the interconnectedness of East West cultures and civilizations in terms of pre Columbian Mesoamerican customs the Mexican Day of the Dead festival the Atlantis myth surrealism and Russian literary filmic and political influences He traces his intellectual efforts in pursuing philosophical and cosmic knowledge to bridge the gap between the natural sciences and the humanities This monograph identifies Lowry s attempts to reintegrate modernism with primitivism in his quest for an elixir of life for the survival of humanity on the brink of global catastrophe as indicated in In Ballast to the White Sea and Under the Volcano It also examines his sustained endeavors to attain psychoanalytical atonement with himself and his environment in Ultramarine Swinging the Maelstrom The Forest Path to the Spring and October Ferry to Gabriola It also discusses the odyssey on which Lowry and his literary protagonists embark to connect with the past and to gain a deeper insight into human nature in Dark as the Grave Wherein My Friend is Laid La Mordida and Through the Panama Scholars of cultural studies history humanities Latin American studies literature and Russian studies will find this book particularly useful

A Rhetorical Analysis of Under the Volcano Dana Grove, 1989 This is a rhetorical exploration of Malcolm Lowry s novel Under the Volcano which seeks to elucidate the techniques that Lowry employed to amplify the fragmentation of the Consul and his world It offers a critical examination of the book on a chapter by chapter basis for its techniques themes and sources This study seeks to provide a synthesis of what has been thought and said about the novel It also contains a comprehensive bibliography of other critical studies of Under the Volcano including book reviews

Malcolm Lowry's Volcano David Markson, 1978

Malcolm

Lowry Ronald Binns, 2024-10-01 Malcolm Lowry s Under the Volcano is now recognized as one of the major novels of the 20th Century whose breadth and experimental prose have influenced a wide range of contemporary writers This study originally published in 1984 considers the significance of the autobiographical elements in Lowry s writing in the context of his developing concern with fictionality and the romantic sensibility It gives special attention to his exotic many sided masterpiece and discusses the ways in which the narrative s reflexive games playing elements affect the representation of character history myth and magic It surveys Lowry s late experimental novels and stories and considers how their metafictional aspects anticipate some key interests of contemporary writing

Malcolm Lowry's Poetics of Space

Richard J. Lane, Miguel Mota, 2016-10-18 This collection focuses on Lowry s spatial dynamics from the psychogeography of the Letterist and the Situationist International through musical forms especially jazz cinema photography and spatial poetic writing to the spaces of exception bio politics and the creaturely It presents previously unpublished essays by both

established and new international Lowry scholars as well as innovative ways of conceiving of his aesthetic practice In each of the book's three sections critics engage in the notion of Lowry as a multi media artist who influenced and was deeply influenced by a broad range of modernist and early postmodernist aesthetic practices Acutely aware of and engaged in the world of film sensitive to the role of the graphical surface in advertising and propaganda and deeply immersed in a vast range of literary traditions and the avant garde Lowry worked within an intertextual space that is also a mediascape one which tends to transgress or at least exceed neatly controlled borders or aesthetic boundaries These new approaches to Lowry's life and work which make use of new and recent theoretical perspectives will encourage fresh debate around Lowry's writing Published in English **A Companion to Under the Volcano** Lawrence J. Clipper, Christopher

Ackerley, 2011-11-01 An item by item discussion of the innumerable often obscure details of Malcolm Lowry's novel this book comprises 1 600 notes covering some 7 000 specific points The notes are keyed to page numbers in the Penguin paperback and the two standard hardback editions The appendices include a glossary bibliography maps of the region and an index of motifs In their comprehensive but unpedantic commentary on the novel's complexities the authors emphasis is on the narrative level All points of obscurity are followed by an interpretation of fact Thus references are noted to films books places foreign languages and national and tribal histories Special attention is given to the literary mystical and Mexican background

The Voyage that Never Ends Sherrill E. Grace, 2011-11-01 Sherrill Grace shows how Malcolm Lowry's theme of a cyclical pattern of initiation repeated ordeals with failure and retreat followed by success and development which in turn gave way to fresh defeat influenced the structure narrative style and the symbolic pattern in his writing The author also includes an appendix in which she examines the elements of Conrad Aiken's fiction and prose that had a significant impact on Lowry's work Pursued by Furies Gordon Bowker, 2015-03-12 Malcolm Lowry was the troubled author of *Under the Volcano* 1947 a

brilliant novel about the last day of an alcoholic former British consul on the Mexican Day of the Dead the manuscript of which Lowry rescued from the flames when his fisherman's shack burned down in 1944 Lowry's other books were not always so lucky his first novel *Ulamarine* 1930 was stolen after four years composition and resurrected from a carbon copy another manuscript *In Ballast to the White Sea* was destroyed in the 1944 fire An early draft of *In Ballast* was discovered this century and published in 2014 Lowry's life like his work was often lost to chaos Gordon Bowker's 1994 biography is a masterful account of a life spent adrift **Joyce/Lowry** Patrick A. McCarthy, Paul Tiessen, 2021-10-21 While James Joyce was a central

figure of high modernism Malcom Lowry spoke for the next generation of modernist writers and despite his denials was almost certainly influenced by Joyce Wherever the truth lies there are correspondences and differences to be explored between Joyce and Lowry that are far more interesting than the question of direct influence Despite numerous differences their works have much in common verbal richness experimentation with narrative structure and perspective a fascination with cultural and historical forces as well as with the process of artistic creation and the inclusion of artist figures who are in

varying degrees ironic self portrayals The contributors to Joyce Lowry examine the relationship of these two expatriates writers both to each other and to broader issues in the study of literary modernism and its aftermath This collection embraces a variety of approaches The volume begins with a consideration of Joyce and Lowry as practitioners of Expressionist art and concludes with an essay on John Huston s cinematic interpretation of works by both writers In between are explorations of nationalism anti-Semitism syphilis mental illness and authorial design **This is Not a Tragedy** Françoise Palteau-Papin, 2011 How much of myself is in there It s all me Especially in Reader s Block all that personal stuff re Reader and or Protagonist ex wife ex girlfriends children lack of money isolation messed up life and or some items dictated by novelistic necessity and of course there is necessary invention there also e g a house at a cemetery but even little items like a couple of yellow stones from Masada or a reproduction of Giotto s Dante I plucked up whatever was ready at hand Is that laziness or is it what they speak of as using what one knows Take your pick David Markson To Françoise Palteau-Papin Book Jacket **Wandering through Guilt** Paola Di Gennaro, 2015-06-18 The first comprehensive study on the pattern of guilt and wandering in literature this book examines the relationship between the two complex concepts as they appear in twentieth century novels positing its methodological premises on archetypal criticism and both close and distant reading but also drawing on psychology anthropology mythology and religion This research deciphers a common paradigm and literary representation whose archetype within Western literature is found in the biblical figure of Cain while presenting a critical framework valid for boundary crossing comparative approaches From Graham Greene s *The Power and the Glory* and Malcolm Lowry s *Under the Volcano* to Wolfgang Koeppen s *Death in Rome* and Ōka Shōhei s *Fires on the Plain* this book is not merely a thematic study but an analysis of the literary phenomena that appear in those novels where the sense of guilt is controversially subjective or so collective as to be perceived as universal as is often the case with war and postwar literature Di Gennaro goes beyond the analysis of explicit rewritings of the story of Cain in order to uncover the monomyth through its rhetorical structures and mythical methods The wasteland with no religion the lost abandoned garden the classical and religiously corrupted city and the tropical cannibalistic island at war are the respective settings of these narratives where the issue is neither homelessness nor journeying but rather the desperate and futile movement toward self-consciousness or self-destruction After the Second World War much was silenced rather than left unsaid This study retraces those silent cries over history through the powerful literary marks of myths *Reinventions of the Novel*, 2021-11-01 The history of the Novel is a story of perpetual change so that its identity still remains open to question The sixteen articles in *Reinventions of the Novel* investigate connections differences and similarities in the Novel around the world for the past three hundred years Rather than searching for the essence of the genre they look for the formal and thematic patterns on which the novel thrives considering such matters as tradition and modernity realism rhetoric and identity tableau and spatiality and wondering whether epic and avant garde are not quite contradictory terms Close readings combined with historical overviews and

theoretical discussions open up new constellations in the history of the novel Untraditional cross readings are made between Rabelais and Jens Peter Jacobsen and between Balzac and Nicholson Baker Transformations of traditional modes of epic biography and Bildung are traced as far as Georges Perec and G nter Grass while canonical classics like Proust Joyce Richardson and Goethe are read in prosaic pragmatic and media specific contexts In the 1920s many people predicted the death of the novel now more than ever it seems to be the dominant literary form perhaps because it is the same yet always different

The Blinding Torch Brian W. Shaffer,1993 From the end of the nineteenth century until World War II questions concerning the ideal nature and current state of civilization preoccupied the British public In a provocative

work of both cultural and literary criticism Brian W Shaffer explores this debate showing how representative novels of five British modernists Joseph Conrad D H Lawrence James Joyce Virginia Woolf and Malcolm Lowry address the same issues that engaged such social theorists as Herbert Spencer Oswald Spengler Clive Bell and Sigmund Freud In examining the intersection of literary discourse and cultural rhetoric Shaffer draws on the interpretive strategies of Mikhail Bakhtin Terry Eagleton Clifford Geertz and others He demonstrates that such disparate fictions as Heart of Darkness The Secret Agent The Plumed Serpent Dubliners Ulysses Mrs Dalloway To the Lighthouse and Under the Volcano all portray civilization in the paradoxical image of blindness and insight obfuscation and enlightenment as a blinding torch that captivates the eye while it obscures the vision

Mark E. Smith and The Fall: Art, Music and Politics Mr Benjamin Halligan, Mr Michael Goddard, 2013-01-28 This volume offers a comprehensive range of approaches to the work of Mark E Smith and his band The Fall in relation to music art and politics Mark E Smith remains one of the most divisive and idiosyncratic figures in popular music after a recording career with The Fall that spans thirty years Although The Fall were originally associated with the contemporaneous punk explosion from the beginning they pursued a highly original vision of what was possible in the sphere of popular music While other punk bands burned out after a few years only to then reform decades later as their own cover bands The Fall continue to evolve while retaining a remarkable consistency even with the frequent line up changes that soon left Mark E Smith as the only permanent member of the group The key aspect of the group that this volume explores is the invariably creative unfailingly critical and often antagonistic relations that characterize both the internal dynamics of the group and the group's position in the pop cultural surroundings The Fall's ambiguous position in the unfolding histories of British popular music and therefore in the new heritage industries of popular culture in the UK from post punk to anti Thatcher politics to the Factory fiction of Manchester and on into Mark E Smith's current role as ageing enfant terrible of rock illustrates the uneasy relationship between the band their critical commentators and the historians of popular music This volume engages directly with this critical ambiguity With a diverse range of approaches to The Fall this volume opens up new possibilities for writing about contemporary music beyond traditional approaches grounded in the sociology of music Cultural Studies and music journalism an aim which is reflected in the variety of provocative critical approaches and writing styles that make up the volume
