**"The Events of October"** Gail Griffin, 2010-09-13 The true story of a murder suicide at Kalamazoo College and its rippling effects on the campus community. On a Sunday night during Homecoming weekend in 1999, Neene Odah lured his ex-girlfriend Maggie Wardle to his dorm room at Kalamazoo College and killed her at close range with a shotgun before killing himself. In the wake of this tragedy, the community of the small idyllic liberal arts college struggled to characterize the incident, which was even called the events of October in a campus memo. In this engaging and intimate examination of Maggie and Neene's deaths, author and Kalamazoo College professor Gail Griffin attempts to answer the lingering question of how could this happen to two seemingly normal students on such a close-knit campus. Griffin introduces readers to Maggie and Neene, a bright and athletic local girl and the quiet Iraqi American computer student, and retraces their relationship from multiple perspectives, including those of their friends, teachers, and classmates. She examines the tension that built between Maggie and Neene as his demands for more of her time and emotional support grew, eventually leading to their breakup. After the deaths take place, Griffin presents multiple reactions, including those of Maggie's friends who were waiting for her to return from Neene's room, the students who heard the shotgun blasts in the hallway of Neene's dorm, the president who struggled to guide a grieving campus, and the facilities manager in charge of cleaning up the crime scene. Griffin also uses Maggie and Neene's story to explore larger issues of intimate partner violence, gun accessibility, and depression on campus, as she attempts to understand the lasting importance of their tragic deaths. Griffin's use of source material, including college documents, official police reports, Neene's suicide note, and an instant message record between perpetrator and victim, puts a very real face on issues of violence against women. Readers interested in true crime, gender studies, and the culture of colleges and universities will appreciate *The Events of October*.

**Masters of True Crime** R. Barri Flowers, 2012 Spanning murder cases from the beginning of the twentieth century to today, *Masters of True Crime* is a must-read for fans of true crime and will also be compelling to mystery and thriller readers.

**The Narrow Way** Vivienne E. Perkins Ph.D., 2013-06-13 *The Narrow Way* is an honest account of a life fully lived under God's all-seeing eye. Although a memoir, it is not a conventional one. No reader will like everything in this book, but every reader struggling with some aspect of life—sexual abuse, marriage, militarism, prison, the loneliness of the American experience, the failure of democratic institutions, the quest for self-knowledge, the search for God—can find something

interesting and useful in it Opening with an examination of the long term damage done to sexually abused children Part One covers the problems of marriage the significance of dreams art and literature an insight into suffering an approach to understanding Scripture and the social impact Jesus had on His society via teachings that we are still refusing to take seriously In Part Two the author gives an overview of the impact of the so called Enlightenment a period that promised a better human type living in an improved world but that brought the human family instead to non stop high tech war making rampant resource consumption and an on coming social environmental and economic catastropheprecisely because Christians seduced by the products of the machine have steadily diluted their commitment to Christ who showed us the narrow way that leads to life The Narrow Waythe result of fifty years of hard study of the intellectual and social trends of the past 250 yearsis a challenging book Starting where theologian Reinhold Niebuhr left off it critiques the so called American way of life and calls for change

**Family Violence and Criminal Justice** Brian K. Payne,Randy R. Gainey,2014-09-25 The historical context of family violence is explored as well as the various forms of violence their prevalence in specific stages of life and responses to it made by the criminal justice system and other agencies The linkage among child abuse partner violence and elder abuse is scrutinized and the usefulness of the life course approach is couched in terms of its potential effect on policy implications research methods that recognize the importance of life stages trajectories and transitions and crime causation theories that can be enhanced by it

**Modelling the Criminal Lifestyle** Glenn D. Walters,2017-11-24 This book offers Walters s latest evolution of criminal lifestyle theory It introduces the concept of criminal thought content to illustrate how the potential interplay between what offenders think and their thought processes can greatly aid our understanding of both crime and criminals In this new study on criminal behaviour Walters calls for criminological theory to be placed within a broader scientific context and provides us with several key models which embrace constructs from numerous important theories including the general theory of crime social cognitive and social learning theories general strain theory psychopathic personality theories of crime and labelling theory Another unique aspect of this work is that it places lifestyle theory within a larger scientific framework namely nonlinear dynamical systems theory or chaos Seven principles from chaos theory are used to explain relationships and processes central to lifestyle theory and Walters uses this to draw conclusions on what affects criminal decision making and desistance from crime Highly original and innovative in scope this book will be useful to practitioners and scholars of criminal justice alike with chapters focussed on decision making assessment and intervention
