Malory Style And Vision In Le Morte Darthur:

Re-viewing Le Morte Darthur Kevin Sean Whetter, Raluca L. Radulescu, 2005 New articles offer a variety of fresh perspectives on some of the most important areas of Malory criticism Yale Studies in English Mark Lambert, 1898 **An Introduction to Malory** Terence McCarthy, 1991 Presents in very accessible form the explanatory material which students will require He is well informed about the basic issues in Malory scholarship and criticism and his approach is sound

REVIEW OF ENGLISH STUDIES This introduction to Morte Darthur outlines the book's basic character followed by a study of the key concepts of love loyalty sin and shame Malory's approach to his material is discussed as are his sources and his individual contribution finally Malory and his book are placed in their historical context Published in 1988 as *Reading the Morte Darthur* **Malory** Mark Lambert, 1975 **Malory's Morte D'Arthur** C. Batt, 2016-04-30 This study innovatively explores how Malory's Morte D'Arthur responds to available literary vernacular Arthurian traditions which the French defined as theoretical in impulse the English as performative and experimental Negotiating these influences Malory transforms constructions of masculine heroism especially in the presentation of Lancelot and exposes the tensions and disillusion of the Arthurian project The Morte poignantly conveys a desire for integrity in narrative and subject matter but at the same time tests literary conceptualizations of history nationalism gender and selfhood and considers the failures of social and legal institutionalizations of violence in a critique of literary form and of social order **English Literature in the Age of Chaucer** Dieter Mehl, 2014-06-11 Written in an engaging and accessible manner English Literature in the Age of Chaucer serves as both a lucid introduction to Middle English literature for those coming fresh to the study of earlier English writing and as a stimulating examination of the themes traditions and the literary achievement of a number of particularly original and interesting authors In addition to detailed and sensitive treatment of Chaucer's major works the book includes chapters on his chief contemporaries such as John Gower William Langland and the Gawain poet It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve as well as the interesting and original work of the Scottish poets Robert Henryson William Dunbar and Gavin Douglas who also claim Chaucer as their model Apart from the narrative poetry of Chaucer and his followers the book also contains chapters on the Middle English lyric Middle English prose including Mandeville's travels the most original and imaginative writings of the Middle English mystics in particular Julian of Norwich and Margery Kempe and Thomas Malory's impressive prose compilation of Arthurian stories *Contested Language in Malory's Morte Darthur* R. Lexton, 2014-06-18 Examining Malory's political language this study offers a revisionary view of Arthur's kingship in the Morte Darthur and the role of the Round Table fellowship Considering a range of historical and political sources Lexton suggests that Malory used a specific lexicon to engage with contemporary problems of kingship and rule *The Code of the Warrior* Shannon E. French, 2016-11-17 This revised and expanded second edition of *The Code of the Warrior* a book George R Lucas has described as groundbreaking and now part

of the Military Ethics canon takes the reader on a tour of warrior cultures and their values from the ancient Greeks and Romans to the barbaric Vikings and Celts from chivalric knights to Native American tribesmen from Chinese warrior monks pursuing enlightenment to Japanese samurai practicing death This new edition enhances these discussions with analyses of modern day warriors and examines the ethical dimensions of emerging military technology such as drones cyber warfare and bio enhanced troops A new chapter also addresses the Islamic warrior code both in its historic and modern implementations Drawing these historical traditions up to the present this book seeks a code for the warriors of today as they do battle in asymmetric conflicts both remotely and face to face against the scourge of global terrorism This book offers a comprehensive survey of historic and modern warrior cultures for students of military history philosophy and ethics Aspects of Malory Toshiyuki Takamiya, Derek Brewer, 1981 This volume of essays is aimed at advancing the appreciation of Malory an author who has always been enjoyed by the common reader but is still sometimes underestimated by the critics Despite an increasing number of articles on Malory there is a need for a general survey of recent research which Aspects of Malory provides The volume opens with a note by the late Professor Vinaver on Malory's prose and three essays on Malory's Englishness and his English sources including an essay by P J C Field which argues for an English rather than a French origin for the Tale of Gareth This is followed by two essays on Malory's French sources by Jill Mann and Mary Hynes Berry Terence McCarthy re-examines the sequence of the tales and three further essays look at the scribal and textual tradition of Malory's work in particular the relationship between the Winchester MS Caxton's printed version and the history of the MS Finally Richard R Griffith reconsiders the authorship question and proposes a long forgotten Thomas Malory as the most likely candidate There is a bibliography of recent research compiled by Professor Takamiya Full of sound scholarship TIMES LITERARY SUPPLEMENT **A Companion to Malory** Elizabeth Archibald, Anthony Stockwell Garfield Edwards, 1996 Malory's *Morte Darthur* text history and reception expertly appraised by international scholars This collection of original essays by an international group of distinguished medievalists provides a comprehensive introduction to the great work of Sir Thomas Malory which will be indispensable for both students and scholars It is divided into three main sections on Malory in context the art of the *Morte Darthur* and its reception in later years As well as essays on the eight tales which make up the *Morte Darthur* there are studies of the relationship between the Winchester manuscript and Caxton's and later editions the political and social context in which Malory wrote his style and sources and his treatment of two key concepts in Arthurian literature chivalry and the representation of women The volume also includes a brief biography of Malory with a list of the historical records relating to him and his family It ends with a discussion of the reception of the *Morte Darthur* from the sixteenth to the twentieth centuries and a select bibliography Contributors P J C FIELD FELICITY RIDDY RICHARD BARBER ELIZABETH EDWARDS TERENCE MCCARTHY CAROL MEALE JEREMY SMITH ELIZABETH ARCHIBALD BARBARA NOLAN HELEN COOPER JILL MANN DAVID BENSON A S G EDWARDS **Convention and the Individual in Medieval English**

Romance Lucy Brookes, 2025-04 Offers a nuanced reading of character and subjectivity in medieval romance via an exploration of its conventions Medieval romances can be characterised by their formulaic motifs predictable plots and stock figures and character types This book offers a fresh perspective on these conventions arguing that authors used them and the expectations they generate as a form of shorthand to interiority Understanding romance conventions in this way reveals that romance characters complex and often contradictory inner lives are made available precisely through the genre's narrative structures shapes and norms Drawing upon recent work in the History of Emotions and Affect Theory the author explores character and subjectivity in a variety of English romance texts from 1100 to 1500 such as *Amis and Amiloun* *Le Bone Florence of Rome* *The Squire of Low Degree* *Sir Orfeo* *Sir Gawain and the Green Knight* and Malory's *Le Morte Darthur* Through new readings of these texts the book demonstrates the contribution made by romance to the growing significance of the individual in fiction after the twelfth century by paying particular attention to the ways in which convention expectation and genre intersect with character formation and the representation of identity
