Man and Society in Calamity Pitirim A. Sorokin, Reprint Originally published New York E P Dutton 1942 *Man and Society in Calamity* Pitirim Aleksandrovich Sorokin, Irving Louis Horowitz, 2010 Reprint Originally published New York E P Dutton 1942 *Man and Society in Calamity. The Effects of War, Revolution, Famine, Pestilence Upon Human Mind, Behavior, Social Organization and Cultural Life* Pitirim Aleksandrovich Sorokin, 1943 **Man and Society in Calamity** PITIRIM A. SOROKIN, Hannah Arendt Distinguished Professor of Sociology and Political Science Irving Louis Horowitz, 2017-10-12 This is an age of great calamities War and revolution famine and pestilence are again rampant on this planet and they still exact their deadly toll from suffering humanity Calamities influence every moment of our existence our mentality and behavior our social life and cultural processes Like a demon they cast their shadow upon every thought we think and every action we perform In this classic volume Sorokin attempts to account for the effects these calamities exert on the mental processes behavior social organization and cultural life of the population involved In what way do famine and pestilence war and revolution tend to modify our mind and conduct our social organization and cultural life To what extent do they succeed in this and when and why do they prove less effective What are the causes of these calamities and what are the ways out In dealing with these problems Sorokin tries to give a detailed description of the typical effects of famine and pestilence war and revolution such as have repeatedly occurred in all major catastrophes of this kind To use academic language he attempts to formulate the principal uniformities regularly manifested during such calamities This book is a forgotten masterpiece of explanation and prediction It opened new fields of study and broadened the scope of existing specialties **Man and Society in Calamity** Pitirim Aleksandrovič Sorokin, 1946 **Man and Society in Calamity; The Effects of War, Revolution, Famine, Pestilence Upon Human Mind, Behavior, Social Organization and Cultural Life, by Pitirim A. Sorokin** Pitirim Aleksandrovich Sorokin, 1968 **Man and Society in Calamity** Pitirim Aleksandrovitch Sorokine, 1968 **Man and Society in Calamity** Pitirim Aleksandrovich Sorokin, 1946 **Putin's Wars** Marcel H. Van Herpen, 2024-01-03 This fully updated book offers the first systematic analysis of Putin's three wars placing the Second Chechen War the war with Georgia of 2008 and the war with Ukraine in their broader historical context Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin's wars were prepared and conducted and why they led to allegations of war crimes and genocide He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin's regime this study digs deep into the Kremlin's secret long term strategies Readable and clearly argued it makes a compelling case that Putin's regime emulates an

established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin s contemporary policies Van Herpen s work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

Ways & Power Of Love Pitirim A. Sorokin,2015-10-22 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin s genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done

Pitirim A. Sorokin: Rediscovering a Master of Sociology Emiliana Mangone,2023-09-12 Pitirim A Sorokin is a controversial figure in the history of sociology of which he remains one of the masters Those who read Sorokin today must however frame the historical reality experienced by the scholar his Russian and American experiences because the evolution of his thought had several phases that correspond to his personal family and professional lives he founded and directed the Department of Sociology at Harvard University for many years This Russian American sociologist argued that socio cultural phenomena must be studied following their dynamism in space and time since the constituent elements personality society and culture are constantly changing and cannot be studied separately Reviving his thought is not a form of celebration but a moment to reflect on how some sociology classics still have their relevance and how all too often they are forgotten This is why this book takes up his main conceptualizations by anchoring them to contemporary society whose transformations are often difficult to read and above all to highlight how the role of sociology as a science has in part lost sight of its ontological foundation as a service to humanity or public service The theoretical paths taken by Sorokin range from Social and Cultural Dynamics to Social Mobility and to many other topics such as man and society in calamities or love and altruism one of Sorokin s latest topics All these topics can revive the idea of a sociology that holds together the micro meso and macro dimensions and allows us to predict changes in society
