Man In The Maelstrom Of Modern Thought:

Political Economy and Christian Theology Since the Enlightenment A. Waterman, 2004-11-30 Political economy and Christian theology coexisted happily in the intellectual world of the eighteenth century During the nineteenth century they came to be seen as incompatible even mutually hostile In the twentieth century they went their separate ways and are no longer on speaking terms These fourteen essays by Anthony Waterman serve as snapshots of the history of this estrangement and illustrate the gradual replacement of the discourse of theology by that of economics as the rational framework of political debate Others have recently shown that both political economy and Christian theology are important though somewhat neglected elements in modern intellectual history This book is the first to combine these two lines of inquiry Man in the Maelstrom of Modern Thought Douglas Vickers, 1975 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 **Economics and Interdisciplinary Exchange** Guido Erreygers, 2001-04-12 This book documents exchanges between individual scientists and explores the boundaries between economics and neighbouring fields *The Presbyterian Journal* George Aiken Taylor, 1976 **How Beautiful Upon the Mountain** Edna Emma Craik, 1999 Levi Swanberg had no idea of the forces of darkness he was unleashing when he prepared to set off for Sweden to learn his grandfather's secret power nor did he anticipate the radiance of light he would discover soon after The inspiration of the Swanbergs story is to be found in their Christ like lives their gusto for witnessing and the impact they had on Cloe their next door neighbor and are still having generations later **Baptized Inflation** Ian Hodge, 1986 For about three decades from the mid 1930s until the mid 1960s the economic ideas of one man ruled the Western world John Maynard Keynes Even today his aging disciples have only recently begun to retire from university teaching in sufficient numbers so as to allow a serious debate in economics to reappear after half a century in the better universities Who is Douglas Vickers He is an obscure economics professor who wrote two books defending Keynesian economics in the name of the Bible These books never sold well but they became briefly popular in the economics departments of several equally obscure Christian colleges Baptized Inflation is a refutation of the writings of Douglas Vickers But it is more than this It is a Bible based critique of the monstrous lies of Keynesian economics and written in clear language unlike the books of Keynes and Vickers It also sets forth the biblical case for the free market economy Back cover **American Book Publishing Record**, 1975 **Christian Theology and Market Economics** Ian Rainy Lance Harper, Samuel Gregg, 2008 This unique work has a historical time span reaching from Aristotle to the modern day thus appealing to those interested in the history of ideas and economic thought as well as the links between theological and economic thought Subject Catalog, 1980 Library of Congress, 1980 Subject Catalog Library of Congress, 1980-10 **Modern Religious Thought**, 1903 *Library of Congress Catalogs* Library of Congress, 1976 **American Book Publishing Record Cumulative, 1950-1977** R.R.
